Applied Magic Applied Magic:

Applied Magic Dion Fortune, 2023-01-30 *Applied Magic* is a selection of Dion Fortune's writings on the practical applications of magical and esoteric techniques. Everyone has the ability to access the invisible planes of existence, a whole kingdom of mind and spirit which cannot be perceived with the physical senses. Fortune provides invaluable guidance to anyone intent on increasing their inner awareness. She declares Esoteric tradition admits of no exclusiveness; it is the very essence of its spirit that it blasphemes no God that has been hallowed by our devotion. It sees all religions as the expressions of our spirit rather than the personal revelation of a jealous God to His chosen people. It suffers from neither superstitious awe nor bigoted fear.

Dion Fortune's Applied Magic ; And, Aspects of Occultism Dion Fortune, 1987 This volume brings together 2 books: *Applied magic* a selection of writings on the practical applications of magical and occult techniques and *Aspects of occultism* looking at 9 specific aspects of the Western Mystery Tradition including god and the Gods Sacred Centres and the Astral Plane.

Applied Magic Michael Kett, 2001-01-16 The author Michael Kett has been a physical therapist as well as a magician for more than 20 years. His therapy background includes working with neurologic, pediatric, orthopaedic and sports medicine patients. As a magician, he performs regularly at community festivals, restaurants and private events. Michael's book *Applied Magic* is a blending of his passion for magic and his physical therapy experience. *Applied Magic* is more than a beginner's magic book. Each of the 52 magic effects and activities was specifically chosen for its therapeutic potential. Specific therapeutic considerations and difficulty level are suggested for each effect. The 93 illustrations make learning easy. Also included are chapters that discuss basic magic principles, how to teach magic and using magic to tell a story. This book is an outstanding resource for any therapist, teacher or parent looking for innovative methods to improve gross and fine motor control, self-confidence and social interaction skills. *Applied Magic* is a creative addition to any therapist's repertoire.

Peggy Stell, pediatric physical therapist: I think the idea of using magic in a classroom setting to develop social and presentation skills is fantastic.

Colleen Lundell, special education teacher: *Applied Magic* is a great resource for therapists looking for new and interesting ways to make therapy fun.

Melinda Buehring, physical therapist, certified Feldenkrais practitioner: The magic effects are explained step by step with great illustrations. I recommend *Applied Magic* to anyone inquiring about a beginner's magic book.
