American Public Service Constitutional And Ethical Foundations:

American Public Service: Constitutional and Ethical Foundations Sheila Kennedy, David Schultz, 2010-07-01

Questions of ethics in public administration are increasingly in the news where commentators seem too often detached from the sources of those ethics and their application to current political conflicts American Public Service Constitutional and Ethical Foundations examines public administration ethics as contextualized by constitutional legal and political values within the United States Through case studies hypothetical examples and an easy to read discussion format the authors explore what these values mean for specific duties of government managers and for the resolution of many contemporary issues confronting public sector officials Instructor Resources PowerPoints Describes the philosophical underpinnings of the Constitution and the Bill of Rights Identifies the values that anchor and define what government and public administrators should do Indicates where these values fit into a framework for moral decision making in the public sector and how they apply to discussions of current controversies in public administration Written by authors with rich experience as both lawyers and academics in public administration programs 2011 310 pages *American Public Service* Sheila Sueess Kennedy, David Schultz, 2011-08-25 Questions of ethics in public administration are increasingly in the news where commentators seem too often detached from the sources of those ethics and their application to current political conflicts American Public Service Constitutional and Ethical Foundations examines public administration ethics as contextualized by constitutional legal and political values within the United States Through case studies hypothetical examples and an easy to read discussion format the authors explore what these values mean for specific duties of government managers and for the resolution of many contemporary issues confronting public sector officials Key Features Describes the philosophical underpinnings of the Constitution and the Bill of Rights Identifies the values that anchor and define what government and public administrators should do Indicates where these values fit into a framework for moral decision making in the public sector and how they apply to discussions of current controversies in public administration Written by authors with rich experience as both lawyers and academics in public administration programs Public Service Values Richard C. Box, 2015-07-08 Public service values are too rarely discussed in public administration courses and scholarship despite recent research demonstrating the importance of these values in the daily decision making processes of public service professionals A discussion of these very tenets and their relevance to core public functions as well as which areas might elicit value conflicts for public professionals is central to any comprehensive understanding of budget and finance human resource management and strategic planning in the public sector Public Service Values is written specifically for graduate and undergraduate courses in public administration wherever a discussion of public service ideals might enrich the learning experience and offer students a better understanding of daily practice Exploring the meaning and application of specific values such as Neutrality Efficiency Accountability Public Service and Public Interest provides students and future professionals with a workplace toolkit for the

ethical delivery of public services Well grounded in scholarly literature and with a relentless focus on the public service professional Public Service Values highlights the importance of values in professional life and encourages a more self aware and reflective public practice Case studies to stimulate reflection are interwoven throughout the book and application to practice is cemented in a final section devoted to value themes in professional life as well as a chapter dedicated to holding oneself accountable The result is a book that challenges us to embrace the necessity of public service values in our public affairs curricula and that asks the important questions current public service professionals should make a habit of routinely applying in their daily decision making

The Ethics Primer for Public Administrators in Government and Nonprofit Organizations, Second Edition James H. Svvara, 2014-02-07 This concise text is a reader friendly primer to the fundamentals of administrative responsibility and ethics Your students will come away with a clear understanding of why ethics are important to administrators in governmental and non profit organizations and how these administrators can relate their own personal values to the norms of the public sector Since the publication of the first edition of The Ethics Primer there has been significant change in the climate of public affairs that impacts the discussion of ethics for those who serve the public in governmental and nonprofit organizations The new edition reflects those changes in three major areas Ethics in an era of increasing tension between political leaders and administrators over the role and size of government Ethical choices in making fiscal cuts or imposing new taxes in the face of the greatest economic crisis since the Depression Ethical challenges to established practices in public organizations The Second Edition also offers thoroughly updated data and sources throughout as well as examples that incorporate new research and new developments in government and politics The Second Edition of The Ethics Primer for Public Administrators in Government and Nonprofit Organizations Introduces readers to the fundamentals of administrative responsibility and provides comprehensive coverage of the important elements of ethics Features an accessible and interactive approach to maximize understanding of the subject Includes information on the nature of public service and the ethical expectations of public administrators as well factors that may lead to unethical behavior Written from a political perspective the book addresses questions that are highly salient to persons working in government and nonprofits Offers helpful ways to link ethics and management in order to strengthen the ethical climate in a public organization

Money in American Politics David Schultz, 2018-06-08 How much does money really matter in American politics A first of its kind reference book this encyclopedia provides the most up to date research and analysis regarding how money affects American campaigns elections politics and public policy Some Americans have come to the conclusion that U S politics is dominated by money that politicians are frequently if not routinely bought and paid for and that the only entities who wield political power are America s monied elite or powerful special interests like big labor or Wall Street But other American citizens believe that proposals to limit the influence of money in politics run counter to the free speech principles enshrined in the Constitution This book will explore this compelling and controversial issue examining where money in

American politics comes from where it goes and the impact of all of those millions of dollars on American society The entries objectively cover a breadth of major issues organizations individuals court cases and controversies surrounding the role of money in American politics especially into the most recent events of the 21st century Commentary by leading experts and scholars on American politics assess different aspects of how money is used for political purposes The book explains the current state of knowledge about money in politics including whether contributions and expenditures should be regulated if so how and whether it even matters in terms of impact While intended and written primarily for students at the high school and undergraduate levels Money in American Politics An Encyclopedia will also be of interest to general readers and experts looking to better understand how money affects campaigns elections and the making of law and policy in the United States

Election Law and Democratic Theory David Schultz, 2016-04-29 While numerous books and articles examine various aspects either of democratic theory or of specific topics in election law there is no comprehensive book that provides a detailed and scholarly discussion of the political and democratic theory underpinnings of election law Election Law and Democratic Theory fills this important gap as author David Schultz offers a scholarly analysis of the political principles and democratic values underlying election law and the regulation of political campaigns and participants in the United States The book provides the first full length examination of the political theories that form the basis for many of the current debates in election law that structure both Supreme Court and scholarly considerations of topics ranging from campaign finance reform voting rights reapportionment and ballot access to the rights of political parties the media and other players in the system It challenges much of the current debate in election law and argues for more discussion and development of a democratic political theory to support and guide election law jurisprudence

The State of Public Administration Donald C Menzel, Harvey E White, 2015-01-28 The trends and practices of public administration are ever changing and it is essential that they be appraised from time to time Designed as a capstone survey of the field The State of Public Administration focuses on leading edge issues challenges and opportunities that confront PA study and practice in the 21st Century

The Death of Public Integrity Robert Roberts, 2019-09-11 From the late nineteenth century through the 1970s several government reform movements succeeded in controlling traditional types of public corruption But has this historic success led to a false sense of security among public management scholars and professionals As this book argues powerful special interests increasingly find effective ways to gain preferential treatment without violating traditional types of public corruption prohibitions Although the post Watergate good government reform movement sought to close this gap the 1980s saw a backlash against public integrity regulation as the electorate in the United States began to split into two sharply different camps driven by very different moral value imperatives Taking a historical view from the ratification of the U S Constitution through to the Trump administration The Death of Public Integrity details efforts by reformers to protect public confidence in the integrity of government at the local state and federal levels Arguing that progressives and conservatives increasingly live

in different moral worlds author Robert Roberts demonstrates the ways in which it has become next to impossible to hold public officials accountable without agreement on what constitutes immoral conduct This book is required reading for students of public administration public policy and political science as well as those interested in public service ethics

Religion in Philanthropic Organizations Thomas J. Davis, 2021-12-22 Religion in Philanthropic Organizations explores the tensions inherent in religious philanthropies across a variety of organizations and examines the effect assumptions about professional philanthropy have had on how religious philanthropies carry out their activities Among the organizations discussed are the Salvation Army the World Council of Churches and Catholic Charities USA The essays focus on the work of one individual Robert Pierce founder of World Vision and Samaritan's Purse and on more general matters such as philanthropy and Jewish identity American Muslim philanthropy since 9/11 and the federal program that funds faith based initiatives The book sheds light on how religion and philanthropy function in American society shaping and being shaped by the culture and its notions of the common good *The Political Ethics of Public Service* Vera Vogelsang-Coombs, 2016-05-05 This book provides a defense of democratic politics in American public service and offers the political ethics of public service as a realistic and optimistic alternative to the cynical American view toward politics and public service The author's alternative helps career public servants regain public trust by exercising constitutionally centered moral and political leadership that balances the regime values of liberty and equality in governing American society while contributing to the ethical progress of the nation She identifies three distinct leadership styles of political ethics enabling career public servants to reconcile their personal loyalties morality and consciences with the public and private morality of American society and their constitutional obligations to secure the democratic freedoms of Americans Recognizing career public servants moral and institutional struggles the book proposes a rigorous leadership development program to acclimate individuals to workplace psychological moral and political challenges The view offered here is that career public servants must be a part of rather than isolated from American politics to be effective on the job
