Bluestockings Displayed Portraiture Performance And Patronage 1730 1830:

Bluestockings Displayed Elizabeth Eger,2013-11-21 The first academic and interdisciplinary volume exploring bluestocking portraiture performance and patronage in eighteenth century Britain opening vistas for future scholarship

Bluestockings Displayed Elizabeth Eger,2013-11-21 The conversation parties of the bluestockings held to debate contemporary ideas in eighteenth century Britain were vital in encouraging female artistic achievement The bluestockings promoted links between learning and virtue in the public imagination inventing a new kind of informal sociability that combined the life of the senses with that of the mind This collection of essays by leading scholars in the fields of literature history and art history provides an interdisciplinary treatment of bluestocking culture in eighteenth century Britain It is the first academic volume to concentrate on the rich visual and material culture that surrounded and supported the bluestocking project from formal portraits and sculptures to commercially reproduced prints By the early twentieth century the term bluestocking came to signify a dull and dowdy intellectual woman but the original bluestockings inhabited a world in which brilliance was valued at every level and women were encouraged to shine and even dazzle

Bluestockings and Landscape in Eighteenth-Century Britain Markman Ellis,Jack Orchard,2025-07-08 Captures in unprecedented depth the cultural significance of the designed landscape and its relationship with Bluestocking philosophy Situated within the broader context of eighteenth century intellectual and cultural history this collection redefines the role of the Bluestocking circle in shaping Britain s landscapes and social ideals Against the backdrop of Whiggish notions of improvement encompassing agricultural innovation aesthetic refinement and moral progress it explores how women such as Elizabeth Montagu Mary Delany and Elizabeth Carter navigated the intersections of polite sociability intellectual production and estate management Their contributions reveal a dynamic interplay between cultural critique and practical reform positioning them as active participants in the period s debates on land labour and national identity Drawing on insights from the Elizabeth Montagu s Correspondence Online EMCO project these essays uncover the creative and social tensions embedded in iconic estates such as Montagu s Sandleford and Lord Lyttelton s Hagley Hall They delve into the poetic and philosophical musings of James Woodhouse the sociable artistry of Mary Delany and the symbolic landscapes of Wrest Park By examining correspondence poetry visual arts and cartography this volume offers an unprecedented exploration of the ways Bluestocking women engaged with and redefined the designed landscape as a site of intellectual and environmental innovation This interdisciplinary collection reshapes the historiography of gender environment and cultural progress offering fresh insights into the enduring significance of eighteenth century landscapes and the intellectual communities that shaped them

Bluestockings Now! Deborah Heller,2016-03-03 Bringing together top specialists in the field this edited volume challenges the theory that the eighteenth century British intellectual women known as the Bluestockings were an isolated phenomenon spanning the period from the 1750s through the 1790s On the contrary the contributors suggest the

Bluestockings can be conceptualized as belonging to a chain of interconnected networks taking their origin at a threshold moment in print media and communications development and extending into the present. The collection begins with a definition of the Bluestockings as a social role rather than a fixed group, a movement rather than a static phenomenon, an evolving dynamic reaching into our late modern era. Essays include a rare transcript of a Bluestocking conversation, new previously unknown Bluestockings brought to light for the first time, and descriptions of Bluestocking activity in the realms of natural history, arts and crafts, theatre, industry, travel, and international connections. The concluding essay argues that the Blues reimagined and practiced women's work in ways that adapted to and altered the course of modernity, decisively putting a female imprint on economic, social, and cultural modernization. Demonstrating how the role of the Bluestocking has evolved through different historical configurations yet has structurally remained the same, the collection traces the influence of the Blues on the Romantic Period through the nineteenth century and proposes the reinvention of Bluestocking practice in the present.

Bluestockings and Travel Accounts Nataliia Voloshkova, 2021-03-25. This Element proposes to relate the eighteenth-century world of travel and travel writing with the bluestocking salon. It locates eminent British travellers and explorers in the female-presided intellectual space and examines their multifaceted interaction with the bluestockings between 1760 and 1799. The study shows how the bluestockings acquired knowledge of the world through reading, discussing, writing, and collecting travel accounts. It explores the social life of manuscript and printed travel texts in the circle, their popularity, and impact on the bluestockings. This Element builds upon the body of evidence provided by their published and unpublished diaries, correspondence, and private library catalogues.

The Bluestockings Susannah Gibson, 2024-07-23. One of The New Yorker's Best Books of the Year. Intimate social history. New York Times Book Review. An illuminating group portrait of the eighteenth-century women who dared to imagine an active life for themselves in both mind and spirit. In England in the 1700s, a woman who was an intellectual, spoke out, or wrote professionally was considered unnatural. After all, as the wisdom of the era dictated, a clever woman, if there were such a thing, would never make a good wife. But a circle of women called the Bluestockings did something extraordinary: coming together in glittering salons to discuss and debate as intellectual equals with men, they fought for women to be educated and to have a public role in society. In this intimate and revelatory history, Susannah Gibson delves into the lives of these pioneering women. Elizabeth Montagu established one of the most famous salons of the Bluestocking movement, with everyone from royalty to revolutionaries clamoring for an invitation to attend. Her younger sister Sarah Scott imagined a female-run society and created a women's commune. Meanwhile, Hester Thrale, who also had a salon, saved her husband's brewery from bankruptcy and, after being widowed, married a man she loved, Italian Catholic and not of her social class. Other women made a name for themselves through their publications, including Catharine Macaulay, author of an eight-volume history of England, and Frances Burney, author of the audacious novel *Evelina*. In elegant prose, Gibson reveals the close and complicated relationships between these women, how they supported and

admired each other and how they sometimes judged and exploited one another Some rebelled quietly while others defied propriety with adventurous and scandalous lives With moving stories and keen insight *The Bluestockings* uncovers how a group of remarkable women slowly built up an eviscerating critique of their male dominated world that society was not yet ready to hear **Literary Coteries and the Making of Modern Print Culture** Betty A. Schellenberg,2016-06-06

Literary Coteries and the Making of Modern Print Culture offers the first study of manuscript producing coteries as an integral element of eighteenth century Britain s literary culture As a corrective to literary histories assuming that the dominance of print meant the demise of a vital scribal culture the book profiles four interrelated and influential coteries focusing on each group s deployment of traditional scribal practices on key individuals who served as bridges between networks and on the aesthetic and cultural work performed by the group The book also explores points of intersection between coteries and the print trade whether in the form of individuals who straddled the two cultures publishing events in which the two media regimes collaborated or came into conflict literary conventions adapted from manuscript practice to serve the ends of print or simply poetry hand copied from magazines Together these instances demonstrate how scribal modes shaped modern literary production This title is also available as Open Access

An Enlightenment Statesman in Whig Britain Nigel Aston,Clarissa Campbell Orr,2011 Lord Shelburne Prime Minister in 1782 83 was a profoundly important politician whose achievements included the negotiation of the peace with the newly independent United States This book constitutes a major and long overdue reappraisal of the politician considered by Disraeli to be the most neglected Prime Minister The book indicates caters for and leads the revival of interest in high politics including its gendered aspects It covers Shelburne s friends his finances and his politics and places him carefully within both an international and a national context For the first time his complicated but compelling family life his satisfying relations with women and his Irish ancestry are presented as essential factors for understanding his public impact overall Shelburne was a politician patron and cultural leader whose relationship to many of the ideas influences and individuals of the European Enlightenment are also emphasised The book is thoroughly up to date written by leading authorities in the field and predominantly based on unpublished primary research Shelburne and his circle constituted one of the most important and progressive elements in British and European politics during the second half of the eighteenth century and the book will appeal to all readers interested in the Enlightenment

Prolific Ground Nicolle Jordan,2025 *Prolific Ground* investigates landownership as a crucial factor in the emergence of British women s independence during the long eighteenth century Staking a claim to the nation s investment in land women writers acquired a socio political authority that otherwise eluded them The landscapes that emerge in their writing testify to the socio political power of land in this era **Romanticism** Frederick Burwick,2015-04-20 Compiles 70 of the key terms most frequently used or discussed by authors of the Romantic period and most often deliberated by critics and literary historians of the era Offers an indispensable resource for understanding the ideas and differing interpretations that shaped

the Romantic period Includes keywords spanning Abolition and Allegory through Madness and Monsters to Vision and Vampires Features in depth descriptions of each entry s direct meaning and connotations in relation to its usage and thought in literary culture Provides deep insights into the political social and cultural climate of one of the most expressive periods of Western literary history Draws on the author s extensive experience of teaching lecturing and writing on Romantic literature
