Punk Rock Warlord: the Life and Work of Joe Strummer Barry J. Faulk,Brady Harrison,2017-09-28

Punk Rock Warlord explores the relevance of Joe Strummer within the continuing legacies of both punk rock and progressive politics. It is aimed at scholars and general readers interested in The Clash, punk culture, and the intersections between pop music and politics on both sides of the Atlantic. Contributors to the collection represent a wide range of disciplines including history, sociology, musicology, and literature; their work examines all phases of Strummer's career from his early days as Woody the busker to the whirlwind years as front man for The Clash to the wilderness years and Strummer's final days with the Mescaleros. Punk Rock Warlord offers an engaging survey of its subject while at the same time challenging some of the historical narratives that have been constructed around Strummer, the Punk Icon. The essays in Punk Rock Warlord address issues including John Graham Mellor's self-fashioning as Joe Strummer, rock revolutionary, critical and media constructions of punk, and the singer's complicated and changing relationship to feminism and anti-racist politics. These diverse essays nevertheless cohere around the claim that Strummer's look, style, and musical repertoire are so rooted in both English and American cultures that he cannot finally be extricated from either.

The Art of Noise Daniel Rachel, 2024-07-02

THE ART OF NOISE offers an unprecedented collection of insightful conversations with twenty-seven great British songwriters and composers. They discuss everything from their individual approaches to writing to the inspiration behind their most successful songs to the techniques and methods they have independently developed to foster their creativity. Contributors include Sting, Ray Davies, Robin Gibb, Jimmy Page, Joan Armatrading, Noel Gallagher, Lily Allen, Annie Lennox, Damon Albarn, Noel Gallagher, Laura Marling, Paul Weller, Johnny Marr, and many more. Musician-turned-author Daniel Rachel approaches each interview with an impressive depth of understanding of the practice of songwriting, but also of each musician's catalog. The result is a collection of conversations that's probing, informed, and altogether entertaining. What contributor Noel Gallagher called "without doubt the finest book I've ever read about songwriters and the songs they write," the collected experience of these songwriters makes this book the essential word of songwriting as spoken by the songwriters themselves.
