

Amoeba Sisters Video Recap: The Eleven Human Body Systems

1. Remember that your body is made up of millions of cells! Cells work together and perform various functions depending on their cell type. It is important to understand that cells are a part of an organism's levels of organization. Fill in the following chart and draw a picture that represents each level.

Level of Organization	Picture
Cells ↓	
Tissue ↓	
Organ ↓	
Organ System	

Each body system has many functions. In fact, each system has many more functions than what a seven minute video clip can cover! Below is a list of major overall body system functions. In each box, write the name of the body system that **best** fits the description. The wording is not necessarily identical to the video clip—you may need to think about these!
