Industrial Aviation Management Martin Hinsch, 2018-09-07 This book outlines the structure and activities of companies in the European aviation industry The focus is on the design production and maintenance of components assemblies engines and the aircraft itself In contrast to other industries the technical aviation industry is subject to many specifics since its activities are highly regulated by the European Aviation Safety Agency EASA the National Aviation Authorities and by the aviation industry standard EN 9100 These regulations can influence the companies organization personnel qualification quality management systems as well as the provision of products and services This book gives the reader a deeper up to date insight into today s quality and safety requirements for the modern aviation industry Aviation specific interfaces and procedures are looked at from both the aviation legislation standpoint as well as from a practical operational perspective

Handbook of Aeronautical Inspection and Pre-Purchase Denny Pollard, 2005-12-20 If you are a prospective owner pilot broker or aviation mechanic or anyone who needs to know where to find information about the aviation airworthiness maintenance inspections and rules you ll find all the information you need in this one volume The following expert tips in this book will walk you through step by step without worrying if you are buying a hangar queen Every aspect about inspections mechanic privileges mechanic and owner responsibilities and what you should look for and inspect when choosing an aircraft Know where to find the tools to aid in research of the aircraft history specifications details on modifications and changes made through the years Type Certificate Data Sheets FAA Airworthiness Directives Supplementary Type Certificates Maintenance Alerts for each make and model aircraft and aircraft records This book documents the history experiences and hardships of purchasing aircraft It describes the difficult and hazardous situations demanding ingenuity resourcefulness and a lot of difficult hard work Denny s years of experience in the aviation field demonstrates a lesser known side of aviation that is from the mechanic s perspective This book is the first of its kind and once started compels the reader to continue to the last page Before you buy your next aircraft have an independent inspection completed by an Airframe and Powerplant mechanic Whether you are an American or overseas buyer you will be able to buy with confidence with a pre purchase inspection With your pre purchase inspection you should receive an extensive condition report verifying the condition and originality on the aircraft you wish to purchase The pre purchase should be able to tell you if the aircraft is currently airworthy and if the aircraft has been in an accident or been modified Along with the detailed report you should receive several photographs including pictures of the fuselage engine compartment and interior and close ups of areas of concern After the inspection the mechanic or agent for service should discuss this

information with you Are you aware the pre purchase agreement you sign may be the single most important document among the dozen or so documents sometimes required And which specific items should you include in your purchase agreement Has your aircraft Or the One That You Are Thinking About Purchasing been subjected to less than scrupulous inspection and maintenance practices over the years Sometimes even a very competent pre purchase inspection does not include a complete inspection of the aircraft records because it is often very time consuming to read them thoroughly Positively the most enlightening pre buy inspection is a good evaluation of the aircraft maintenance records A complete evaluation will identify the current status of the aircraft as required by 14 CFR 91 417 uncover time frames of no maintenance or lack of maintenance identify inaccurate engine cycle tracking as well as aircraft time tracking and reveal aircraft damage history Prospective purchaser is responsible for discovering discrepancies that can only be revealed by in flight evaluation such as flight characteristics proper functioning of navigational instrumentation avionics and autopilot The purpose of the Pre purchase Inspection is to protect the interest of the buyer it is not intended to be an Annual Airworthiness Inspection
