At The High School Reunion:

A Room Full of Mirrors Keiko Ikeda, 1998 Drawing on candid personal narratives derived from reunions ranging from the fifth to the fiftieth this pathbreaking book demonstrates that for many Americans the high school reunion is a rich poignant experience and a dramatic moment in the construction of self and meaning in adulthood Our Class Reunion Barker, 1912 After Pomp and Circumstance Vered Vinitzky-Seroussi, 1998-06-08 Menacing nerve racking uncomfortably intrusive the high school reunion has become a dreaded encounter with past and present for many Americans It is a moment of both heightened self awareness and public presentation insisting that we account for ourselves not merely to our own satisfaction but to the satisfaction of others as well For sociologist Vinitzky Seroussi the high school reunion presents an ideal forum in which to explore the ongoing construction of identity in American society and perhaps to ascertain just how we have managed to make sense of our lives from then to now As autobiographical occasions reunions prompt us to examine our own life narratives the stories we tell ourselves about who we are and how we have come to be that person But at the same time they can threaten the integrity of those very stories subjecting them to the scrutiny of others whose memories of the past and ourselves may be altogether different from our own Reunions then engender a fragile community held together by the resources of a shared past yet imperiled by the tensions of competing histories Inevitably for both those who attend and those who choose not to the reunion forces a kind of biographical confrontation an unavoidable and often pivotal engagement between a carefully constructed personal identity and the socially prevalent standards of success and accomplishment Though many see in today's culture the gradual demise of personal identity Vinitzky Seroussi's carefully researched study reveals something quite different After Pomp and Circumstance explores a struggle we all experience the desire to resolve the tension between public conceptions and internal understandings to maintain a sense of continuity between past and present lives and to lay claim to both an integrated self and a unified life history **The Alumni Quarterly of the University of Illinois**, 1914 The Alumni Quarterly and Fortnightly Notes of the University of Illinois, 1918 100 Greatest Cult Films Christopher J. Olson, 2018-04-12 The term cult film may be difficult to define but one thing is certain A cult film is any movie that has developed a rabid following for one reason or another From highly influential works of pop art like Eraserhead and Faster Pussycat Kill Kill to trash masterpieces such as Miami Connection and Fateful Findings thousands of movies have earned recognition as cult classics over the years and new movies rise to cult status every year So how do viewers searching for the best or most important cult films decide where to start In 100 Greatest Cult Films Christopher J Olson highlights the most provocative intriguing entertaining and controversial films produced over the last century The movies included here have either earned reputations as bona fide cult classics or have in some way impacted our understanding of cult cinema often transcending traditional notions of good and bad while featuring memorable characters unforgettably shocking scenes and exceptionally quotable dialogue With detailed arguments for why these films deserve to

be considered among the greatest of all time Olson provides readers fodder for debate and a jumping off point for future watching A thought provoking and accessible look at dozens of cinematic treasures this resource includes valuable information on the films creators and institutions that have shaped cult cinema Ultimately The 100 Greatest Cult Films offers readers from casual cinephiles film scholars and avid fans alike a chance to discover or re discover some of the most memorable films of all time
