flexibility Semester 1 Microbiology As the world waits in fear world health organizations race to develop a vaccine for the
looming bird flu epidemic a threat that has forced international federal and local governments to begin planning for a
possible pandemic and the widespread death and devastation which would follow Will the world find an answer in time Or
will we see this threat ravage populations as others have before in 1918 with influenza in the late 18th century with yellow
fever or the horrific black death or bubonic plague in 1347 AD Are these viruses examples of evolution Did God make
microbes by mistake Are they accidents of evolution out of the primordial soup These timely questions are examined
throughout The Genesis of Germs It seems that a new and more terrible disease is touted on the news almost daily The
spread of these scary diseases from bird flu to SARS to AIDS is a cause for concern and leads to questions such as Where did
all these germs come from and how do they fit into a biblical world view What kind of function did these microbes have
before the Fall Does antibiotic resistance in bacteria prove evolution How can something so small have such a huge deadly
impact on the world around us Professor Alan Gillen sheds light on these and many other questions in this revealing and
detailed book He shows how these constantly mutating diseases are proof for devolution rather than evolution and how all of

these germs fit into a biblical world view Dr Gillen shows how germs are symptomatic of the literal Fall and Curse of creation as a result of man's sin and the hope we have in the coming of Jesus Christ Semester 2 Life Science Study clear biological answers for how science and Scripture fit together to honor the Creator Have you ever wondered about such captivating topics as genetics the roll of natural selection embryonic development or DNA and the magnificent origins of life Within Building Blocks in Life Science you will discover exceptional insights and clarity to patterns of order in living things including the promise of healing and new birth in Christ Study numerous ways to refute the evolutionary worldview that life simply evolved by chance over millions of years The evolutionary worldview can be found filtered through every topic at every age level in our society It has become the overwhelmingly accepted paradigm for the origins of life as taught in all secular institutions This dynamic education resource helps young people not only learn science from a biblical perspective but also helps them know how to defend their faith in the process
