Bloomington Interview:

Barbara Morgan Curtis L. Carter, Barbara Brooks Morgan, 1988 **The Playboy Interview II** G. Barry Golson, 1983

Missed by the Recovery United States. Congress. Senate. Special Committee on Aging, 2012 *Couture & Commerce* Alexandra Palmer, Royal Ontario Museum, 2001 The 1950s were the golden years of haute couture captured by iconic images of glamorous models wearing dramatic clothes Yet the real women who wore these clothes adapted them to suit their own tastes altered them to extend their life and often could not bear to part with them long after the dresses had outlived their use This gorgeously illustrated book demonstrates why so many of these designs are still in existence and why we are fascinated by them fifty years later Couture and Commerce investigates how and why postwar couture fashion was important in its own day The Paris couture houses survived due to the enthusiasm of the North American fashion press and commercial buyers Alexandra Palmer traces the European haute couture trade with North America by following actual surviving couture dresses from the design house sketch through the model used in New York fashion shows and as a template for copies and knock offs and finally to the consumer Couture and Commerce is a remarkable mixture of accessible text color photographs of the original garments design house sketches and photographs retailers advertisements and society page images Weaving together analysis of the clothes and interviews with those who traded sold and wore couture Alexandra Palmer vividly recreates the 1950s fashion world *Wisecracker* William J. Mann, 1998 Here for the first time the stories of Hollywood s gay stars are seen in context with their times and with one another revealing a pattern of intimidation by the studios and ultimately the establishment of the Hollywood closet Alone among his contemporaries Ramon Novarro Cary Grant Tyrone Power Haines refused to play the game and so was booted out **Life in the White House** Robert P. Watson, 2012-02-01 This unique perspective on the White House one of the most readily identifiable structures in the world brings together the views of librarians journalists political advisers attorneys researchers and professors Filled with anecdotes little known facts and scholarly analysis the book shows how The People s House has been shaped and molded both architecturally and philosophically by the different administrations over the past 200 years Erudite and entertaining Life in the White House looks at the social history of the first family the creation of the president s home and efforts by first families to carve out a space for the important business of family while preserving the history of their famous residence This public museum and private residence which began as the result of a 500 Jefferson era architectural design contest now symbolizes one of the world s great superpowers The New York Supplement , 1899 Cases argued and determined in the Court of Appeals Supreme and lower courts of record of New York State with key number annotations varies *Basics Fashion Design 01: Research and Design* Simon Seivewright, 2012-02-09 Research is fundamental to the success of any fashion related project and in Research and Design you explore what research is and where to find inspiration **Have You Come Far?** Vaughan Grylls, 2018-11-01 We have all squirmed at an uncomfortable interview Vaughan Grylls has squirmed at more than most

Having had more interviews in his lifetime than anyone should reasonably expect Grylls with exemplary powers of recall recounts hilarious and often poignant years of painful interviews They range from childhood interviews for schools and then for colleges for university jobs for newspapers and even for the sack But Grylls has been on the other side of the desk as well as a teacher and finally as the director of an art college and this experience gives him a perspective on these excruciating rites of passage In this entertaining and enlightening expose of the interview room Grylls shows us all at whatever age what not to do Both an entertaining account of the life and work of a successful artist and educator who has held senior posts and been interviewed for others in both Ivy League and Cambridge Colleges as well as more modest institutions and also a self help book for anyone anticipating or planning for an interview The life lessons are gently imparted with humor and sensitivity while the critique of educational practice and the decline of the educational ideal is coruscating and vivid
