Appleby Talks About Crime Lost Classics:

Appleby Talks about Crime Michael Innes, 2010 Shakespearean Allusion in Crime Fiction Lisa Hopkins, 2016-04-21
This book explores why crime fiction so often alludes to Shakespeare. It ranges widely over a variety of authors including classic golden age crime writers such as the four queens of crime Allingham Christie Marsh Sayers Nicholas Blake and Edmund Crispin as well as more recent authors such as Reginald Hill Kate Atkinson and Val McDermid. It also looks at the fondness for Shakespearean allusion in a number of television crime series most notably *Midsomer Murders* *Inspector Morse* and *Lewis* and considers the special sub genre of detective stories in which a lost Shakespeare play is found. It shows how Shakespeare facilitates discussions about what constitutes justice what authorises the detective to track down the villain who owns the countryside national and social identities and the question of how we measure cultural value. **The Essential Mystery Lists** Roger M Sobin, 2011-09-30 For the first time in one place Roger M Sobin has compiled a list of nominees and award winners of virtually every mystery award ever presented. He has also included many of the best of lists by more than fifty of the most important contributors to the genre. Mr Sobin spent more than two decades gathering the data and lists in this volume much of that time he used to recheck the accuracy of the material he had collected. Several of the best of lists appear here for the first time in book form. Several others have been unavailable for a number of years. Of special note are Anthony Boucher's Best Picks for the Year Boucher one of the major mystery reviewers of all time reviewed for *The San Francisco Chronicle* *Ellery Queen Mystery Magazine* and *The New York Times*. From these resources Mr Sobin created Boucher's Best and Important Lists to Consider lists that provide insight into important writing in the field from 1942 through Boucher's death in 1968. This is a great resource for all mystery readers and collectors. Winner of the 2008 Macavity Awards for Best Mystery Nonfiction. Mystery and Suspense Writers Robin W. Winks, 1998 This volume contains biographical critical information on popular writers of the genre. *The Chicago Legal News*, 1873 Leonard Maltin's 2009 Movie Guide Leonard Maltin, Luke Sader, Mike Clark, 2008 Offers readers a comprehensive reference to the world of film including more than ten thousand DVD titles along with information on performers ratings running times plots and helpful features.

Majesty and the Masses in Shakespeare and Marlowe Chris Fitter, 2020-07-16 This book is a landmark study of Shakespeare's politics as revealed in his later History Plays. It offers the first ever survey of anti-monarchism in Western literature history and philosophy tracked from Hesiod and Homer through to contemporaries of Shakespeare such as George Buchanan and the authors of the *Mirror for Magistrates* thus demonstrating that anxiety over monarchic power and contemptuous demolitions of kingship as a disastrously irrational institution formed an important and irremovable body of reflection in prestigious Western writing. Overturning the widespread assumption that Elizabethans believed in divine right monarchy it exposites the anti-monarchic critique built into Shakespeare's *Histories* and Marlowe's *Massacre at Paris* in five chapters of close literary critical readings paying innovative attention to performance values. Part Two focuses Queen

Elizabeth's principal challenger for national rule the Earl of Essex England's most popular man It demonstrates from detailed readings that far from being an admirer of the war-crazed unstable bi-polar Essex as is regularly asserted Shakespeare launched in Richard II and Henry IV a campaign to puncture the reputation of the great earl exposing him as a Machiavel seeking Elizabeth's throne Shakespeare emerges as a humane and clear-sighted critic of the follies intrinsic to dynastic monarchy yet hostile likewise to the rash militarist Essex who would fling England into permanent war against Spain Founded on an unprecedented and wide-ranging study of anti-monarchist thought this book presents a significant contribution to Shakespeare and Marlowe criticism studies of Tudor England and the history of ideas **Human Behavior and the Social Environment, Micro Level** Katherine S. Van Wormer, 2007 The result is a singular textbook that truly bridges theory and practice by revealing the patterns and paradoxes of our behavior in the social context **BOOK JACKET** **TV Guide**, 2006 *Murder by the Book?* Sally Rowena Munt, 2003-09-02 A thorough and thoroughly enjoyable look at the genre of the feminist crime novel in Britain and the United States A pioneering work in the field and an indispensable guide for readers and scholars of the genre
