Bls 2013 Answer Guide:

The Big Lies of School Reform Paul C. Gorski, Kristien Zenkov, 2014-03-14 The Big Lies of School Reform provides a critical interruption to the ongoing policy conversations taking place around public education in the United States today By analyzing the discourse employed by politicians lobbyists think tanks and special interest groups the authors uncover the hidden assumptions that often underlie popular statements about school reform and demonstrate how misinformation or half truths have been used to reshape public education in ways that serve the interests of private enterprise Through a thoughtful series of essays that each identify one lie about popular school reform initiatives the authors of this collection reveal the concrete impacts of these falsehoods from directing funding to shaping curricula to defining student achievement Luminary contributors including Deborah Meier Jeannie Oakes Gloria Ladson Billings and Jim Cummins explain how reform movements affect teachers and administrators and how widely accepted mistruths can hinder genuine efforts to keep public education equitable effective and above all truly public Topics covered include common core standards tracking alternative paths to licensure and the disempowerment of teachers unions Beyond critically examining the popular rhetoric the contributors offer visions for improving educational access opportunity and outcomes for all students and educators and for protecting public education as a common good

Journalism Under Fire Stephen Gillers, 2018-08-07 A healthy democracy requires vigorous uncompromising investigative journalism But today the free press faces a daunting set of challenges in the face of harsh criticism from powerful politicians and the threat of lawsuits from wealthy individuals media institutions are confronted by an uncertain financial future and stymied by a judicial philosophy that takes a narrow view of the protections that the Constitution affords reporters In Journalism Under Fire Stephen Gillers proposes a bold set of legal and policy changes that can overcome these obstacles to protect and support the work of journalists Gillers argues that law and public policy must strengthen the freedom of the press including protection for news gathering and confidential sources He analyzes the First Amendment's Press Clause drawing on older Supreme Court cases and recent dissenting opinions to argue for greater press freedom than

the Supreme Court is today willing to recognize Beyond the First Amendment Journalism Under Fire advocates policies that facilitate and support the free press as a public good Gillers proposes legislation to create a publicly funded National Endowment for Investigative Reporting modeled on the national endowments for the arts and for the humanities improvements to the Freedom of Information Act and a national anti SLAPP law a statute to protect media organizations from frivolous lawsuits to help journalists and the press defend themselves in court Gillers weaves together questions of journalistic practice law and policy into a program that can ensure a future for investigative reporting and its role in our democracy

Our Higher Calling, Second Edition Holden Thorp, Buck Goldstein, 2024-02-20 This is an unmistakable time of crisis and confusion about the purpose value and sustainability of higher education in the United States Data continues to show substantial benefits for students who complete a four year degree yet Americans from all backgrounds are losing confidence in the nation's institutions of higher learning and political and economic challenges for colleges and universities seem greater than ever How can faculty administrators governing boards and other stakeholders address these challenges effectively Holden Thorp and Buck Goldstein draw on interviews with higher education thought leaders and their own experience inside and outside the academy to address these problems head on Now in paperback with a new preface by the authors Our Higher Calling presents a forceful case for the enduring value of higher education along with pragmatic recommendations for how campus leaders can engage in constructive dialogue about necessary change

Transiciones Todd Ruecker, 2015-02-15 Transiciones is a thorough ethnography of seven Latino students in transition between high school and community college or university Data gathered over two years of interviews with the students their high school English teachers and their writing teachers and administrators at postsecondary institutions reveal a rich picture of the conflicted experience of these students as they attempted to balance the demands of schooling with a variety of personal responsibilities Todd Ruecker explores the disconnect between students' writing experiences in high school and higher education and examines the integral role that writing plays in college Considering the almost universal requirement that students take a writing class in their critical first year of college he contends that it is essential for composition researchers and teachers to gain a fuller understanding of the role they play in supporting and hindering Latina and Latino students' transition to college Arguing for situating writing programs in larger discussions of high school college alignment student engagement and retention Transiciones raises the profile of what writing programs can do while calling composition teachers administrators and scholars to engage in more collaboration across the institution across institutions and across disciplines to make the transition from high school to college writing more successful for this important group of students
