A Slow Moving Target The Lst Of World War II:

A Slow Moving Target, the Lst of World War II Joseph Panicello, 2002-02-19 A SLOW MOVING TARGET The LSTs Of World War II is a historical novel that contains many authentic stories about the turmoil and hardships that the Amphibious Fleet endured during beach invasions in World War II To enhance the military adversities the story revolves around the personal lives of five young fictitious sailors who in 1942 enlisted in the U S Navy to defend their country against the Axis They come from different parts of America and meet in the same boot camp at Bainbridge Maryland As a result of the difficulties they encounter in boot camp and in the war they become life long buddies After boot camp was completed they were transferred to the dreaded and perilous Amphibious fleet of LSTs Landing Ship Tank because the LST is truly a A Slow Moving Target having the reputation of a brief life during an invasion In this historical novel each principle character in the book presents his own unique and unusual experiences The main character of the novel is John Maroni who attempts to keep the group together and to preserve their friendship throughout the war They call themselves The Five Phibies The Five Phibies are later split up and are transferred to different LSTs which compelled them to fight in separate campaigns in both the Pacific and Atlantic theaters They continued to communicate with one another via one central location in the States They send their mail to John Maroni s kid sister Angela in Queens New York who rewrites the letters by relating their war experiences their health and anything new about their personal lives but deliberately leaving out any unpleasant ordeals then sending the letters on to the Phibies Phibie No 1 is John Maroni who was born in Queens New York Phibie No 2 is Dan Bletcher born in Dover New Jersey Phibie No 3 is Andre Robbier born in Chicago Illinois Phibie No 4 is Rich Hienman born in Dallas Texas Phibie No 5 is Bob Olsen born in Boston Massachusetts Understandably most historical World War II novels are written around large fighting vessels such as aircraft carriers battle ships cruisers destroyers and submarines Very little is written about the LST and their amphibious operations on beach landings of unloading troops and cargo because it isn t a glamorized fighting ship The book provides many authentic LST battles which are depicted through the fictional characters presented in this novel The author tried to encompass the five Phibies in several authentic battles even though their characters and experiences were created by his own imagination The LST played a very important role in the military operations in the islands in the Pacific and during the invasions of France Italy and Africa Without the LST and its ramp the delivery of cargo to the beaches during an assault would have been extremely difficult and time consuming The LST was not the most elegant looking ship to come out of American shipyards but it was designed for a purpose to deliver men and cargo to an invading beach as quickly as possible and to support the Allied troops ashore with ammunition tanks jeeps trucks artillery medical supplies and most critical of all food and water Without these back up goods the war may have been extended a year or more which would have cost many more American lives The LST and the other Amphibious forces must be recognized for their part in the war by being one of the most essential components of World War II and should be

commended for their effort in the invasion of hostile enemies both in the Pacific and in the Atlantic theaters This author attempts to do just that The novel does not cover the land struggle after an invasion because the ground assaults have already been covered by other authors and to repeat them here would serve no other purpose but to reiterate their achievements *Evansville in World War II* James Lachlan MacLeod,2015-11-02 During World War II the city of Evansville manufactured vast amounts of armaments that were vital to the Allied victory The Evansville Ordnance Plant made 96 percent of all 45 caliber ammunition used in the war while the Republic Aviation Plant produced more than 6 500 P 47 Thunderbolts almost half of all P 47s built during the war At its peak the local shipyard employed upward of eighteen thousand men and women who forged 167 of the iconic Landing Ship Tank vessels In this captivating and fast paced account University of Evansville historian James Lachlan MacLeod reveals the enormous influence these wartime industries had on the social economic and cultural life of the city **The Fighting Amphibians** Joseph F. Panicello,2007-05-03 THE FIGHTING AMPHIBIANS The LST of World War II is a feature film screenplay taken from the novel A SLOW MOVING TARGET The script contains many authentic stories about the turmoil and hardships that the Amphibious Fleet endured during beach invasions in World War II To enhance the military adversities the story revolves around the personal lives of five young fictitious sailors who in 1942 enlist in the U S Navy to defend their country against the Axis They come from different parts of America meet in boot camp and become life long buddies After boot camp they were transferred to the dreaded and perilous Amphibious Fleet of LSTs Landing Ship Tank because the LST is truly a Large Slow Target having the reputation of a brief life and a sitting duck during an invasion In this screenplay each principle character presents his her own unique and unusual experiences The main character is Johnny Maroni who attempts to keep the group together and preserve their friendship throughout the war They call themselves The Five Amphibians The Five Amphibians are later split up and are transferred to different LSTs which compelled them to fight in separate campaigns in both the Pacific and Atlantic theaters They communicate through Johnnys sister Angela who rewrites their letters to the different Amphibians Throughout the war only one Amphibian is killed in action How To Develop Story Line Ideas Jo Ann M. Colton,2010-06-21 How to Develop Story Line Ideas is a stimulant for the imaginative mind Designed to help new writers seek and recognize a plethora of ideas for books and other pieces Book 2 of Jo Ann M Colton s Little Red Writer Book Series energizes aspiring writers to follow their literary dreams and aim high for success Story line ideas are everywhere often right before our very eyes Colton discusses what she believes to be the fundamental foundation for developing ideas for writing books short stories and articles and then expands upon her theories This seek and you will find guide provides innovative tips information and exercises to increase writers mental acuity and get their creative juices flowing From embracing the idea of writing to discovering and gathering story line ideas to getting those ideas down on paper the book encourages writers to push themselves toward greater accomplishments As a result How to Develop Story Line Ideas is an interesting and enjoyable motivational experience

for rising writers The Second Pearl Harbor Gene Eric Salecker, 2014-08-20 In May 1944 with American forces closing in on the Japanese mainland the Fifth Fleet Amphibious Force was preparing to invade Saipan Control of this island would put enemy cities squarely within range of the B 29 bomber The navy had assembled a fleet of landing ship tanks LSTs in the West Loch section of Pearl Harbor On May 21 an explosion tore through the calm afternoon sky spreading fire and chaos through the ordnance packed vessels When the fires had been brought under control six LSTs had been lost many others were badly damaged and more than 500 military personnel had been killed or injured To ensure the success of those still able to depart for the invasion miraculously only one day late the navy at once issued a censorship order which has kept this disaster from public scrutiny for seventy years The Second Pearl Harbor is the first book to tell the full story of what happened on that fateful day Military historian Gene Salecker recounts the events and conditions leading up to the explosion then re creates the drama directly afterward men swimming through flaming oil small craft desperately trying to rescue the injured and subsequent explosions throwing flaming debris everywhere With meticulous attention to detail the author explains why he and other historians believe that the official explanation for the cause of the explosion that a mortar shell was accidentally detonated is wrong This in depth account of a little known incident adds to our understanding of the dangers during World War II even far from the front and restores a missing chapter to history **The Washingtons. Volume 7, Part 2** Justin Glenn, 2016-09-19 Part of a series filled with gratifying detail about the ancestry of the first US President this volume contains the eleventh generation of descendants Robert K Krick author of The Smoothbore Volley that Doomed the Confederacy Stonewall Jackson at Cedar Mountain and Lee s Colonels This is the seventh volume of Dr Justin Glenn s comprehensive history that traces the Presidential line of the Washingtons Volume one began with the immigrant John Washington who settled in Westmoreland Co Va in 1657 married Anne Pope and became the great grandfather of President George Washington This volume contains the late nineteenth and twentieth century born descendants of John Washington s daughter Anne Washington Wright and as such transports the reader through many of the major historical events of those eras by providing the stories of the family members who lived through them Although structured in a genealogical format for the sake of clarity this is no bare bones genealogy but a true family history with over 1 200 detailed biographical narratives These in turn strive to convey the greatness of the family that produced not only The Father of His Country but many others great and humble who struggled to build that country It is surprising that no comprehensive family history has been published Justin M Glenn s The Washingtons A Family History finally fills this void for the branch to which General and President George Washington belonged identifying some 63 000 descendants John Frederick Dorman editor of The Virginia Genealogist 1957 2006 and author of Adventurers of Purse and Person The Battle of Iwo Jima Walt Sandberg, 2005-01-11 Beginning with the Marine assault on February 19 1945 the Battle for Iwo Jima quickly became the bloodiest battle in Marine Corps history Today this fierce battle remains high in our collective memories not only for its terrors but for its indelible

image of triumph the raising of the flag on Mt Suribachi Much information exists about the Battle for Iwo Jima but it is scattered and can be difficult to track down This book draws the information together in two ways It offers bibliographic listings to lead researchers to useful sources and provides actual texts of documents related to the battle and its aftermath Part One The Bibliography offers information on more than 800 books magazines official documents audio visual materials and online resources about the Battle of Iwo Jima Each listing is annotated to assist researchers historians veterans and others seeking information Part Two The Anthology offers the texts of hard to locate documents a series of maps showing the day by day progression of the battle and a selection of poetry inspired by the battle Appendices provide details of the American chain of command and both the American and the Japanese orders of battle describe some lingering mysteries about the Battle of Iwo Jima and list Iwo Jima memorial sites around the world

The Washingtons. Volume 2 Justin Glenn,2014-07-29 This is the second volume of a comprehensive history that traces the Presidential line of the Washingtons Volume one began with the immigrant John Washington who settled in Westmoreland Co Va in 1657 married Anne Pope and was the great grandfather of President George Washington It continued the record of their descendants for a total of seven generations Volume two is a collection of notable descendants of the next eight generations of John and Anne Washington s descendants including such luminaries as General George S Patton the author Shelby Foote and the actor Lee Marvin Future volumes will trace generations eight through fifteen making a total of over 63 000 descendants Although structured in a genealogical format for the sake of clarity this is no bare bones genealogy but a true family history with over 1 200 detailed biographical narratives These in turn strive to convey the greatness of the family that produced not only The Father of His Country but many others great and humble who struggled to build that country The Washingtons includes the time honored John Wright line which in recent years has been challenged largely on the basis of DNA evidence Volumes one and two form a set with a cumulative bibliography appearing at the end of volume two

Heroes All D.M. Hanson,2022-04-08 Even before the attack on Pearl Harbor and America s official entry into WWII America s maritime forces launched convoys to support our Allies in Europe through the Lend Lease Act which gave then President Franklin D Roosevelt authority to send equipment and food to the war effort without violating our position of neutrality Once the war was declared on the United States by Nazi Germany and the Allies agreed upon a Europe First Strategy convoy operations became the main enabling effort in the war While this was going on the United States military was planning and then executing the largest amphibious operations in the history of warfare culminating in the landings in Normandy France on June 6 1944 During that timeframe the names of Patton Eisenhower and Montgomery were immortalized Less well known to the average American were the naval leaders in the Atlantic and Mediterranean campaigns But this story is not about well known figures in history this is the story of the real heroes in any conflict the young men who went to war and did their part Heroes All is a story of a single amphibious ship and her crew amongst the thousands of ships that took part in the war The sailors that served on the Landing Ship Tank or LST

were truly unsung heroes in WWII and they remain so today However the young sailors that served on these ships were the critical enabler in the bloody battles that followed on land With incredible fortitude these young men did their duty and delivered men and supplies ashore again and again Heroes All is a wonderful tribute to a tiny slice of America s Greatest Generation As I read the book I could sense Donna s mission was to tell the story to honor her father She succeeded Andrew L Lewis Vice Admiral USN retired Garibaldi Joseph Panicello,2010-06 A MAN OF DESTINY is an Epic about the life of Giuseppe Garibaldi and his struggle to free Italy from outside rulers Up until 1871 Italy was composed of many rulers Austria in the North East a King over Naples and Sicily a Sardinian King in the North West a French Emperor who ruled over Rome and different Princes ruling over Central Italy Italians spoke many different dialects but after the unification only one language was spoken Giuseppe Garibaldi s destiny was to unite Italy as one country He and his famous Red Shirts had to fight many rulers in 1870 He first began by conquering Sicily and worked his way north He was considered a hero especially by European women who adored him
