- 1 Accurate Accuracy is the most important characteristic of any report Accuracy means precise exact reporting and careful descriptions The report must accurately reflect the facts furnished by the interviewee If a Source expresses an opinion or belief which is not a known fact you must report it as such Reports must state exactly what the source saw heard said and did
- 2 Pertinent Pertinent information relates directly to the investigation It can be any information that leads to a better understanding of the facts and the persons involved
- 3 Clear The report must be logically organized and understandable CI Special Agents must write sentences clearly to avoid any possible misinterpretation of the facts You must emphasize ideas in a direct uncomplicated style using standard grammatically correct English and simple wording
- 4 Unbiased An unbiased report includes all pertinent information about the incident under investigation You must never omit information that does not support your view of the facts You must do your best not to form your own opinion about what happened in order to remain an objective impartial and unbiased reporter of facts
- 5 Concise A concise report is straight to the point Conciseness implies brevity but does not dictate the length of the report which will depend on the information available While we should strive for brevity we must never sacrifice accuracy or completeness in the process
- 6 Complete Reports must contain all the facts that answer the six basic interrogatives WHO WHAT WHEN WHERE WHY and HOW The report must leave no unanswered questions If you omit a single link in the chain of facts decision makers may make incorrect decisions the results of which could prove disastrous Proofread all your completed reports and compare them to your notes
- 7 Uniformity Agencies write reports in very much the same format throughout the Department of Defense with the exception of some regional differences based on geographical peculiarities This ensures all persons who may read the report regardless of

location easily understand the information **The American Farmer's New and Universal Handbook ...** ,1869
