A Passion For Democracy Benjamin Constant:

A Passion for Democracy Tzvetan Todorov, 2007 The French Revolution rang the death knell not only for a form of society but also for a way of feeling and of living and it is still not clear as yet what did we gain from the changes Benjamin Constant was one of the first to draw up this dark diagnosis We no longer know how to love neither to believe nor to want As a result Heaven no longer offers hope the earth dignity the heart refuge But is it enough to deplore it Constant does not think so and having become the first French thinker of democracy he undertakes to seek remedies to the problem a political framework that guarantees the dignity of the individual without dissolving the social bond a religion stripped of its oppressive forms a love finding the place which is due to values higher than all the thrones of the earth *Democracy Tamed* Gianna Englert, 2024 Liberal democracies are under constant threat in the twenty first century and there is growing scepticism about whether liberalism and democracy can continue to survive together In *Democracy Tamed* Gianna Englert argues that the dilemmas facing liberal democracy are not unique to our present moment but have existed since the birth of liberal political thought in nineteenth century France Combining political theory and intellectual history *Democracy Tamed* tells the story of how the earliest liberals deployed their new democracy to combat universal suffrage But it also reveals how later liberals would appropriate their predecessors antidemocratic arguments to safeguard liberal democracies as we have come to know them **The Cambridge Companion to Constant** Helena Rosenblatt, 2009-04-20 Benjamin Constant is widely regarded as a founding father of modern liberalism This book presents a collection of interpretive essays on the major aspects of his life and work by a panel of international scholars *The Cambridge History of Modern European Thought* Warren Breckman, Peter Eli Gordon, 2019 In these well nigh encyclopedic volumes Warren Breckman and Peter E Gordon engage in a daunting feat They offer compact and informative introductions to essays on very many crucial dimensions of thought in the nineteenth and twentieth centuries And they furnish along with their own substantive chapters contributions from an array of prominent scholars of intellectual and cultural history all of whom demonstrate impressive expertise in their varied areas of inquiry The result is an important work of both scholarly and general interest Back cover **Against Constitutionalism** Martin Loughlin, 2022-05-17 Tracing constitutional thought from the Enlightenment to the present Martin Loughlin shows how a tool for the protection of self government has become a means for subverting popular will Across the globe constitutions now displace democratic decision making as courts interpret values in the law that ultimately trump legislative action **Encyclopedia of World Writers, 1800 to the Present** Marie Diamond, 2020-07-01 In recent years schools have started introducing more inclusive syllabi emphasizing the works and ideas of previously overlooked or underrepresented writers Readers of all ages can now explore the rich contributions of writers from around the world These writers have various backgrounds and unlike most writers from the U S or the United Kingdom information on them in English can be difficult to find *Encyclopedia of World Writers 1800 to the Present* covers the most important writers outside

of the U S Britain and Ireland since 1800 More than 330 insightful A to Z entries profile novelists poets dramatists and short story writers whose works are anthologized in textbooks or assigned in high school English classes Entries range in length from 200 to 1 000 words each and include a biographical sketch synopses of major works and a brief bibliography Dozens of entries are new to this edition and many existing entries have been updated and significantly expanded with new Critical Analysis sections Coverage includes Chinua Achebe Margaret Atwood Roberto Bola o Albert Camus Khalid Hosseini Victor Hugo Mohammad Iqbal Franz Kafka Stieg Larsson Mario Vargas Llosa Naghib Mahfouz Gabriel Garc a M rquez Kenzaburo Oe Marcel Proust Leo Tolstoy Emile Zola and more *Tzvetan Todorov* Henk de Berg, Karine Zbinden, 2020 The first ever

comprehensive examination of Tzvetan Todorov s cultural theory and his place in European thought **Russian Intelligence Services** Vladimir Plougin, 2000 Moscow University Professor Ploughin delves into the roots of Russian statehood and pieces history together through tales of espionage **Geopolitics of Chaos** Ignacio Ramonet, 1998 Director of Le Monde Diplomatique the author presents an original discriminating and lucid political matrix for understanding what he calls the OC current disorder of the worldOCO in terms of Internationalization Cyberculture and Political Chaos

Encyclopedia of the Romantic Era, 1760-1850 Christopher John Murray, 2013-05-13 In 850 analytical articles this two volume set explores the developments that influenced the profound changes in thought and sensibility during the second half of the eighteenth century and the first half of the nineteenth century The Encyclopedia provides readers with a clear detailed and accurate reference source on the literature thought music and art of the period demonstrating the rich interplay of international influences and cross currents at work and to explore the many issues raised by the very concepts of Romantic and Romanticism
