Wisdom from the Christian Mystics: How to Pray the Christian Way David Torkington, 2018-01-26 When Quietism was condemned in 1687 it resulted in an antipathy if not an open hostility to authentic mystical theology This situation has lasted down to the present day and has been aggravated by many forms of counterfeit mysticism that are self centred not God centred The consequences have been disastrous To restore the balance lost to Christian spirituality the author returns to the profound mystical teaching that Jesus himself lived and handed on to the early Church through his disciples His research has resulted in a book that details a practical daily spirituality for all that mirrors that which was lived by our earliest Christian forebears It emphasises the original balance between personal and communal prayer in such a way that our whole lives become the place where we continually offer our lives through Christ to the Father *The Mystic's Way for Regular People* James C. Alexander, 2021-04-19 Many are searching for a deeper spiritual life Yet often seekers don't really know where to begin In this short book James Alexander demystifies the mystical journey Realizing that the mystics have much to offer those searching for a richer spiritual life and yet that not everyone is called to a monastic life Alexander offers a path for everyday mystics If you have been wanting something more but don't know how to go about it this book is for you Characteristics of the mystical journey as well as practices that will deepen your spiritual life and relationships with others are presented in an inviting doable way The mystic's way is a reality for everyone This book offers a starting point for a fuller richer experience of God that will encourage you and excite you Discover a path that has enriched the life of many followers of Jesus both now and in the past The journey awaits you Now is the time to begin **One Soul's Journey, a Mystic's Way Home.** Josie Hopkins, 2012-11 One Soul's Journey a Mystic's Way Home shares Josie's challenging life experiences and mystical revelations Written with a passionate intent to guide others on their journeys her wisdom flows from each experience enabling her mystical journey to become an inspired resource of higher knowledge to reach for as you make your own way home to the divine This book offers tools with which to navigate through the dark night into the transformative state of the cosmic heart providing a clear understanding of the journey the soul must take to transcend into the active mystic Learn the seven attributes of the soul that provide the depth necessary for true healing and forgiveness www.essencehealinghome.com *Way of The English Mystics* Gordon C. Miller, 1996-01-07 A distinctive feature of Western religious life in recent years has been the rediscovery of the contemplative tradition in Christianity Within the Christian mystical tradition England holds a unique place with a number of major figures from the Middle Ages and later whose writings have fascinated generations of readers This book presents seven of them five from the medieval period the golden age of English mysticism Richard Rolle Walter Hilton the author of *The Cloud of Unknowing* Julian of Norwich and Margery Kempe and two from later centuries William Law and George Herbert Each chapter consists of an introductory essay on the life and writings of each individual followed by carefully chosen extracts from their writings Those from the medieval period

are in fresh new translations All these writers see the spiritual life as an ongoing process a pilgrimage This inner pilgrimage requires no outer excursions but throughout the ages spiritual pilgrims have undertaken physical pilgrimages as well One aim of this book is to encourage its readers to continue this tradition by visiting sites from which the writings arose So each chapter is provided with a map of the area of immediate interest and a drawing of the place most associated with each figure and the introductory essays contain practical information about how to get there No other anthology of mystical and spiritual writings describes the lives and locations of these individuals in this way Gordon L Miller Ph D is a writer and historian living near Seattle Washington He attended Milligan College and Christian Theological Seminary This book developed from a period of post graduate study at Cambridge University when he visited the sites described in the book a journey which he says made the historical grounding of the English mystical tradition much more real to me He is also the author of *Wisdom of the Earth Visions of an Ecological Faith* The Way of the Mystics Eisenstadt, Peter,Fluker, Walter Earl,2021-08-25 Sermons by Howard Thurman on mystics and mysticism *Mystics* William Harmless,2008 In *Mystics* William Harmless S J introduces readers to the scholarly study of mysticism He explores both mystics extraordinary lives and their no less extraordinary writings using a unique case study method centered on detailed examinations of six major Christian mystics Thomas Merton Bernard of Clairvaux Hildegard of Bingen Bonaventure Meister Eckhart and Evagrius Ponticus Rather than presenting mysticism as a subtle web of psychological or theological abstractions Harless s case study approach brings things down to earth restoring mystics to their historical context **Mysticism Examined** Richard H. Jones,1993-01-01 Mysticism presents a challenge to anyone who is interested in fundamental questions about the nature of reality knowledge and how we should live In this book the author examines questions posed by mysticism He clarifies the nature of the claims advanced by Western and Asian mystics and explores the beliefs and values of classical mystical ways of life for their interconnections and reasonableness Jones discusses whether all mystical experiences and all mystical claims of knowledge are similar and examines the relation of concepts and experiences in mystics claims Also presented are standards for evaluating competing mystical claims and mystics problems with language Whether mystics arguments are rational is investigated along with the relation of moral and non moral values and the role of beliefs and values in enlightened mystics ways of life Mysticism s relation to the enterprises of science theology psychology and ethics is also examined

Introduction to the Medieval Mystics of Europe Paul E. Szarmach,1985-06-30 The European Middle Ages bequeathed to the world a legacy of spiritual and intellectual brilliance that has shaped many of the ideals preconceptions and institutions we now take for granted An *Introduction to the Medieval Mystics of Europe* examines this phenomenon in vivid and scholarly accounts of the lives and achievements of those men and women whose genius most inspired their own and subsequent ages These great mystics explored and consciously realized the relationship between human life and unconditioned transcendence Representing both the contemplative and scholastic traditions the mystics in these studies often found their solutions to

ultimate questions in radically different ways Some of them such as Eckhart Aquinas and Cusa may already be familiar and here the reader will benefit from a new approach and summary of extensive research Others such as Smaragdus and several of the women mystics are little known even to specialists Finally and unusually for a study of European mysticism the influence of Spanish Kabbalists is discussed in relation to the Zohar and two figures from the mystical school of Safed Cordovero and Luria Though the essays focus on individuals the cultural and social implications of their lives and work are never ignored for the mystic way did not exist separately from the rest of medieval life it functioned as an integral part of the whole influencing the development of Christian and Jewish religions in both their internal and external forms **Mystics**

and Zen Masters Thomas Merton, 2025-09-23 Thomas Merton was recognized as one of those rare Western minds that are entirely at home with the Zen experience In this collection he discusses diverse religious concepts early monasticism Russian Orthodox spirituality the Shakers and Zen Buddhism with characteristic Western directness Merton not only studied these religions from the outside but grasped them by empathy and living participation from within All these studies wrote Merton are united by one central concern to understand various ways in which men of different traditions have conceived the meaning and method of the way which leads to the highest levels of religious or of metaphysical awareness **Women**
