Afrikan Matriarchal Foundations The Igbo Case:

Afrikan Matriarchal Foundations Ifi Amadiume, 1987 **Re-Inventing Africa** Ifi Amadiume, 1997-12 This book reveals how conventional anthropology has consistently imposed European ideas of the natural nuclear family women as passive object and class differences on a continent with a long history of women with power doing things differently Amadiume argues for an end to anthropology and calls instead for a social history of Africa by Africans *Cheikh Anta Diop's Transdisciplinary Legacy* Victor Oguejiofor Okafor, 2026-01-22 This book highlights the transdisciplinary legacy of Cheikh Anta Diop's epistemology demonstrating its continuing impact on contemporary Africology which is also known as Black Studies Diop's works in the second half of the 20th century were foundational to the discipline of Africology Exposing a stain of cultural and racial bias in Eurocentric Egyptology Diop argued that ancient Egyptian civilization in fact had deep cultural and linguistic connections with African societies south of the Sahara This book argues that transdisciplinarity was at the heart of Diop's arguments as his work drew from history anthropology linguistics sociology economics linguistics osteology and physics This book argues that even now transdisciplinary approaches remain essential to the discipline of Africology sometimes referred to as Black Studies Africana Studies Pan African Studies African Global Studies or African American Studies In this book the contributors consider how Diopian transdisciplinary epistemic approaches continue to combat racial bias and restore the global historical and cultural significance of Africa Highlighting the significance of Africa's usable past as outlined by Diop this book is an important read for researchers across African Studies Africology Black Studies History World Civilizations Intercultural Studies Africa focused Think Tanks and policy makers across the African world *African Sexualities* Sylvia Tamale, 2011-06-23 A groundbreaking book accessible but scholarly by African activists It uses research life stories and artistic expression including essays case studies poetry news clips songs fiction memoirs letters interviews short film scripts and photographs to examine dominant and deviant sexualities and investigate the intersections between sex power masculinities and femininities It also opens a space particularly for young people to think about African sexualities in different ways **Is Apartheid Really Dead? Pan Africanist Working Class Cultural Critical Perspectives** Julian Kunnie, 2018-02-23 *Is Apartheid Really Dead? Pan Africanist Working Class Cultural Critical Perspectives* is an engaging and incisive book that radically challenges the widespread view that post apartheid society is a liberated society specifically for the Black working class and rural peasant populations Julian Kunnie's central contention in this book is that the post apartheid government was the product of a serious compromise between the former ruling white led Nationalist Party and the African National Congress resulting in a continuation of the erstwhile system of monopoly capitalism and racial privilege albeit revised by the presence of a burgeoning Black political and economic elite The result of this historic compromise is the persistent subjugation and impoverishment of the Black working class by the designs of global capital as under apartheid this time managed by a Black elite in collaboration with the powerful white capitalist establishment in South Africa *Is Apartheid*

Really Dead engages in a comprehensive analysis of the South African conflict and the negotiated settlement of apartheid rule and explores solutions to the problematic of continued Black oppression and exploitation Rooted in a Black Consciousness philosophical framework unlike most other works on post apartheid South Africa this book provides a carefully delineated history of the South African struggle from the pre colonial era through the present What is additionally distinctive is the author s reference to and discussion of the Pan Africanist movement in the global struggle for Black liberation highlighting the aftermath of the 1945 Pan African meeting in Manchester The author analyzes the South African struggle within the context of Pan Africanism and the continent wide movement to rid Africa of colonialism s legacy highlighting the neo colonial character of much of Africa s post independence nations arguing that South Africa has followed similar patterns One of the attractive qualities of this book is that it discusses correctives to the perceived situation of neo colonialism in South Africa by delving into issues of gender oppression and the primacy of women s struggle working class exploitation and Black worker mobilization environmental despoliation and indigenous religio cultural responses and educational disenfranchisement and the need for radically new structures and policies in educational transformation Ultimately Is Apartheid Really Dead postulates revolutionary change as a solution undergirded with all of the aforementioned ingredients While anticipating and articulating a revolutionary socialist vision for post apartheid South Africa this book is tempered by a realistic appraisal of the dynamics of the global economy and the legacy of colonial oppression and capitalism in South Africa

On Tyranny and the Global Legal Order Aoife O'Donoghue, 2021-10-07 Since classical antiquity debates about tyranny tyrannicide and preventing tyranny s re emergence have permeated governance discourse Yet within the literature on the global legal order tyranny is missing This book creates a taxonomy of tyranny and poses the question could the global legal order be tyrannical This taxonomy examines the benefits attached to tyrannical governance for the tyrant considers how illegitimacy and fear establish tyranny asks how rule by law silence and beneficence aid in governing a tyranny It outlines the modalities of tyranny scale imperialism gender and bureaucracy Where it is determined that a tyranny exists the book examines the extent of the right and duty to effect tyrannicide As the global legal order gathers ever more power to itself it becomes imperative to ask whether tyranny lurks at the global scale

Ethnic Groups of Africa and the Middle East John A. Shoup, 2011-10-17 This encyclopedia is an essential guide to the different ethno linguistic groups in Africa and today's complicated Middle East region. Ethnic Groups of Africa and the Middle East contains encyclopedic entries arranged alphabetically within ethno linguistic classifications. Each entry has four main sections: an introduction identifying the language group where they are found and their numbers; a brief discussion of their origins and early history; a section on cultural life that includes religion, literature, social organization, and art; and a final section on political organization and recent history. The contents are appropriate for high school and undergraduate students as well as for experts who need a refresher on groups in Africa and the Middle East. While certain ethnic groups have been combined into a single entry, some such as the Tuareg, who are a Berber people, are described within their own entries because of their importance in history or cultural domination.

African Possibilities Ifi Amadiume, 2024-02-22 In this latest book by the award-winning author of the hugely influential *Male Daughters, Female Husbands*, Ifi Amadiume propels gender relations beyond dichotomies and discriminations and towards a power sharing argument in discourse, contestation, and resistance. Representing the culmination of over 40 years of ground-breaking work on notions of patriarchy at the intersection of the Igbo African universe and the Western capitalist reality, Amadiume sets forth a blueprint for a bold new matriarchitarianism, critiquing all forms of social injustice with a shared matriarchal relational humanism. In each chapter of the book, Amadiume applies these principles to a dazzling array of subjects: from religious leadership, kinship, and family relations to sexuality, creative writing, and matters of conscience in race, class, and gender. *African Possibilities* explodes our notions of patriarchy into original and compelling arguments and offers a radical alternative approach to the world's entrenched injustices.

Amphibious Subjects Kwame Edwin Otu, 2022-07-26 A free open access ebook is available upon publication. Learn more at www.luminosoa.org. *Amphibious Subjects* is an ethnographic study of a community of self-identified effeminate men known in local parlance as *sasso*, residing in coastal Jamestown, a suburb of Accra, Ghana's capital. Drawing on the Ghanaian philosopher Kwame Gyekye's notion of amphibious personhood, Kwame Edwin Otu argues that *sasso* embody and articulate amphibious subjectivity in their self-making, creating an identity that moves beyond the homogenizing impulses of western categories of gender and sexuality. Such subjectivity simultaneously unsettles claims purported by the Christian heteronationalist state and LGBT human rights organizations that Ghana is predominantly heterosexual or homophobic. Weaving together personal interactions with *sasso*, participant observation, autoethnography, archival sources, essays from African and African diasporic literature, and critical analyses of documentaries such as the BBC's *The World's Worst Place to Be Gay*, *Amphibious Subjects* is an ethnographic meditation on how Africa is configured as the heart of homophobic darkness in transnational LGBT human rights imaginaries.
