A Still Small Voice A Practical Guide On Reported Revelations:

A Still Small Voice Benedict C.F.R. Groeschel, 2012-12-11 Father Groeschel the highly respected author psychologist spiritual director and leader of renewal in the religious life has written a brief but comprehensive practical guide for all those interested in private revelations the reports of visions and other extraordinary religious phenomena that are so widespread in these times Because of the intense interest in extraordinary religious experience that ranges from Medjugorje to the New Age Groeschel's book is an urgently needed resource that gives practical norms to everyone on how to evaluate these claims Drawing on spiritual classics and Church documents not readily available he summarizes the Church's perennial wisdom on this topic He also offers an alternative to unusual and extraordinary ways of knowing the things of God which is a normal everyday opportunity open to all called religious experience the action of grace operating in the context of a human life that can become a powerful source of virtue and holiness Father Groeschel skillfully directs the reader to the humbler and safer path which discerns God's presence in prayer Scripture the sacraments and love of neighbor The great example of this path to holiness is St Therese of Lisieux who though having very few extraordinary experiences was filled with a profound awareness of God's presence and said To ecstasy I prefer the monotony of sacrifice *A Still, small voice* Benedict J CFR. Groeschel, 1973

Marian Apparitions, the Bible, and the Modern World Donal Anthony Foley, 2002 This groundbreaking book looks at the major approved Marian apparitions of the last five centuries and relates them to important historical moments the Reformation the French and Russian Revolutions the rise of Nazism These Marian apparitions and particularly Fatima are not historically unimportant events but rather follow a preordained plan they have a crucial role in helping us to see how the modern world with all its problems has developed Donal Foley makes clear the fascinating and intriguing connections between Marian apparitions and the Scriptural types of Mary found in the Bible a crucial element in the theology and exegesis of the early Church Fathers By understanding these biblical types and their symbolism we see that each of the apparitions has a much greater significance for both the Church and the modern world than has generally been recognised Here is a convincing demonstration that the future of the Church and the papacy is intimately bound up with a proper understanding of the role of Mary there will only be true peace in the world when her message is accepted and lived If you thought you really understood how the modern world developed and the role and meaning of Marian apparitions then this book will make you think again Donal Foley has written a book with an extraordinary message Aidan Nichols O P

Medjugorje and the Supernatural Daniel Maria Klimek, 2018-03-01 In June 1981 six young Croatians in the village of Medjugorje in the former Yugoslavia reported that the Virgin Mary had appeared to them The Medjugorje visionaries say that Mary has returned every day since then bringing them important messages from heaven to convey to the world Throughout history people have reported encountering extraordinary religious experiences apparitions of the Virgin Mary visions of Jesus Christ weeping statues and icons the stigmata physical healings and miracles and experiences of the afterlife and interpreted

them as supernatural in origin Scholars have often tried to reinterpret such experiences including those described by the great mystics like Francis of Assisi Catherine of Siena and Teresa of Avila into natural or psychopathological categories such as hysteria hallucination delusion epileptic seizures psychosis the workings of the unconscious mind or fraud Are such reductionist explanations valid Over the past three decades the Medjugorje visionaries have been subjected to extensive medical psychological and scientific examination even while undergoing their visionary experiences Daniel Klimek argues that the case of Medjugorje affords a rare opportunity to understand a deeper dimension of extraordinary religious phenomena Presenting and analyzing the scientific studies on the visionaries in juxtaposition with the major scholars and debates surrounding religious experience Klimek concludes that a multidisciplinary approach grants a more holistic and deeper understanding of such extraordinary religious experiences *Revelation, Mystical Phenomena and Divine Promises* Deacon Albert Graham,2022-10-05 The reader will be appraised of how God has been speaking to His people through public and private revelation for over 2000 years A special chapter in this work deals with some saints and holy people who have had private revelations about or visits from souls in purgatory hell or heaven Another chapter and several of the appendixes are devoted to Marian Apparitions to include those that are approved not approved and those appending a decision by the Church By far one of the greatest strengths of this undertaking is the identification of some 43 categories of concomitant extraordinary phenomena and some of the saints and holy people who have experienced them Color paintings by artists are depicted of some saints experiencing such mystical phenomena Another unique feature of the book is a listing of some 600 individuals from the 13th to the 21st centuries who bore the stigmata By knowing that God is present and alive to His people this book may help bring others to a deeper faith in God Don't Trust the Abbot Jerome Kodell,2009 One would expect an abbot to have words of wisdom for monks living in a monastery But could his musings be relevant for those living in a complicated and often harried world Yes as readers will discover in this insightful collection From these essays readers will think in new ways about prayer Christian life and faith Along the way they will find in Jerome Kodell an abbot worthy of trust *Your One-Stop Guide to Mary* Mitch Finley,2015-06-22 IF YOU WANT TO KNOW MORE ABOUT MARY THIS IS THE PLACE TO START Mary the Mother of Jesus occupies a unique place in all of history God chose her to be the mother of the Word His only Son And over the centuries Catholics have come to honor her as the Mother of God and the Mother of the Church In Your One Stop Guide to Mary Mitch Finley has given us a concise but complete picture of the Blessed Virgin Mary tracing her story from Scripture through the centuries He describes her titles informs us about Marian doctrines explains her place in the liturgy and tells us about her apparitions If you want to know more about Mary and understand her role in the divine plan this book is the place to start *The Song of Ascents* Tom Hiney,2022-06-01 The Truth is bigger than we are and if it comes for us everything might break open It falls from heaven writes Tom Hiney It can fall at four in the morning when you are cold with insomnia and it can refuse to fall when advertised It has a life of its own and sometimes appears with a

special intensity God calls whether we are ready or not The Song of Ascents tells the stories of lives laid bare by love stories that over the years gradually spurred acclaimed English biographer Tom Hiney up the ragged mountain of his own conversion to Roman Catholicism These stories he says are about people turning to God in horrible moments with faltering human hearts like mine and finding Him to be faithful Written in lean vigorous prose the book is a visceral study of faith in which the holiness of other men and women leads the writer to realize that despite everything anything is possible with God even joy A medieval king awaiting a Viking invasion King Alfred a Jesuit evangelist at the court of Akbar Father Monserrate a West African prince in 1890s Indiana Samuel Morris and a composer in Communist Poland Henryk G recki as well as a trapped Arctic whaling vessel the Diana a lost explorer David Livingstone a disobedient general Charles Gordon and an aging war hero the author s own father all these become unlikely companions in Hiney s messy fumbling journey to Christ The Song of Ascents is about coming to faith through stories including the humanly incredible storytelling of the Church s unique heavenly and inevitable destiny

Vision, Mental Imagery and the Christian Life Zoltán Dörnyei, 2019-07-03 This book uniquely explores how the notion of vision is presented in modern science and the Bible and how it can be applied to contemporary Christian contexts The word vision our ability to see has been described by an increasing body of scholarship in the social sciences as our capacity for mental imagery and imagination As such this unique cognitive capability has been utilised in many fields for a variety of purposes from arts and psychotherapy to politics and business management and even for performance enhancement in sports The current book argues that a better understanding of vision can have far reaching practical implications for Christian life and ministry by helping people to align themselves with God s specific purposes After a theoretical overview that integrates scientific and theological insights the final chapters present a variety of strategies that can help believers to discern God s call through the use of mental imagery and then to develop and cultivate the perceived vision The book examines the scientific and biblical principles of vision in a comprehensive manner with a special emphasis on the practical implications of the issue As such it will be of great interest to scholars of Theology Biblical Studies and Church Growth Leadership as well as Organisational Behaviour Business Management and Psychology
