Emma Heathcote James

Angels True Stories Of How They Touch Our Lives:

Angels Hope Price,1994 Angels offers evidence that these messengers from God do intervene in our lives carrying out practical missions of mercy and comfort Hope Price has gathered the testimonies of hundreds of people to whom angels have miraculously appeared sometimes in human form sometimes as beings shimmering with light Angels have been seen to rescue children and adults from disaster give early warning of impending tragedy and offer protection in times of fear danger and bereavement And always they leave behind a sense of divine peace Angels Hope Price,1993 Seeing Angels - True Contemporary Accounts of Hundreds of Angelic Experiences Emma Heathcote James,2009-05-04 Emma Heathcote James has analysed over 800 such accounts for her PhD into Contemporary Experiences of Angels Hundreds of people have claimed to have experienced visions of angels These people are not crazy new aged loonies but ordinary people from all walks of life from professionals to prisoners to children This absorbing book the product of painstaking research gets to grips with the issues surrounding these strange manifestations What do they mean How do we know that we ve seen one When are they seen The weight of the evidence may well lead you to adjust the way you have previously considered the supernatural A Simple Guide to Experience Miracles J. P. Moreland,2021-11-16 Does God Still Do Miracles Today A Simple Guide to Experience Miracles will give you confidence in and awareness of the supernatural realm as you learn how to flourish spiritually by experiencing more miraculous interventions in your life and ministry Internationally renowned philosopher J P Moreland looks at the nature of miracles and explains why bearing and receiving credible testimony to God s miraculous acts is a crucial feature of a mature Jesus follower He also shows how to distinguish a real miracle from a mere coincidence Miracles bring comfort to believers strengthening faith in God and creating boldness in our lives While miraculous healings have occurred frequently throughout church history Moreland provides data showing how the last fifty years have seen a massive outbreak of miracles and supernatural activity Today he argues the church should humbly expect to see more of these miraculous works of God than we do Moreland looks at topics like The relationship between sickness and suffering along with two different ways to pray for healing How to discern clearly the difference between a genuine miracle and a mere coincidence How to increase your faith that petitionary prayer really works and what to make of unanswered prayer Six ways God speaks to us and advice for hearing God wisely and biblically The role angels play in our lives how they appear to us and how to combat demonic influence The biblical basis for most Near Death Experiences and what we can learn from them A Simple Guide to Experience Miracles increases your expectation and hope that God can and often does miraculously intervene to bring help and comfort Moreland shows that it makes rational sense to step out and engage in employing Kingdom power and to strengthen courage to witness and act on behalf of the gospel of Jesus Filled with inspiring credible motivating accounts of miracles he covers five different kinds of supernatural activities and provides practical wisdom about how to begin practices such as healing prayer and learning to deal with the demonic Angels Andy Angel,2012-06-01 If

you think you know all about angels think again Although the modern Western world claims to have left angels behind as mythical creatures they are back in popular culture And much of what people are thinking exploring and believing about them finds its roots in ancient Jewish and Christian beliefs Andrew Angel opens up the surprising world of angels to interested enquirers through an examination of the ancient Jewish and Christian texts in which they are found He asks questions about what angels have to do with religious ecstasy surviving suffering and politics among other things finding surprising and sometimes controversial answers Informed by the latest scholarship yet accessible to all this book provides a well researched and thought provoking introduction to angels In the Shadow of his Wings Jonathan Macy,2011-07-28

Historically angels have been viewed as either disconnected objects of speculative investigation or as mystifying beings mysteriously influencing our lives However this is not how the Bible describes them Scripture in sober and straightforward terms simply describes what angels do It is a practical depiction a pastoral presentation We see messages of encouragement revelation and guidance we see judgment and correction we see strengthening we see journeying we see prayer and worship The biblical focus concerning angels is on ministry to the people of God Angels are one way that God intervenes in human affairs in response to pastoral concerns or problems Created to minister angels are best understood not using speculative or detached theology but through applied and pastoral lenses Using only Scripture and a classic model of pastoral theology as the framework this book shows practically how angels are employed by God to bless his church and people as his servant ministers who glorify him alone **The Haunting of Twenty-First-Century America** William J.

Birnes,Joel Martin,2013-12-17 In this companion volume to *The Haunting of America* and *The Haunting of Twentieth Century America* national bestselling authors William J Birnes and Joel Martin explore today's intellectual and spiritual awakening one that is challenging traditional belief systems Birnes and Martin show that though many governments deny the importance of a spiritual component to national policy even the most conservative governments have based social and financial policy decisions on a profound belief in the existence of the paranormal ghosts and spirits From using psychic spying programs to gather intelligence on enemy nations to investigating the use of mind control to impede the abilities of hostile troops the U S government has continuously developed paranormal weapons and tactics alongside their more mundane counterparts U S Presidents from Franklin Pierce through Ronald Reagan regularly relied on the paranormal using trance mediums channelers and astrologists to help plan agendas and travel schedules *The Haunting of Twenty First Century America* is unlike any American history you will ever read it posits that not only is the paranormal more normal than most people think but that it is driving current events to a new Fourth Culture of the twenty first century At the Publisher's request this title is being sold without Digital Rights Management Software DRM applied **Autism and the God**
