A New Map The Poetry Of Migrant Writers In Italy:

A New Map Mia Lecomte, 2011 **The Somali Within** Brioni Simone, 2017-07-05 The recent histories of Italy and Somalia are closely linked Italy colonized Somalia from the end of the 19th century to 1941 and held the territory by UN mandate from 1950 to 1960 Italy is also among the destination countries of the Somali diaspora which increased in 1991 after civil war Nonetheless this colonial and postcolonial cultural encounter has often been neglected Critically evaluating Gilles Deleuze and F x Guattari s concept of minor literature as well as drawing on postcolonial literary studies The Somali Within analyses the processes of linguistic and cultural translation and self translation the political engagement with race gender class and religious discrimination and the complex strategies of belonging and unbelonging at work in the literary works in Italian by authors of Somali origins Brioni proposes that the minor Somali Italian connection might offer a major insight into the transnational dimension of contemporary Italian literature and Somali culture **In Verse 2007** Brunella Antomarini, Berenice Cocciolillo, 2008-05-30 This anthology is the outcome of a project that began as a reading of Italian poets at John Cabot University in Rome in 2005 Editors invited poets to read their texts in Italian while the audience reads the Italian translations This volume collects all the poems read during the two evenings of InVerse 2007 *Italy and the Mediterranean* N. Bouchard, V. Ferme, 2013-09-04 The Mediterranean has always loomed large in the history and culture of Italy and since the 1980s this relationship has been represented in ever more varied forms as both national and regional identities have evolved within a globalized context This interdisciplinary volume puts Italian artists writers musicians and filmmakers and intellectuals philosophers sociologists and political scientists in conversation with each other to explore Italy s Mediterranean identity while questioning the boundaries between Self and Other and between native and foreign bodies By moving beyond nation centric models of cultural and ethnic homogeneity based on myths of progress and rationality these wide ranging contributions fashion new ways of belonging that transcend the cultural economic religious and social categories that have characterized post Cold War Italy and Europe **Italian Literature since 1900 in English Translation 1929-2016** Robin Healey, 2019-03-07 Providing the most complete record possible of texts by Italian writers active after 1900 this annotated bibliography covers over 4 800 distinct editions of writings by some 1 700 Italian authors Many entries are accompanied by useful notes that provide information on the authors works translators and the reception of the translations This book includes the works of Pirandello Calvino Eco and more recently Andrea Camilleri and Valerio Manfredi Together with Robin Healey s Italian Literature before 1900 in English Translation also published by University of Toronto Press in 2011 this volume makes comprehensive information on translations from Italian accessible for schools libraries and those interested in comparative literature **Interrupted Narratives and Intersectional Representations in Italian Postcolonial Literature** Caterina Romeo, 2023-01-17 This book argues for the importance of adopting a postcolonial perspective in analysing contemporary Italian culture and literature Originally published in Italian in 2018 as

Riscrivere la nazione La letteratura italiana postcoloniale this new English translation brings to light the connections between the present the colonial past and the great historical waves of international and intranational migration By doing so the book shows how a sense of Italian national identity emerged at least in part as the result of different migrations and why there is such a strong resistance in Italy to extending the privilege of italianit or Italianness to those who have arrived on Italian soil in recent years Exploring over 100 texts written by migrant and second generation writers the book takes an intersectional approach to understanding gender and race in Italian identity It connects these literary and cultural contexts to the Italian colonial past while also looking outwards to a more diffuse postcolonial condition in Europe
