SHIVA IN CONVERSATION WITH SHAKTHI V. RAVI, 2015-03-01 Kali Yuga is often described as age of darkness because kali refers to the last and worst of the four Yugas or ages Kali has got many interpretations depending upon the context Some of the commonly understood meanings of Kali are strife discord quarrel contention etc There is a reference to this in detail in r mad Bh gavata IV viii 3 In general it is believed that God realization is difficult in kali yuga due to the predominance of adharma unrighteousness injustice wickedness over dharma virtue morality It is also interesting to note that kali also refers to symbolical expression for the numeric 1 probably referring to numero uno If we seriously investigate why adharma prevails over dharma in the recent times we will find huge imbalance in the three gunas sattvic rajas and tamas Sattva guna means the quality of purity and knowledge The presence of other two gunas is not very prominent in sattva guna as this guna is endowed with the highest purity Rajo guna is the activity of passion Tamo guna is inertia or ignorance These two gunas have higher trace of other gunas Gunas are the inherent qualities of Prakriti Ego and intellect originate from gunas that are present in all the evolutes of Prakriti at once but distributed in unequal proportions in each individual The predominant guna that prevails in an individual is reflected through his thoughts and actions Ka explains gunas in Bhagavad Gita IV 6 9 Sattva rajas and tamas these three qualities born of Prakriti Nature tie down the imperishable soul to the body Of these sattva being immaculate is illuminating and flawless it binds through identification with joy and wisdom The quality of rajas is in the nature of passion as born of avariciousness and attachment It binds the soul through attachment to actions and their fruits Tamas the deluder of all those who look upon the body as their own self are born of ignorance It binds the soul through error sloth and sleep Sattva drives one to joy and rajas to action while tamas clouding the wisdom incites one to err as well as sleep and sloth Ka again says Bhagavad Gita XIV 20 Having transcended the aforesaid gunas which have caused the body and freed from birth death old age and all kinds of sorrow this soul attains the supreme bliss This series will make an attempt to explain how to transcend these gunas to experience bliss which is the infantile stage of our spiritual pursuit The entire series will be in the form imaginary conversation between Shiva and Shakti
