Breaking Into Wall Street Guide:

The Warren Fox Group's Guide to Investment Banking Gerald Ross, 2025-02-14 The Warren Fox Group's Guide to Investment Banking is a step by step instruction manual for young professionals to leverage as they begin their careers on Wall Street The goal of this book is to provide an exact blue print on best practices from breaking into the industry to executing client mandates and closing deals This book is unique as it is not an academic text written about the underpinnings of valuation theory Rather it is a practitioner's guide written by Investment Bankers for Investment Bankers The text pinpoints the daily procedures that one should expect throughout the lifecycle of an Investment Banker Finishing this book gives the reader a better perspective on how Investment Bankers see the world how they conduct interviews how they prioritize their day how they win client mandates how they manage capital markets processes how they pitch investors how they close deals and how they get paid About the book Gerald Ross is a trusted contributor to The Warren Fox Group The Warren Fox Group is a consortium of Investment Banking professionals that have created a media and education platform dedicated to breaking down the barriers of Wall Street The Warren Fox Group posits that the financial community is built wholly on trust but for some reason Wall Street is shrouded in mystery The vast majority of people have no formal financial education and know very little of what actually goes on in our nation's financial institutions The finance community is highly selective prestigious and far from inclusive which only adds to the general public's suspicion of Wall Street The mission is to educate the next generation of Wall Street professionals through our various forms of media and to inspire a passion for helping clients achieve their goals in the capital markets *The Best Book On Getting An IBanking Internship* Erin Parker, 2012-03-13 WANT TO LAND AN INTERNSHIP AT JP MORGAN Our internship expert Erin has fought for her spot at top bulge bracket banks and boutique firms She knows how stressful it can be to face case study questions at interviews and she wants to help you stand out from the thousands of other applicants to earn your position at JP Morgan Erin guides you step by step from interview preparation to conquering the 90 hour work week You're a business major with dreams of a fast paced high intensity career on Wall Street You know that internships and work experience are the key to landing jobs after college and you'll need every possible advantage to outshine other qualified students competing for the same summer internship However many other guides substitute fluff for practical advice and you want to hear the strategies for success from a real intern Erin's tips will give you an unfair advantage over your toughest competitors as you network at info sessions nail your interview questions and rise to the top of your internship class WHAT YOU'LL GET FROM OUR INSIDER'S GUIDE An interview handbook with 200 advanced interview practice questions and 5 tips to stand out from the competition A comprehensive style guide for writing the 4 types of cover letters and highlighting your deliverables rather than responsibilities on your resume Insider scoop on what bankers look for in successful intern applicants A survival guide for banking life building your own social empire dressing for success conquering fatigue MEET ERIN PARKER Erin is an

economics student at Stanford University She has had three investment banking internships spanning UBS private wealth management FT Partners financial technology coverage and J P Morgan in New York syndicated and leveraged finance She is co president of Blyth Fund a six figure student investing group and is on the board of Stanford Finance Erin is also the Finance Director of Gumball Capital a student run startup whose mission is poverty alleviation

WHAT READERS ARE SAYING I wish that this book had existed when I was applying for positions back in college I was a economics major with almost no real job experience and it must have shown in my interviews I got lucky because UBS was willing to take a chance on me as a summer intern which led me to get where I am now If I could do it again though I would take the much easier route and read this book It would have prepared me for the parts of the job I never imagined

First Year Analyst At Citigroup Applying for my summer internship was a rough experience I was afraid that I would never get the chance to show my skill in investment research to big companies because I would be rejected before I ever made it to the internship stage Fortunately for me this book helped me prepare and build my interview skills to the point where I felt that I had not just a fair shot at the job but an unfair advantage over the other candidates

It s a must read Current Intern At Goldman Sachs
