Bridging Boundaries The Pastoral Care Of U S Hispanics:

Bridging Boundaries Kenneth G. Davis, Yolanda Tarango, 2000 This Book Examines the theological implications of the Hispanic sensus fidelium as expressed in religion popular seeing it as a consensus that needs to be fully accepted for itself by the official church It plays a double role as both a vehicle for the Christian faith in Hispanic communities and as praxis that helps Hispanics hold on to one of the key elements of their identity namely the Christian Religion It also examines the implications of diversity among Hispanics in the United States There are two reasons why this immigration is different from those of the past it brings a constantly renewing flow of immigrants from Latin America and the Caribbean and it is richly diverse with its differences and likenesses Only when the religious traditions of these immigrants and their diversity are truly embraced by the church will it truly become a key element in American Hispanic culture So one of the key objects of this thorough pastoral study of American Hispanics is to try to build better bridges of communication over the boundaries that separate culture generation ethnicity language acculturation gender race and religion Hispanic-American Writers, New Edition Harold Bloom, 2009 Presents a collection of critical essays analyzing modern Hispanic American writers including Junot Diaz Pat Mora and Rudolfo Anaya *Engaging Latino/a/x Theologies* Sharon E. Heaney, 2024-02-26 Sharon E Heaney describes how the life giving interruption of Latin American poets novelists artists and theologians changed her life in a conflict ridden Northern Ireland An outsider in this study she provides an engagement with a stream of theology in the United States she takes to be exemplary Latino a x theology is teolog a en conjunto collaborative theology It models ways to examine complicated and contested histories and identities and it resists dominant assumptions about theological points of departure in favor of also valuing the everyday as locus theologicus Identifying major themes and foundational thinkers alongside more recent developments Heaney offers an overview and invites readers to further reading study and formation Modelling what it esteems each chapter closes in conversation with a Latino a x leader in the church The conclusion is written by practical theologian Altagracia P rez Bullard She affirms this is not just an intellectual exercise this engagement is the practice of our lives as we journey with God and as we journey with one another It is an exciting journey It changes us
