Buffalo The Full Saga Of The American Animal:

The Buffalo Book David Dary,1975 *The Destruction of the Bison* Andrew C. Isenberg,2000 This study first published in 2000 examines the cultural and ecological causes of the near extinction of the bison **The Settlement of America** James A. Crutchfield,Candy Moutlon,Terry Del Bene,2015-03-26 First Published in 2015 This encyclopaedic collection includes Volumes 1 A L and 2 M Z as well as essays on the settlement of America It can be argued that the westward expansion occurred only one week after the English landfall at Jamestown Virginia on May 14 1607 Beginning on May 21 Captain John Smith one of the colonization company s leaders and twenty one companions made their way northwest up the James River for some 50 or 60 miles 80 or 96 km *Biologists and the Promise of American Life* Philip J. Pauly,2018-06-05 Explorers evolutionists eugenicists sexologists and high school biology teachers all have contributed to the prominence of the biological sciences in American life In this book Philip Pauly weaves their stories together into a fascinating history of biology in America over the last two hundred years Beginning with the return of the Lewis and Clark expedition in 1806 botanists and zoologists identified science with national culture linking their work to continental imperialism and the creation of an industrial republic Pauly examines this nineteenth century movement in local scientific communities with national reach the partnership of Asa Gray and Louis Agassiz at Harvard University the excitement of work at the Smithsonian Institution and the Geological Survey and disputes at the Agriculture Department over the continent s future He then describes the establishment of biology as an academic discipline in the late nineteenth century and the retreat of life scientists from the problems of American nature The early twentieth century however witnessed a new burst of public oriented activity among biologists Here Pauly chronicles such topics as the introduction of biology into high school curricula the efforts of eugenicists to alter the breeding of Americans and the influence of sexual biology on Americans most private lives Throughout much of American history Pauly argues life scientists linked their study of nature with a desire to culture to use intelligence and craft to improve American plants animals and humans They often disagreed and frequently overreached but they sought to build a nation whose people would be prosperous humane secular and liberal Life scientists were significant participants in efforts to realize what Progressive Era oracle Herbert Croly called the promise of American life Pauly tells their story in its entirety and explains why now in a society that is rapidly returning to a complex ethnic mix similar to the one that existed for a hundred years prior to the Cold War it is important to reconnect with the progressive creators of American secular culture

Indian Resilience and Rebuilding Donald L. Fixico,2013-10-10 Indian Resilience and Rebuilding provides an Indigenous view of the last one hundred years of Native history and guides readers through a century of achievements It examines the progress that Indians have accomplished in rebuilding their nations in the 20th century revealing how Native communities adapted to the cultural and economic pressures in modern America Donald Fixico examines issues like land allotment the Indian New Deal termination and relocation Red Power and self determination casino gaming and repatriation He applies

ethnohistorical analysis and political economic theory to provide a multi layered approach that ultimately shows how Native people reinvented themselves in order to rebuild their nations Fixico identifies the tools to this empowerment such as education navigation within cultural systems modern Indian leadership and indigenized political economy He explains how these tools helped Indian communities to rebuild their nations Fixico constructs an Indigenous paradigm of Native ethos and reality that drives Indian modern political economies heading into the twenty first century This illuminating and comprehensive analysis of Native nation s resilience in the twentieth century demonstrates how Native Americans reinvented themselves rebuilt their nations and ultimately became major forces in the United States Indian Resilience and Rebuilding redefines how modern American history can and should be told Highland Cowboys Rob Gibson,2014-03-21 From droving to driving heilan coos to long horns Highland Cowboys explores the links between the two cattle cultures of Scotland and America through music song dance and folklore The vast number of Scots who emigrated to North America whether through forcible eviction during the Highland Clearances or voluntarily in the hope of a better life has been well documented With them they took their culture their language their music and their skills Cattle droving in Scotland was an established profession from the 16th century and many such migrants took cowboy jobs in the American West The medium of music paints a vivid picture of their social and personal lives and describes a mutual exchange as music crossed and re crossed the Atlantic creating strong links between the old culture and the new This unique exploration of the cowboy culture sheds new light on the everyday life of the cattle communities Red Desert Annie Proulx,2012-07-25 A photographic and multidisciplinary study of one of America s last undeveloped and most endangered landscapes edited by a Pulitzer Prize winning author A vast expanse of rock formations sand dunes and sagebrush in central and southwest Wyoming the little known Red Desert is one of the last undeveloped landscapes in the United States as well as one of the most endangered It is a last refuge for many species of wildlife Sitting atop one of North America s largest untapped reservoirs of natural gas the Red Desert is a magnet for energy producers who are damaging its complex and fragile ecosystem in a headlong race to open a new domestic source of energy and reap the profits To capture and preserve what makes the Red Desert both valuable and scientifically and historically interesting writer Annie Proulx and photographer Martin Stupich enlisted a team of scientists and scholars to join them in exploring the Red Desert through many disciplines geology hydrology paleontology ornithology zoology entomology botany climatology anthropology archaeology sociology and history Their essays reveal many fascinating often previously unknown facts about the Red Desert everything from the rich pocket habitats that support an amazing diversity of life to engrossing stories of the transcontinental migrations that began in prehistory and continue today on I 80 which bisects the Red Desert Complemented by Martin Stupich s photo essay which portrays both the beauty and the devastation that characterize the region today Red Desert bears eloquent witness to a unique landscape in its final years as a wild place **American bison : status survey and conservation guidelines 2010** ,2010 Spine of the Continent Mary

Ellen Hannibal, 2013-08-06 In *The Spine of the Continent* Mary Ellen Hannibal travels the length of North America and reports on efforts to create a wildlife corridor through Canada the United States and Mexico begun with the purpose of protecting landscapes so that animals and plants have room to roam

[Back from the Collapse](#) Curtis H. Freese, 2023-07

2024 Wildlife Society's Publication Award shortlist *Back from the Collapse* is a clarion call for restoring one of North America's most underappreciated and overlooked ecosystems the grasslands of the Great Plains This region has been called America's Serengeti in recognition of its historically extraordinary abundance of wildlife Since Euro American colonization however populations of at least twenty four species of Great Plains wildlife have collapsed from pallid sturgeon and burrowing owls to all major mammals including bison and grizzly bears In response to this incalculable loss Curtis H Freese and other conservationists founded American Prairie a nonprofit organization with the mission of supporting the region's native wildlife by establishing a 3.2 million acre reserve on the plains of eastern Montana one of the most intact and highest priority areas for biodiversity conservation in the Great Plains In *Back from the Collapse* Freese explores the evolutionary history of the region's ecosystem over millions of years as it transitioned from subtropical forests to the edge of an ice sheet to today's prairies He details the eventual species collapse and American Prairie's work to restore the habitat and wildlife efforts described by National Geographic as one of the most ambitious conservation projects in American history
