Applied Jewish Values Sciences Psychology:

Applied Jewish Values in Social Sciences and Psychology Michael Ben-Avie, Yossi Ives, Kate Loewenthal, 2015-12-01 This volume interweaves concepts and methods from psychology and other social sciences with Jewish ideas and practices in order to address contemporary social issues This volume brings together pioneering research from scholars in such fields as psychology education and religious studies The authors integrate insights from Jewish texts and practices with the methods and concepts of the social sciences to create interventions that promote the well being of children adults families communities and society Divided into three sections Education Psychological Well Being Society and Beyond this book shows how this integrationist approach can deepen our understanding and generate new insights around pressing social challenges to impact positive change in the lives of people and communities

Culturally Competent Compassion Irena

Papadopoulos, 2018-04-17 Bringing together the crucially important topics of cultural competence and compassion for the first time this book explores how to practise culturally competent compassion in healthcare settings that is understanding the suffering of others and wanting to do something about it using culturally appropriate and acceptable caring interventions This text first discusses the philosophical and religious roots of compassion before investigating notions of health illness culture and multicultural societies Drawing this information together it then introduces two invaluable frameworks for practice one of cultural competence and one of culturally competent compassion and applies them to care scenarios Papadopoulos goes on to discuss how nurses in different countries understand and provide compassion in practice how students learn about compassion how leaders can create and champion compassionate working environments and how we can and whether we should measure compassion Culturally Competent Compassion is essential reading for healthcare students and its combination of theoretical content and practice application provides a relevant and interesting learning experience The innovative model for practice presented here will also be of interest to researchers exploring cultural competence and compassion in healthcare
