The Abrahamic Faith Mohammad Rehman, 2021-10-08 As Abraham lay on his deathbed he was surrounded by his sons Isaac and Ishmael who despite seventy five years of conflict and separation were at last brought together on that day This moment between his family was one that mirrors the true unification between three religions that flow from the same river Abraham considered the father of religion was the first to guide the world in believing in a higher power It was his belief and faith that served as a root to the tree that Judaism Christianity and Islam sprouted upon These three religions follow a common belief in one God and in submission to Him Despite their deeply shared values the world has grown to create divisions between them Other books by this author Angels Are Crying 2015

Abraham and Sarah Denise-Renee Barbaret, 2015-02-03 The lives of Abraham and Sarah provide

one of the Bible's greatest examples of faith. At an advanced age Abraham and Sarah left their comfortable home to venture into an unknown land trusting in God's promise that He would protect and bless them. Their faith is rewarded as God enriches Abraham and Sarah during their travels. More importantly, God grants Abraham and Sarah a son, Isaac, whose descendants will establish two of the world's major religions: Judaism and Christianity. Jesus Christ Today Edgar V. McKnight, 2009. Jesus' identity is not simply out there to be discovered scientifically; Jesus' identity is shaped historically in believers' experience with him. Interpretation of Jesus of Nazareth: the significance of Jesus Christ and Christian identity operate and interact in the same fashion as the hermeneutical circle. These elements simultaneously call forth and justify themselves and each other. This book addresses twenty-first century Christians who are challenged intellectually and spiritually to read the Gospels' story of Jesus in light of what contemporary scholarship offers for understanding the first-century prophet from Nazareth. The invaluable move from pre-critical and dogmatic readings to rigorous historical-critical readings is applauded. But contemporary Christians are not convinced by approaches that begin with negative assumptions about the suitability of Christian sources for construction of the story of Jesus because of the bias of those sources. In a postmodern epoch, our critical reductionist approach to history is absorbed in a more satisfying and comprehensive approach. The data and relational sequences discovered by modern categories of historiography are enriched by a higher-ordering mentality that includes but is not limited to our charting. Book jacket **Faithwriters - in the Beginning** Faithwriters.Com, 2005-07 **A God Divided** Christopher Catherwood, 2007. Catherwood, a respected authority in religious history, objectively and accessibly explains how Christianity, Islam, and Judaism evolved over time and how they have changed today. Inheriting Abraham Jon D. Levenson, 2012-09-30. How Judaism, Christianity, and Islam have reimagined Abraham in their own images. Jews, Christians, and Muslims supposedly share a common religious heritage in the patriarch Abraham, and the idea that he should serve only as a source of unity among the three traditions has become widespread in both scholarly and popular circles. But in Inheriting Abraham, Jon Levenson reveals how the increasingly conventional notion of the three equally Abrahamic religions derives from a dangerous misunderstanding of key biblical and Qur'anic texts. It fails to do full justice to any of the traditions and is often biased against Judaism in subtle and pernicious ways.
