Breaking The Death Habit The Science Of Everlasting Life:

Breaking the Death Habit Leonard Orr, 1998-08-03 Breaking the Death Habit is a statement of the incredible the miraculous the crack in the cosmic riddle yet it is presented here as a set of simple and obvious life instructions **Life Beyond 100** C. Norman Shealy, 2006-12-28 Using today's most leading edge therapies and breakthroughs in the science of longevity C Norman Shealy one of the pioneering holistic physicians of our time shows how we can healthfully age to one hundred and beyond The idea of living well beyond one hundred years and enjoying those years in good health used to be the stuff of science fiction No longer C Norman Shealy M D Ph D whom Caroline Myss calls a wizard genius scientist mystic physician offers *Life Beyond 100* Secrets of the Fountain of Youth In this deeply learned and revolutionary book Dr Shealy provides a new concept of longevity one that reveals that we can live far longer than current science suggests Basic healthy living and the use of alternative therapies have long been touted as the way to well being but Dr Shealy takes these tenets a step further From the physiology of stress and its effect on the human mind and body to the importance of DHEA from the proven techniques of photostimulation and biofeedback training to groundbreaking suggestions for alleviating depression from Shealy's electromagnetic framework of life to his recommendations for optimal health *Life Beyond 100* presents a detailed roadmap to achieve healthy aging or youthing The result of years of clinical practice and cutting edge research *Life Beyond 100* also exposes the fallacies behind many of the claims made by the medical establishment and the pharmaceutical industry Shealy argues that rather than increasing people's life expectancy these two groups create the opposite effect consigning hundreds of thousands of people to an often miserable and premature old age by treating symptoms with an antidote prescription medicine that is often worse than the ailment itself As a counterpoint *Life Beyond 100* provides the most ambitious yet medically grounded and commonsensical longevity program available Easy to follow and supported by advanced research Dr Shealy's guide to uncovering the secrets of youthful aging redefines the concept of human longevity and offers a new vision of healthy living to one hundred and beyond *A Simple Solution* Ashton Kovacs, 2010-01-14

An End to All Disease Lt. Lawrence F. Frego, 2006-07-19 We are at the crossroads of world health On the one hand we face the possibility of a world wide pandemic the likes of which has never been seen before We are likewise on the threshold of discovering natural cures for nearly every disease As choosing wisely may mean the difference between life and death this book is designed to help the reader choose alternative options that are seldom if ever in the news Jared Diamond in his groundbreaking work *Collapse How Societies Choose to Fail or Succeed* addresses the fact that only civilizations that recognize the threats against their existence and deal with the threat effectively survive Civilizations with their heads in the sand become extinct or are conquered by more vigorous nations The robber barons of the last century were able to create a monopoly for oil and the automobile by ruthlessly and systematically destroying all competition They tore up cable car lines and public transportation so the public would have no other alternative except their oil Today the drug monopolies owned by the descendants of these same robber barons are nearly complete in their plot to eradicate all natural low cost remedies for disease prevention and treatment In the state of Florida naturopathic physicians were de licensed unless they also had a conventional medical license The powers that be want to create a drug induced society at an enormous financial and emotional cost to the public at large They are even trying to outlaw vitamins via European health treaties and side step the American constitution and the public The ever escalating cost of medical care created by lack of natural alternative options can only lead to the eventual total collapse of the entire medical system It is exceedingly difficult finding the truth about

alternative medicine as the system has a vested interest in making profits and keeping the truth from you A few thousand deaths is an acceptable loss if a few billion dollars can be made And it will be a cold day in hell before a drug company puts itself out of business by telling you about a low cost natural cure that their product can manage The guardians of public health know which side their toast is buttered on also The career politicians and beltway bandits at the FDA know where the money is and they dont get it from you or providers of natural cures The drug monopolies pay the big bucks There have been no checks and balances Corruption has become so pronounced that the US House of Representatives is seeking to pass the Consumers Access to Health Information Act H R 2352 to ensure that accurate health claims ARE NOT SUPPRESSED Consumers would be given TRUTHFUL AND COMPLETE information about the curative mitigation treatment and prevention effects of foods and dietary supplements on disease or health related conditions The time to exercise your God given right to the health care of your choice is now www.lef.org America has the finest emergency health care in the world Bar none However that is not the nature of the coming threat American baby boomers will soon be retiring in the tens of millions Their health care needs will be staggering and costly However 92% of American health care providers are trained in emergency medicine and only 8% in long term preventative medicine As it takes a minimum of 6 7 years to obtain a medical degree America is unprepared for a crisis that is inevitable *Planet Medicine: Modalities, Revised Edition* Richard Grossinger, 2000 Planet Medicine is a major work by an anthropologist who looks at medicine in a broad context In this edition additions to this classic text include a section on Reiki a comparison of types of palpation used in healing updates on craniosacral therapy and a means of understanding how different alternative medicines actually work Illustrated throughout this is the standard on the history philosophy and anthropology of this subject
