these changes They have led the way in innovation user friendliness and ascetically pleasing products that many have tried to contend with and have had no success Apple Inc has created a brand so powerful that their products themselves have become fashionable and almost a never ending trend Their brand loyalty is so deep that consumers will stand in lines for not hours but days awaiting the release of the newest product even if the changes that are made to it are minimal They are the first and only company to create a line of products that seamlessly integrate together and are accessible anywhere with a cellphone signal However many question the company s viability due to the recent passing of former CEO Steve Jobs Will Apple Inc be able to continue in its predecessor s footsteps Or will Apple Inc dwindle away like last years fashion trend This paper will examine Apple Inc using a SWOT Analysis and will bring to light Apple Inc areas of strengths weaknesses opportunities and threats
