Business for Social Responsibility
555 Moral Way
Chicago, IL 55555

August 11, 2011

Dear Hiring Manager:

I am writing to apply for the position of Associate in Advisory Services, at the Business for Social Responsibility (BSR). I was advised to apply for this position by Mr. Ron Martin, who is the Vice President of Fundraising at your company. I am currently an Assistant Account Executive of Communications at CTC Strategic Services, and I am confident that my exceptional communications and research skills make me a perfect candidate for this position.

I have a passion for corporate social responsibility, as I know it to be vital to social change and development. At CTC, I have worked with nonprofits and national and global advocacy campaigns to ensure that vital issues stay at the forefront of the media. For example, I worked on the media pieces for the Komen Community Challenge, and during this campaign, I prepped over ten activists with their Capitol Hill visits, and garnered media coverage in various cities.

Research is vital to what I do. At CTC, while conducting communications audits, I interviewed key stakeholders and analyzed internal and external communications structure. This process ultimately led to the creation of recommendations that called for constructive improvements. For example, recommendations included staffing structure and reallocation changes, sample job descriptions, and suggestions to hold a messaging tabletop with organization leadership to crystallize a uniform identity and brand.

At CTC, I have thrived and been promoted in a fast-paced, multiclient environment because I am organized, client focused, and teamwork oriented. I am also very comfortable and adept at working with limited resources and tight deadlines.

Lastly, I appreciate diversity because I have had the opportunity to live, study, and work internationally in Canada, Spain, France, Austria, Luxembourg, Costa Rica, and the Philippines. I am fluent in French and Spanish, and have solid knowledge of German as well. This perspective has helped me to understand and contribute in a more meaningful way with a wide variety of individuals.

Thank you for considering me for the position of Associate in your Advisory Services business. I am confident that my communication, research, and effective business skills make me a perfect candidate for the BSR team. I will call you next week to follow up, and, in the meantime, please don't hesitate to contact me at the e-mail address or phone number below.

Sincerely,

Helen Patty

University of Virginia. School of Nursing,Margaret Gould Tyson,1957 *So You Want to Be a Nurse?* Amira Clemens Msn Rn,2018-10-20 When I started nursing school I learned a lot of things that were important to my success I attended a workshop on how to do things like navigate the textbook revise notes from class and how to study Once I became an instructor I learned things to have students do that would assist them with test preparation and success This book is a collection of those things that came to be a significant and positive change in success for me and those seeking help from me Another important element of this book is the importance of staying positive believing in yourself and the influence energy has on the person These are some things that are generally left out of moving through school career choices and places of employment This book is a guide to help with achievement through nursing school It is a collection of tips tricks and theories that have assisted many to a successful nursing career Start to finish it will help change your thinking about the nursing career and the good in it If you are considering nursing as a career choice this is a nice tool that you can use to fill your time while you prepare for school to start or while you wait for your acceptance letter It can also be used if you are stuck on

something and need a reference This is a great gift for a new nursing student and a nice addition to other prep books like Nursing School Thrive Guide by Maureen Osuna The rules of this book can also be translated to students in other careers This has been written with nursing in mind but many of the chapters can be used as advice to a multitude of college and vocational students Lastly this book is designed like a workbook Extra pages are added to take notes or to complete the activity at the end of the subsequent chapters So mark it up as you see fit and keep it as a keepsake and reminder of things you wrote and therefore put into the universe Thank you for purchasing this book If you did not purchase it yet I still would like to thank you for taking the time to consider this and reading the introduction
