planning efforts and pressure can go into these presentations Therefore organizations are constantly on the lookout for such ones who have strong presentation skills to take the lead on these kinds of projects People who possess these skills will be more likely to get noticed by their superiors and climb their way up the corporate ladder faster So whether you are a high level manager or just an assistant developing your presentation skills is one sure way to climb up the corporate ladder Being a good presenter contributes a lot to individual growth especially for those in the field of sales and marketing This is because your presentation skills can help play a vital role in how well you are able to convince your audience Further being a good communicator gives you a chance to connect with people thus enabling you to easily convey your ideas in the meeting room And most times it is your presentation that can actually help bag projects For businessmen and entrepreneurs a powerful presentation can mean funding for their startup or convincing stakeholders For employees and freelancers a great presentation means retaining a client or securing a new project But many people think of presentation skills as only the delivery part However creating a great presentation requires much more than just public speaking skills Being able to create and deliver a great presentation is something that most people need to know as it is an important way to express ideas and persuade audiences One example is the understanding of your audience which is an important trait of a good presenter You need to be able to research properly structure your ideas write the presentation in an orderly flow add visuals and design elements and then only you get to present it Presentation skills are therefore most vital for individual growth as well as the success of an organization on the whole and this book Professional Presentation Skills A Handbook Quick Reference Guide will help you do just that covering all that you would need to prepare and deliver an impactful presentation You will find that the book has been laid out in a very unique manner under 20 headings each beginning with a P that will help equip you or your team with the best of skills to mark your presence and help you move forward and upward soaring high
