BOLDLY GOING WHERE
CAPTAIN COOK
HAS GONE BEFORE

Tony Horwitz

AUTHOR OF *CONFEDERATES IN THE ATTIC*

Blue Latitudes Boldly Going Where Captain Cook Has Gone Before

Robert Burgin

Blue Latitudes Boldly Going Where Captain Cook Has Gone Before:

Blue Latitudes Tony Horwitz, 2002 Boldly Going Where Captain Cook Has Gone Before Two centuries after James Cook's epic voyages of discovery Tony Horwitz takes readers on a wild ride across hemispheres and centuries to recapture the Captain's adventures and explore his embattled legacy in today's Pacific Horwitz a Pulitzer Prize winner and author of *Confederates in the Attic* works as a sailor aboard a replica of Cook's ship meets island kings and beauty queens and carouses the South Seas with a hilarious and disgraceful travel companion an Aussie named Roger He also creates a brilliant portrait of Cook an impoverished farmboy who became the greatest navigator in British history and forever changed the lands he touched Poignant probing antic and exhilarating *Blue Latitudes* brings to life a man who helped create the global village we inhabit today

Into the Blue Tony Horwitz, 2003 By turns harrowing and hilarious insightful and entertaining *Into the Blue* retraces the great voyages of Captain James Cook the British farmboy who drew the map of the modern world

Captain Cook's Final Voyage James K. Barnett, 2020-10-14 Maritime historian and researcher James K Barnett transcribed two extraordinary little known journals from Captain James Cook's third exploratory voyage They offer remarkable eyewitness accounts at the time of initial European contact the first reasonably accurate maps of North America's west coast the earliest comprehensive report from the Bering Sea ice pack and the dramatic story of Cook's death at Kealahou Bay Astonishing for accounts of landings along Hawaii's Vancouver Island and Alaska both chronicles languished in Australian archives for over a century Barnett adds context and commentary to complete the story Commissioned by the British Admiralty Cook set sail in July 1776 to confirm the outline of North America's Pacific coastline and search for the elusive Northwest Passage The expedition's sailing ships the *Resolution* and the *Discovery* traveled to the South Seas then chanced upon the Hawaiian Islands before reaching the Oregon coastline and the Arctic Cook chose to winter in the Hawaiian archipelago where he died in a skirmish His crews made a second attempt to find the coveted route then returned to England after more than four years at sea James Burney was first lieutenant on the *Discovery* Active in shore parties and chart preparation he saw Cook's death from the ship's deck One of the few accounts from the consort vessel his writing provides new details and important thoughtful impressions of North and South Pacific people and places Working under the notorious William Bligh Henry Roberts was Master's Mate on the *Resolution* performing essential hydrographic and cartographic tasks He was a few feet away when Cook was killed His well illustrated logbook includes coordinates tables of routes and records of weather at sea but also lively accounts of shore excursions Illustrations include maps and drawings as well as images by the expedition's official artist John Webber

Modern Travel in World History Tom Taylor, 2022-06-28 *Modern Travel in World History* uses three themes technology mass movements and travelers to examine the history of the modern world from the fifteenth century transatlantic explorations to the impact of the global COVID pandemic of the twenty first century This book focuses on both the evolving nature of travel from land and sea routes in the 1500s to the domination

of planes and cars in the modern world and the important stories of travelers themselves Taking a global perspective the text places travel within the larger geopolitical social religious and cultural developments throughout history It emphasizes not only the role of technology innovation in the ways people travel but also how those changes affect social structures and cultural values Tom Taylor explores the journeys of well known travelers as well as ordinary people each with different perspectives through the lens of gender social class and cultural background and considers how fictional travelers define the importance of travel in the modern world Why people set out on the sojourns they did what they experienced who they met and how they understood these cross cultural encounters are important to not only understanding the travelers themselves but the world they lived in and the world their travels made Several maps help illustrate important routes and destinations This book will be of interest to students of world history and literature **Fur, Fortune, and Empire** Eric Jay

Dolin, 2011-07-05 A Seattle Times selection for one of Best Non Fiction Books of 2010 Winner of the New England Historical Association's 2010 James P Hanlan Award Winner of the Outdoor Writers Association of America 2011 Excellence in Craft Award Book Division First Place A compelling and well annotated tale of greed slaughter and geopolitics Los Angeles Times As Henry Hudson sailed up the broad river that would one day bear his name he grew concerned that his Dutch patrons would be disappointed in his failure to find the fabled route to the Orient What became immediately apparent however from the Indians clad in deer skins and good furs was that Hudson had discovered something just as tantalizing The news of Hudson's 1609 voyage to America ignited a fierce competition to lay claim to this uncharted continent teeming with untapped natural resources The result was the creation of an American fur trade which fostered economic rivalries and fueled wars among the European powers and later between the United States and Great Britain as North America became a battleground for colonization and imperial aspirations In *Fur Fortune and Empire* best selling author Eric Jay Dolin chronicles the rise and fall of the fur trade of old when the rallying cry was get the furs while they last Beavers sea otters and buffalos were slaughtered used for their precious pelts that were tailored into extravagant hats coats and sleigh blankets To read *Fur Fortune and Empire* then is to understand how North America was explored exploited and settled while its native Indians were alternately enriched and exploited by the trade As Dolin demonstrates fur both an economic elixir and an agent of destruction became inextricably linked to many key events in American history including the French and Indian War the American Revolution and the War of 1812 as well as to the relentless pull of Manifest Destiny and the opening of the West This work provides an international cast beyond the scope of any Hollywood epic including Thomas Morton the rabble rouser who infuriated the Pilgrims by trading guns with the Indians British explorer Captain James Cook whose discovery in the Pacific Northwest helped launch America's China trade Thomas Jefferson who dreamed of expanding the fur trade beyond the Mississippi America's first multimillionaire John Jacob Astor who built a fortune on a foundation of fur and intrepid mountain men such as Kit Carson and Jedediah Smith who sliced their way through an awe inspiring and unforgiving

landscape leaving behind a mythic legacy still resonates today Concluding with the virtual extinction of the buffalo in the late 1800s *Fur Fortune and Empire* is an epic history that brings to vivid life three hundred years of the American experience conclusively demonstrating that the fur trade played a seminal role in creating the nation we are today **Great Escapes** Lonely Planet,2015-06-01 THE PERFECT GETAWAY Beach paradises Luxury hideaways Cultural thrills This showcase of the world s most enjoyable escapes celebrates the sheer pleasure of travel Take time out to indulge in romantic getaways culinary adventures musical journeys and family holidays Important Notice The digital edition of this book may not contain all of the images found in the physical edition *Going Places* Robert Burgin,2013-01-08 Successfully navigate the rich world of travel narratives and identify fiction and nonfiction read alike with this detailed and expertly constructed guide Just as savvy travelers make use of guidebooks to help navigate the hundreds of countries around the globe smart librarians need a guidebook that makes sense of the world of travel narratives *Going Places A Reader s Guide to Travel Narratives* meets that demand helping librarians assist patrons in finding the nonfiction books that most interest them It will also serve to help users better understand the genre and their own reading interests The book examines the subgenres of the travel narrative genre in its seven chapters categorizing and describing approximately 600 titles according to genres and broad reading interests and identifying hundreds of other fiction and nonfiction titles as read alike and related reads by shared key topics The author has also identified award winning titles and spotlighted further resources on travel lit making this work an ideal guide for readers advisors as well a book general readers will enjoy browsing **Lonely Planet Coastal Queensland & the Great Barrier Reef** Lonely Planet,Paul Harding,Cristian Bonetto,Charles Rawlings-Way,Tamara Sheward,Tom Spurling,Donna Wheeler,2017-11-01 Lonely Planet The world s leading travel guide publisher Lonely Planet Coastal Queensland all with your trusted travel companion Get to the heart of Queensland and the Great Barrier Reef and begin your journey now Inside Lonely Planet Coastal Queensland the Great Barrier Reef Colour maps and images throughout Highlights and itineraries help you tailor your trip to your personal needs and interests Insider tips to save time and money and get around like a local avoiding crowds and trouble spots Essential info at your fingertips hours of operation phone numbers websites transit tips prices Honest reviews for all budgets eating sleeping sight seeing going out shopping hidden gems that most guidebooks miss Cultural insights give you a richer more rewarding travel experience history art cinema music politics climate change outdoor activities Covers Brisbane Gold Coast Noosa Fraser Island Whitsundays Townsville Cairns Great Barrier Reef Daintree Rainforest and more eBook Features Best viewed on tablet devices and smartphones Downloadable PDF and offline maps prevent roaming and data charges Effortlessly navigate and jump between maps and reviews Add notes to personalise your guidebook experience Seamlessly flip between pages Bookmarks and speedy search capabilities get you to key pages in a flash Embedded links to recommendations websites Zoom in maps and images Inbuilt dictionary for quick referencing The Perfect Choice Lonely Planet Coastal Queensland the Great Barrier Reef our most comprehensive guide to
