A Natural History Of English Gardening 1650 18:

A Natural History of English Gardening, 1650-1800 Mark Laird, 2015 Published for the Paul Mellon Centre for Studies in British Art by Yale University Press *An Environmental History of Wildlife in England 1650 - 1950* Tom Williamson, 2013-12-05 Choice Outstanding Academic Title 2014 While few detailed surveys of fauna or flora exist in England from the period before the nineteenth century it is possible to combine the evidence of historical sources ranging from game books diaries churchwardens accounts and even folk songs and our wider knowledge of past land use and landscape with contemporary analyses made by modern natural scientists in order to model the situation at various times and places in the more remote past This timely volume encompasses both rural and urban environments from 1650 to the mid twentieth century drawing on a wide variety of social historical and ecological sources It examines the impact of social and economic organisation on the English landscape biodiversity the agricultural revolution landed estates the coming of large scale industry and the growth of towns and suburbs It also develops an original perspective on the complexity and ambiguity of man animal relationships in this post medieval period *Curiosities and Texts* Marjorie Swann, 2010-11-24 A craze for collecting swept England during the sixteenth and seventeenth centuries Aristocrats and middling sort men alike crammed their homes full of a bewildering variety of physical objects antique coins scientific instruments minerals mummified corpses zoological specimens plants ethnographic objects from Asia and the Americas statues portraits Why were these bizarre jumbles of artifacts so popular In *Curiosities and Texts* Marjorie Swann demonstrates that collections of physical objects were central to early modern English literature and culture Swann examines the famous collection of rarities assembled by the Tradescant family the development of English natural history narrative catalogs of English landscape features that began to appear in the Tudor and Stuart periods the writings of Ben Jonson and Robert Herrick and the foundation of the British Museum Through this wide ranging series of case studies Swann addresses two important questions How was the collection which was understood as a form of cultural capital appropriated in early modern England to construct new social selves and modes of subjectivity And how did literary texts both as material objects and as vehicles of representation participate in the process of negotiating the cultural significance of collectors and collecting Crafting her unique argument with a balance of detail and insight Swann sheds new light on material culture s relationship to literature social authority and personal identity

The Curious World of Samuel Pepys and John Evelyn Margaret Willes, 2017-09-19 An intimate portrait of two pivotal Restoration figures during one of the most dramatic periods of English history Samuel Pepys and John Evelyn are two of the most celebrated English diarists They were also extraordinary men and close friends This first full portrait of that friendship transforms our understanding of their times Pepys was earthy and shrewd while Evelyn was a genteel aesthete but both were drawn to intellectual pursuits Brought together by their work to alleviate the plight of sailors caught up in the Dutch wars they shared an inexhaustible curiosity for life and for the exotic Willes explores their mutual interests diary keeping science

travel and a love of books and their divergent enthusiasms Pepys for theater and music Evelyn for horticulture and garden design Through the richly documented lives of two remarkable men Willes revisits the history of London and of England in an age of regicide revolution fire and plague to reveal it also as a time of enthralling possibility **Queens Consort, Cultural**

Transfer and European Politics, c.1500-1800 Helen Watanabe-O'Kelly,Adam Morton,2016-11-03 Queens Consort Cultural Transfer and European Politics examines the roles that queens consort played in dynastic politics and cultural transfer between their natal and marital courts during the sixteenth seventeenth and eighteenth centuries This collection of essays analyses the part that these queens played in European politics showing how hard and soft power high politics and cultural influences cannot be strictly separated It shows that the root of these consorts power lay in their dynastic networks and the extent to which they cultivated them The consorts studied in this book come from territories such as Austria Braunschweig Hanover Poland Portugal Prussia and Saxony and travel to among other places Britain Naples Russia Spain and Sweden The various chapters address different types of cultural manifestation among them collecting portraiture panegyric poetry libraries theatre and festivals learning genealogical literature and architecture The volume significantly shifts the direction of scholarship by moving beyond a focus on individual historical women to consider queens consort as a category making it valuable reading for students and scholars of early modern gender and political history American

Eden Victoria Johnson,2018-06-05 Finalist for the 2018 National Book Award for Nonfiction A New York Times Editors Choice Selection The untold story of Hamilton s and Burr s personal physician whose dream to build America s first botanical garden inspired the young Republic On a clear morning in July 1804 Alexander Hamilton stepped onto a boat at the edge of the Hudson River He was bound for a New Jersey dueling ground to settle his bitter dispute with Aaron Burr Hamilton took just two men with him his second for the duel and Dr David Hosack As historian Victoria Johnson reveals in her groundbreaking biography Hosack was one of the few points the duelists did agree on Summoned that morning because of his role as the beloved Hamilton family doctor he was also a close friend of Burr A brilliant surgeon and a world class botanist Hosack who until now has been lost in the fog of history was a pioneering thinker who shaped a young nation Born in New York City he was educated in Europe and returned to America inspired by his newfound knowledge He assembled a plant collection so spectacular and diverse that it amazes botanists today conducted some of the first pharmaceutical research in the United States and introduced new surgeries to America His tireless work championing public health and science earned him national fame and praise from the likes of Thomas Jefferson James Madison Alexander von Humboldt and the Marquis de Lafayette One goal drove Hosack above all others to build the Republic s first botanical garden Despite innumerable obstacles and near constant resistance Hosack triumphed when by 1810 his Elgin Botanic Garden at last crowned twenty acres of Manhattan farmland Where others saw real estate and power Hosack saw the landscape as a pharmacopoeia able to bring medicine into the modern age Eric W Sanderson author of Mannahatta Today what remains of

America's first botanical garden lies in the heart of midtown buried beneath Rockefeller Center Whether collecting specimens along the banks of the Hudson River lecturing before a class of rapt medical students or breaking the fever of a young Philip Hamilton David Hosack was an American visionary who has been too long forgotten Alongside other towering figures of the post Revolutionary generation he took the reins of a nation In unearthing the dramatic story of his life Johnson offers a lush depiction of the man who gave a new voice to the powers and perils of nature **Hanover and England**

Marcus Köhler, Joachim Wolschke-Bulmahn, 2018-07-31 When George I Elector of Hanover was crowned King of England in 1714 he established a dynastic union between the two countries that endured until 1837 leaving many cultural and political accomplishments to posterity The 300th anniversary of this union led the Institute of Landscape Architecture Technische Universität Dresden and the Centre of Garden and Landscape Architecture CGL Leibniz Universität Hannover to take a critical look at the gardens that resulted The symposium Hanover and England a union of state and garden German and British garden culture between 1714 and today was sponsored by the Lower Saxonian Ministry of Science and Culture The resulting papers dealt with far more than garden history addressing as well the background and channels by which ideas on art agriculture commerce technology literature and politics were exchanged Given the encyclopedic interests of late 18th century thinkers it was necessary to invite several academic disciplines to participate in order to describe and discuss the cultural transfer between Great Britain and Hanover The transfer of horticultural and artistic ideas very often flourished in the 19th century at different places For this reason the conference focused on two key aspects the Hanoverian British exchange between 1714 and 1837 the period of the actual royal union and the Anglo German relations that endure to the present day Als Georg I Kurfürst von Hannover 1714 zum König von England gekrönt wurde begründete dies eine Personalunion zwischen den beiden Ländern die bis 1837 bestand und der Nachwelt eine Vielzahl kultureller und politischer Errungenschaften hinterließ Das 300 jährige Jubiläum dieses Zusammenschlusses nahmen das Institut für Landschaftsarchitektur der Technischen Universität Dresden und das Zentrum für Gartenkunst und Landschaftsarchitektur CGL der Leibniz Universität Hannover zum Anlass sich kritisch mit den in dieser Zeit entstandenen Gärten auseinanderzusetzen Das Symposium Hanover and England a union of state and garden German and British garden culture between 1714 and today wurde vom Niedersächsischen Ministerium für Wissenschaft und Kultur gefördert Die Beiträge beschäftigten sich nicht nur mit Gartengeschichte sondern widmeten sich auch dem Austausch von Ideen zu Kunst Landwirtschaft Handel Technologie Literatur und Politik So schien es sinnvoll unterschiedliche akademische Disziplinen zur Teilnahme einzuladen um den kulturellen Transfer zwischen Großbritannien und Hannover zu untersuchen und zu diskutieren Die Konferenz konzentrierte sich auf zwei Schlüsselaspekte den hannoverisch britischen Austausch zwischen 1714 und 1837 die Zeit der Personalunion und die deutsch englischen Beziehungen die bis heute andauern The Politics of Street Trees Jan Woudstra, Camilla Allen, 2022-03-17 This book focuses on the politics of street trees and the institutions actors and processes

that govern their planning planting and maintenance This is an innovative approach which is particularly important in the context of mounting environmental and societal challenges and reveals a huge amount about the nature of modern life social change and political conflict The work first provides different historical perspectives on street trees and politics celebrating diversity in different cultures A second section discusses street tree values policy and management addressing more contemporary issues of their significance and contribution to our environment both physically and philosophically It explores cultural idiosyncrasies and those from the point of view of political economy particularly challenging the neo liberal perspectives that continue to dominate political narratives The final section provides case studies of community engagement civil action and governance International case studies bring together contrasting approaches in areas with diverging political directions or intentions the constraints of laws and the importance of people power By pursuing an interdisciplinary approach this book produces an information base for academics practitioners politicians and activists alike thus contributing to a fairer political debate that helps to promote more democratic environments that are sustainable equitable comfortable and healthier

In the Herbarium Maura C. Flannery, 2023-01-01 How herbaria illuminate the past and future of plant science Collections of preserved plant specimens known as herbaria have existed for nearly five centuries These pressed and labeled plants have been essential resources for scientists allowing them to describe and differentiate species and to document and research plant changes and biodiversity over time including changes related to climate Maura C Flannery tells the history of herbaria from the earliest collections belonging to such advocates of the technique as sixteenth century botanist Luca Ghini to the collections of poets politicians and painters and to the digitization of these precious specimens today She charts the growth of herbaria during the Age of Exploration the development of classification systems to organize the collections and herbaria s indispensable role in the tracking of climate change and molecular evolution Herbaria also have historical aesthetic cultural and ethnobotanical value these preserved plants can be linked to the Indigenous peoples who used them the collectors who sought them out and the scientists who studied them This book testifies to the central role of herbaria in the history of plant study and to their continued value not only to biologists but to entirely new users as well gardeners artists students and citizen scientists

Plants and Gardens as Artefacts in Transcultural Contexts Minna Törmä, 2025-09-30 This edited volume explores the ways in which the object biography or object itinerary approach could be adapted to frame research on animate objects such as plants and gardens in transcultural contexts By treating these animate elements as objects in the manner of artefacts and looking at their individual histories we gain a more nuanced sense of how data accumulated how new knowledge developed through printed texts and specimen collections and how the creators of gardens or landscapes formed their collections Chapters explore the shifts in meanings when objects from diverse origins meet in new cultural contexts where their new owners create assemblages based on their perception of the world The book will be of interest to scholars working in art history material culture and cultural geography
