

Sets of Numbers

- The **natural numbers** are the set of numbers used when counting; these are the numbers $\{1, 2, 3, 4, 5, \dots\}$.
- The **whole numbers** are the set of natural numbers and zero; these are the numbers $\{0, 1, 2, 3, 4, 5, \dots\}$.
- The **integers** are the set of whole numbers and their opposites; these are the numbers $\{\dots, -3, -2, -1, 0, 1, 2, 3, \dots\}$.
- The **rational numbers** are the set of numbers that can be expressed as a fraction of two integers, where the denominator is not zero. Rational numbers include the set of natural numbers, whole numbers, and integers.

EX: $-5, \frac{3}{4}, 0, 2, \sqrt{16}, 2\frac{1}{2}, 0.\overline{6}, 2.35$

- The **irrational numbers** are the set of numbers that cannot be expressed as a fraction of two integers.

EX: $\pi, e, \sqrt{3}, \sqrt[3]{10}$

- The **real numbers** are the set of rational numbers and irrational numbers.

EX: $-4, \pi, \frac{7}{8}, \sqrt{5}, \sqrt[3]{64}, 0.125, \sqrt[3]{25}, 0.\overline{7}$

- The **imaginary numbers** are the set of square roots of negative numbers, written in the form bi , where b is a nonzero real number and $i = \sqrt{-1}$.

EX: $-5i, i, 3i, \sqrt{-9}, -\sqrt{-100}$

- The **complex numbers** are the set of real numbers plus an imaginary number, written in the form $a + bi$, where a and b are real numbers and $i = \sqrt{-1}$.

EX: $9 + 2i, -6 + i, -4 - 3i, 7 - 6i, 5i$

Solving Equations

When you perform the same operation to each side of an equation, the result is a new equation that has the same solution. Equations that have the same solution(s) are equivalent equations.

Using the Addition Property of Equality

The **Addition Property of Equality** states that when the same number is added to equal numbers, the sums are equal.

RULE: If a, b , and c are any real numbers and $a = b$, then $a + c = b + c$.

EX: $2 + 7 = 2 + 7$

Applying this property to equations, when the same number is added to each side of an equation, the result is an equivalent equation.

EX: If $x = 3 + 11$, then $x + 3 + 3 = 11 + 3$, or $x = 14$

Using the Subtraction Property of Equality

The **Subtraction Property of Equality** states that when the same number is subtracted from equal numbers, the differences are equal.

RULE: If a, b , and c are any real numbers and $a = b$, then $a - c = b - c$.

EX: $12 - 8 = 12 - 8$

Applying this property to equations, when the same number is subtracted from each side of an equation, the result is an equivalent equation.

EX: If $y + 7 = 15$, then $y + 7 - 7 = 15 - 7$, or $y = 8$.

Using the Multiplication Property of Equality

The **Multiplication Property of Equality** states that when equal numbers are multiplied by the same number, the products are equal.

RULE: If a, b , and c are any real numbers and $a = b$, then $ac = bc$.

EX: $5 \cdot 4 = 5 \cdot 4$

Applying this property to equations, when both sides of an equation are multiplied by the same real number, the result is an equivalent equation.

EX: If $\frac{x}{6} = 3$, then $\left(\frac{x}{6}\right)6 = (3)6$, or $x = 18$

Using the Division Property of Equality

The **Division Property of Equality** states that when equal numbers are divided by the same nonzero number, the quotients are equal.

RULE: If a, b , and c are any real numbers, $c \neq 0$, and

$a = b$, then $\frac{a}{c} = \frac{b}{c}$

EX: $\frac{15}{3} = \frac{15}{3}$

Applying this property to equations, when both sides of an equation are divided by the same nonzero real number, the result is an equivalent equation.

EX: If $7x = 21$, then $\frac{7x}{7} = \frac{21}{7}$, or $x = 3$

Solving Multistep Equations

Some equations require more than one inverse operation to solve. The goal when solving a multistep equation is to isolate the variable (i.e., get it by itself). To do this, use the properties of equality. If there are like terms on one side of an equation, they should be combined before using the properties.

EX: Solve the equation $5x + 3x - 1 = 15$

- $5x + 3x - 1 = 15$
- $8x - 1 = 15$
- $8x - 1 + 1 = 15 + 1$
- $8x = 16$
- $\frac{8x}{8} = \frac{16}{8}$
- $x = 2$

- Original equation
- Combine like terms.
- Use the Addition Property of Equality to undo the subtraction and isolate the variable term.
- Simplify.
- Use the Division Property of Equality to undo the multiplication and isolate the variable.
- Simplify.

Variables on Both Sides

When an equation has variables on both sides, the objective is to get all variable terms on the same side of the equation by using either the Addition or Subtraction Property of Equality.

EX: Solve the equation $6m - 8 = 2m$

- $6m - 8 = 2m$
- $6m - 8 - 6m = 2m - 6m$
- $-8 = -4m$
- $-8 + 8 = -4m + 8$
- $-4m = 8$
- $\frac{-4m}{-4} = \frac{8}{-4}$
- $m = -2$

- Original equation
- Use the Subtraction Property of Equality to move the variable term to one side.
- Simplify.
- Use the Addition Property of Equality to isolate the variable term.
- Simplify.
- Use the Division Property of Equality to isolate the variable.
- Simplify.

Solving Absolute Value Equations

The **absolute value** of a number is its distance from zero on the number line. Therefore, the equation $|x| = 4$ has two solutions, 4 and -4 , since both have a distance of 4 units from zero on the number line.

To solve an equation $|x| = b$, where b is a positive number, solve the disjunction $x = b$ or $x = -b$.

EX: Solve the equation $|x + 7| = 3$

- $|x + 7| = 3$
- $x + 7 = 3$ or $x + 7 = -3$
- $x + 7 - 7 = 3 - 7$ or $x + 7 - 7 = -3 - 7$
- $x = -4$ or $x = -10$

- Original equation
- Write as a disjunction.
- Use the Subtraction Property of Equality on both equations to isolate the variable.
- Simplify.

Solving Inequalities

An **inequality** shows the relationship between two numbers or expressions. The solution of an inequality is the set of numbers that make the inequality true.

Addition & Subtraction Properties

The **Addition and Subtraction Properties of Inequality** state that adding or subtracting the same number on each side of an inequality produces an equivalent inequality.

If a, b , and c are real numbers, then the following are true:

Addition Property of Inequality: If $a > b$,

then $a + c > b + c$; If $a < b$, then $a + c < b + c$.

Subtraction Property of Inequality: If $a > b$,

then $a - c > b - c$; If $a < b$, then $a - c < b - c$.

Note that similar statements hold true for $\geq$ and $\leq$.

NUMERIC EXAMPLES

Addition Property of Inequality: Since $4 > 2$, then

$4 + 1 > 2 + 1$; since $3 < 5$, then $3 + 6 < 5 + 6$.

Subtraction Property of Inequality: Since $9 > 2$, then

$9 - 1 > 2 - 1$; since $4 < 7$, then $4 - 2 < 7 - 2$.

ALGEBRAIC EXAMPLES

Addition Property of Inequality: If $p - 3 < 11$, then

$p - 3 + 3 < 11 + 3$, or $p < 14$.

Subtraction Property of Inequality: If $x + 9 > 16$, then

$x + 9 - 9 > 16 - 9$, or $x > 7$.

Multiplication & Division Properties

The **Multiplication and Division Properties of Inequality** state that multiplying or dividing each side of an inequality by a positive number makes an equivalent inequality. These properties also state that multiplying or dividing each side of an inequality by a negative number and reversing the direction of the inequality symbol make an equivalent inequality.

Given a, b , and c are real numbers:

Where c is positive:	Where c is negative:
If $a < b$, then $ac < bc$	If $a < b$, then $ac > bc$
If $a > b$, then $ac > bc$	If $a > b$, then $ac < bc$

Note that similar statements hold true for $\geq$ and $\leq$.

NUMERIC EXAMPLES

Multiplication Property of Inequality:

Since $2 < 5$, then $2 \cdot 3 < 5 \cdot 3 = 15$; since $2 < 5$, then

$2 \cdot (-3) > 5 \cdot (-3)$.

Since $6 > 4$, then $6 \cdot 4 > 4 \cdot 4 = 16$; since $6 > 4$, then

$6 \cdot (-4) < 4 \cdot (-4)$.

Division Property of Inequality:

Since $4 < 6$, then $\frac{4}{2} < \frac{6}{2}$; since $4 < 6$, then $\frac{4}{-2} > \frac{6}{-2}$.

Since $9 > 3$, then $\frac{9}{3} > \frac{3}{3}$; since $9 > 3$, then $\frac{9}{-3} < \frac{3}{-3}$.

Algebra Quick Study Guide

L Towne

Algebra Quick Study Guide:

Pre-Algebra S. B. Kizlik, 2002-11-27 Boost grades and the understanding of early algebra concepts that can make or break the long term study of algebra through middle and high school and on to college Textbooks and classes cover so much over months at a time that the details at different stages of learning are passed up with expectations of students remembering all the details of every stage of learning This 6 page laminated reference guide is expertly authored and designed to offer a quick detailed overview of all stages of early algebra learning So all concepts can be seen at a glance before reading texts or listening to instructors during study and homework or further into the class for refreshing before quizzes and exams It can help the math rusty parent homework coach as well to get the algebra gears turning again so you can be the homework hero Topics covered include Number Systems Operations Algebra Concepts Translating Words into Algebraic Statements Algebraic Equations Algebraic Inequalities Coordinate Plane Geometry Ratio Portion Percent

Intermediate Algebra Expolog LLC, 2020-05 In college or college bound the importance of algebra in an academic career is so large it can determine your future path and college major This solid prerequisite course can pave the way for better grades throughout school whether math is second nature or a challenge and in either case this is your go to reference for answers at your fingertips all in 6 durably laminated pages The math experts at ExpoLog who write and edit for textbook publishing companies and who have authored many best selling and highly reviewed QuickStudy math guides authored the targeted content that is the backbone of support you need at a price lower than any college level study tool you will find anywhere making it easy to add this guide to your college success toolbox 6 page laminated guide includes Relations Functions Relations Functions Rational Radical Expressions Simplifying Rational Expressions Operations with Rational Expressions Complex Fractions Radical Expressions Polynomials Definitions Operations with Polynomials Solving Equations Inequalities Linear Inequalities Systems of Equations Other Topics in Intermediate Algebra Complex Numbers College Algebra Equations and Answers BarCharts, Inc, Expolog, LLC, Ken Yablonski, 2018-11 In college or college bound the importance of the Algebra struggle is real Whether math is second nature or a challenge this guide is your go to for answers at your fingertips This 6 page comprehensive guide offers clear and concise examples explanations and the graphs that go with them for review study or to quickly look up that concept that eludes you For some students algebra is just the beginning of their college math career others just need to make the grade QuickStudy guides have proven their support of students and better grades at all levels for more than 25 years Boost confidence for tests and grades for future success 6 page laminated guide includes Sets of Numbers Equations Inequalities Linear Equations Absolute Value Equations Quadratic Equations Solving Systems of Equations Functions Domain Range Operations with Functions Inverses Polynomials Radicals Rational Functions Direct Joint Inverse Variation Solving Rational Equations Inequalities Exponential Functions Logarithmic Functions **Algebra Part 1** Kizlik, BarCharts, Inc, 2002-11-11 For a subject that is a challenge at all levels of education this

Algebra Quick Study Guide Introduction

In the digital age, access to information has become easier than ever before. The ability to download Algebra Quick Study Guide has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Algebra Quick Study Guide has opened up a world of possibilities. Downloading Algebra Quick Study Guide provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Algebra Quick Study Guide has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Algebra Quick Study Guide. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Algebra Quick Study Guide. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Algebra Quick Study Guide, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Algebra Quick Study Guide has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Algebra Quick Study Guide Books

What is a Algebra Quick Study Guide PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Algebra Quick Study Guide PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Algebra Quick Study Guide PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Algebra Quick Study Guide PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Algebra Quick Study Guide PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
