environment that seems to be as real as the physical world Sometimes we are even more awake and we experience everything with more intensity than in everyday life We step into a world full of wonder and beauty In this we are not simply passive observers but instead we are able to knock on someone's door to go in and speak with the people who live there Through astral travel my inner life has been enriched enormously In repeated experiences on the astral plane encounters with deceased and highly evolved beings I could strengthen my own belief in a world beyond and in afterlife Life has gained a deeper meaning it is not only for short lived pleasure and fun Instead higher goals are pursued and it becomes possible to evolve as a person This book presents and explains different phenomena and methods of astral travelling It also contains considerations on lucid dreaming vs astral travelling People who are studying the phenomena of astral travelling will find plenty of information here
