Anglophone Jewish Literature Anglophone Jewish Literature

Frank Schulze-Engler, Sissy Helff

Anglophone Jewish Literature Anglophone Jewish Literature:

Anglophone Jewish Literature Axel Stähler, 2007-09-14 English has become the major language of contemporary Jewish literature This book shows the transnational character of that literature and how traditional viewpoints need to be reassessed

Edinburgh Companion to Modern Jewish Fiction David Brauner, 2015-06-07 This book provides a critical overview of the main writers and key themes of Anglophone Jewish fiction highlighting the rich diversity of the field identifying key themes analysing the main trends in Anglophone Jewish fiction and situating them in a historical context

Transcultural English Studies Frank Schulze-Engler, Sissy Helff, 2009 What is most strikingly new about the transcultural is its sudden ubiquity Following in the wake of previous concepts in cultural and literary studies such as creolization hybridity and syncretism and signalling a family relationship to terms such as transnationality translocality and transmigration transcultural terminology has unobtrusively but powerfully edged its way into contemporary theoretical and critical discourse The four sections of this volume denote major areas where transcultural questions and problematics have come to the fore theories of culture and literature that have sought to account for the complexity of culture in a world increasingly characterized by globalization transnationalization and interdependence realities of individual and collective life worlds shaped by the ubiquity of phenomena and experiences relating to transnational connections and the blurring of cultural boundaries fictions in literature and other media that explore these realities negotiate the fuzzy edges of ethnic or national cultures and participate in the creation of transnational public spheres as well as transcultural imaginations and memories and finally pedagogy and didactics where earlier models of teaching other cultures are faced with the challenge of coming to terms with cultural complexity both in what is being taught and in the people it is taught to and where target cultures have become elusive The idea of locating culture and literature exclusively in the context of ethnicities or nations is rapidly losing plausibility throughout an English speaking world that has long since been multi rather than monolingual Exploring the prospects and contours of Transcultural English Studies thus reflects a set of common challenges and predicaments that in recent years have increasingly moved centre stage not only in the New Literatures in English but also in British and American studies

Jews and Jewishness in British Children's Literature Madelyn Travis, 2013-09-02 In a period of ongoing debate about faith identity migration and culture this timely study explores the often politicised nature of constructions of one of Britain's longest standing minority communities Representations in children's literature influenced by the impact of the Enlightenment the Empire the Holocaust and 9 11 reveal an ongoing concern with establishing maintaining or problematising the boundaries between Jews and Gentiles Chapters on gender refugees multiculturalism and historical fiction argue that literature for young people demonstrates that the position of Jews in Britain has been ambivalent and that this ambivalence has persisted to a surprising degree in view of the dramatic socio cultural changes that have taken place over two centuries Wide ranging in scope and interdisciplinary in approach *Jews and Jewishness in British Children's*

Literature discusses over one hundred texts ranging from picture books to young adult fiction and realism to fantasy Madelyn Travis examines rare eighteenth and nineteenth century material plus works by authors including Maria Edgeworth E Nesbit Rudyard Kipling Richmal Crompton Lynne Reid Banks Michael Rosen and others The study also draws on Travis s previously unpublished interviews with authors including Adele Geras Eva Ibbotson Ann Jungman and Judith Kerr *The Cambridge History of Judaism: Volume 8, The Modern World, 1815–2000* Mitchell B. Hart, Tony Michels, 2017-09-28 The eighth and final volume of The Cambridge History of Judaism covers the period from roughly 1815 2000 Exploring the breadth and depth of Jewish societies and their manifold engagements with aspects of the modern world it offers overviews of modern Jewish history as well as more focused essays on political social economic intellectual and cultural developments The first part presents a series of interlocking surveys that address the history of diverse areas of Jewish settlement The second part is organized around the emancipation Here chapter themes are grouped around the challenges posed by and to this elemental feature of Jewish life in the modern period The third part adopts a thematic approach organized around the category culture with the goal of casting a wide net in terms of perspectives concepts and topics The final part then focuses on the twentieth century offering readers a sense of the dynamic nature of Judaism and Jewish identities and affiliations *Colonialism and the Jews in German History* Stefan Vogt, 2022-06-16 Colonialism and the Jews in German History brings together new and path breaking studies on the historical relationship between colonialism and the Jews in Germany The book considers the mutual influences on the situation of the Jews in Germany including attitudes towards Jews and anti-Semitism but also Jewish self conceptions and the ideology and politics of German colonialism The contributors discuss the ways in which colonial ideology and practice have affected the position of the Jews in Germany and the relationship between anti-Semitism and colonial racism In doing so the volume introduces German colonialism as a relevant context for German Jewish history and it expands the perspective on German colonial history significantly by considering Jews both as distinct objects and also as agents within the field of German colonialism The volume includes studies on the pre colonial era the phase of active German colonialism since the 1880s and the time after Germany lost its colonies in the First World War All these studies testify to the fact that German Jewish history takes on additional significance if seen as part of a global history of collective relationships

Irish Questions and Jewish Questions Aidan Beatty, Dan O'Brien, 2018-08-01 The Irish and the Jews are two of the classic outliers of modern Europe Both struggled with their lack of formal political sovereignty in the nineteenth century Simultaneously European and not European both endured a bifurcated status perceived as racially inferior and yet also seen as a natural part of the European landscape Both sought to deal with their subaltern status through nationalism both had a tangled ambiguous and sometimes violent relationship with Britain and the British Empire and both sought to revive ancient languages as part of their drive to create a new identity The career of Irish politician Robert Briscoe and the travails of Leopold Bloom are just two examples of the delicate balancing of Irish and Jewish identities in the first half of the twentieth

century Irish Questions and Jewish Questions explores these shared histories covering several centuries of the Jewish experience in Ireland as well as events in Israel Palestine and North America The authors examine the leading figures of both national movements to reveal how each had an active interest in the successes and failures of the other Bringing together leading and emerging scholars from the fields of Irish studies and Jewish studies this volume captures the most recent scholarship on their comparative history with nuance and remarkable insight

Jewish Fantasy Worldwide Valerie Estelle Frankel,2023-04-04 Jewish Fantasy Worldwide Trends in Speculative Stories from Australia to Chile reaches beyond American fiction to reveal a spectrum of Jewish imagination The chapters in this collection cover speculative works by Jewish artists and about Jewish characters from a broad range of national contexts including post Holocaust Europe the Soviet Union Israel South America French Canada and the Middle East The contributors consider various media including novels short stories film YouTube videos and fanfiction Essays explore topics ranging from the ancient Jewish kingdom of Khazaria to modern university classes and the revival of Yiddish to the breadth of LGBTQ representation For scholars and fans alike this collection of essays will provide new perspectives on Jewish presences in speculative fiction around the world

Voices and Silence in the Contemporary Novel in English Vanessa Guignery,2009-10-02 This volume examines the various processes at work in expressing silence and excessive speech in contemporary novels in English covering the whole spectrum from effusiveness to muteness Even if in the postmodern episteme language is deemed inadequate for speaking the unspeakable contemporary authors still rely on voice as a mode of representation and a performative tool and exploit silence not only as a sign of absence block or withdrawal but also as a token of presence and resistance Logorrhoea and reticence are not necessarily antithetical as compulsive verbosity may work as a smokescreen to sidestep the real issues while silences and gaps may reveal more than they hide By submitting their texts to both expansion and retention hypertrophy and aphasia writers persistently test the limits of language and its ability to make sense of individual and collective stories The present volume analyses the complex poetics of silence and speech in fiction from the 1960 s to the present with special focus on Will Self Graham Swift John Fowles Kazuo Ishiguro Jenny Diski Lionel Shriver Mich le Roberts Margaret Atwood Jonathan Safran Foer Salman Rushdie Arundhati Roy Zadie Smith Jamaica Kincaid Ryhaan Shah and J M Coetzee

Translating Canada Luise von Flotow,Reingard M. Nischik,2007-10-25 In the last thirty years of the twentieth century Canadian federal governments offered varying degrees of support for literary and other artistic endeavour A corollary of this patronage of culture at home was an effort to make the resulting works available for audiences elsewhere in the world Current developments in the study of translation and its influence as cultural transfer have made possible new assessments of such efforts to project a national image abroad Translating Canada examines cultural materials exported by Canada in addition to those selected for acquisition by German publishers theatres and other culture brokers It also considers the motivations of particular translators and the reception by German reviewers of works by a wide variety of Canadian writers novelists and

poets playwrights and children's authors literary and social critics Above all the book maps for its readers a number of significant though frequently unsuspected roles that translation assumes in the intercultural negotiation of national images and values The chapters in this collection will be of value to students teachers and scholars in a number of fields Informed lay readers too will appreciate the authors insights into the different ways in which translation has contributed to German reception of Canadian books and culture Translating Canada examines cultural materials exported by Canada in addition to those selected for acquisition by German publishers theatres and other culture brokers It also considers the motivations of particular translators and the reception by German reviewers of works by a wide variety of Canadian writers Published in English
