Building With Masonry For Pros By Pros:

Contractor's Guide to Quickbooks Pro 2002 Karen Mitchell,Craig Savage,Jim Erwin,2002 According to a recent national survey more construction contractors use QuickBooks Pro and QuickBooks than all other accounting programs combined And for good reason QuickBooks Pro excels at all the routine paperwork in a construction office writing checks keeping track of your bank balance sending out invoices and statements creating up to the minute profit and loss statements for the month year or by job writing payroll checks paying suppliers and subcontractors tracking job costs comparing estimated and actual costs for each job and much more But there s a lot to learn in QuickBooks Pro And converting to a new accounting system can be a complex and confusing task even if you have a strong background in accounting and plenty of time to install the new system That s why this book was written because most construction pros aren t accounting experts and have more important work to do at the job site

Maintainability Of Facilities: For Building Professionals Chew Yit Lin Michael,2010-01-08 This book focuses on spearheading the integration of maintainability starting right from the design stage To enable such integration improving the knowledge of maintainability and setting maintainability benchmarks are two key issues These objectives are fulfilled with the development of a comprehensive defect library a material manual and a maintainability scoring system These tools serve to define acceptable standards in design and construction practices thus enhancing long term maintainability of facilities Maintainability of Facilities For Building Professionals aims to improve the standard and quality of design construction and maintenance practices to produce efficient facilities that require minimum maintenance The text covers technical issues related to maintainability of major components of a facility and discusses the implications and selection of materials for high maintainability The target readers are practitioners and students in architecture engineering building real estate construction project management facilities management quantity and building surveying
