The Application of Reading Comprehension Strategies in a Primary Classroom Kristen Elizabeth Scarpetta, 2008. The research question addressed in this project was: what are the recommended applications of reading comprehension strategies in the classroom? This study documents one teacher's application of three reading comprehension strategies in a primary classroom. It used the model of Gradual Release of Responsibility based on Duke and Pearson's research into instructional methods of reading comprehension. The author documents the details of the lesson and uses related research literature to construct meaning and validate the study. She describes both successes and struggles in
