Developing DBASE IV Applications Tony Lima, 1989 *Partial Differential Equations and Boundary-Value Problems with Applications* Mark A. Pinsky, 2011 Building on the basic techniques of separation of variables and Fourier series the book presents the solution of boundary value problems for basic partial differential equations the heat equation wave equation and Laplace equation considered in various standard coordinate systems rectangular cylindrical and spherical Each of the equations is derived in the three dimensional context the solutions are organized according to the geometry of the coordinate system which makes the mathematics especially transparent Bessel and Legendre functions are studied and used whenever appropriate throughout the text The notions of steady state solution of closely related stationary solutions are developed for the heat equation applications to the study of heat flow in the earth are presented The problem of the vibrating string is studied in detail both in the Fourier transform setting and from the viewpoint of the explicit representation d Alembert formula Additional chapters include the numerical analysis of solutions and the method of Green s functions for solutions of partial differential equations The exposition also includes asymptotic methods Laplace transform and stationary phase With more than 200 working examples and 700 exercises more than 450 with answers the book is suitable for an undergraduate course in partial differential equations *Multilingualism and Intercultural Communication* H. Ekkehard Wolff, Pamela Maseko, Russell H Kaschula, Christine Anthonissen, Bassey E Antia, 2017-05-01 An in depth look at the changing sociolinguistic dynamics that have influenced South African society To date there has been no published textbook which takes into account changing sociolinguistic dynamics that have influenced South African society Multilingualism and Intercultural Communication breaks new ground in this arena The scope of this book ranges from macro sociolinguistic questions pertaining to language policies and their implementation or non implementation to micro sociolinguistic observations of actual language use in verbal interaction mainly in multilingual contexts of Higher Education HE There is a gradual move for the study of language and culture to be taught in the context of professional disciplines in which they would be used for example Journalism and African languages Education and African languages etc The book caters for this growing market Because of its multilingual nature it caters to English and Afrikaans language speakers as well as the Sotho and

Nguni language groups _ the largest languages in South Africa and also increasingly used in the context of South African Higher Education It brings together various inter linked disciplines such as Sociolinguistics and Applied Language Studies Media Studies and Journalism History and Education Social and Natural Sciences Law Human Language Technology Music Intercultural Communication and Literary Studies The unique cross cutting disciplinary features of the book will make it a must have for twenty first century South African students and scholars and those interested in applied language issues

The Engaged University David Watson,Robert Hollister,Susan E. Stroud,Elizabeth Babcock,2011-07-15 The Engaged University is a comprehensive empirical account of the global civic engagement movement in higher education In universities around the world something extraordinary is underway Mobilizing their human and intellectual resources institutions of higher education are directly tackling community problems combating poverty improving public health and restoring environmental quality This book documents and analyzes this exciting trend through studies of civic engagement and social responsibility at twenty institutions worldwide This timely volume offers three special contributions to the literature on higher education policy and practice a historical overview of the founding purposes of universities which almost invariably included a context specific element of social purpose together with a survey of how these founding intentions have fared in different systems of higher education a contemporary account of the policy and practice of universities all over the world seeking to re engage with this social purpose and an overview of generic issues which emerge for the engaged university

Library Staffing for the Future Samantha Schmehl Hines,Marcy Simons,2015-12-09 This latest volume contains approaches from researchers around the world The chapters explore such issues as skills building and other professional development activities changing demographic profiles of staff changing modes of resource provision succession planning remote work and planning for Linked Data *Encyclopedia of Developing Regional Communities with Information and Communication Technology* Marshall, Stewart,Taylor, Wal,Yu, Xinghuo,2005-06-30 This encyclopedia provides a thorough examination of concepts technologies policies training and applications of ICT in support of economic and regional developments around the globe Provided by publisher **The Transformative Power of Language** Russell H. Kaschula,H. Ekkehard Wolff,2020-09-10 Language has played a pivotal role in societal transformation in postcolonial Africa towards the creation of globally competitive knowledge societies however so far this role has been under researched and under estimated This volume addresses this gap in the literature by bringing together a team of globally recognised scholars to explore the effect of language on African postcolonial societies and how it has contributed to achieving mental decolonisation A range of languages are explored both imported ex colonial and indigenous African and case studies from different spheres of public discourse are investigated from universities to legal settings Demonstrating that multilingualism is a resource for rather than barrier to successful transformation this book brings the intellectualisation and institutionalisation of African languages to the forefront of development discourse and provides an insightful snap shot of how current academic research public

discourse political activism and social community engagement have contributed to societal transformation in South Africa
