Sound in the Age of Mechanical Reproduction David Suisman, Susan Strasser, 2011-10-11 During the twentieth century sound underwent a dramatic transformation as new technologies and social practices challenged conventional aural experience As a result sound functioned as a means to exert social cultural and political power in unprecedented and unexpected ways The fleeting nature of sound has long made it a difficult topic for historical study but innovative scholars have recently begun to analyze the sonic traces of the past using innovative approaches Sound in the Age of Mechanical Reproduction investigates sound as part of the social construction of historical experience and as an element of the sensory relationship people have to the world showing how hearing and listening can inform people s feelings ideas decisions and actions The essays in Sound in the Age of Mechanical Reproduction uncover the varying dimensions of sound in twentieth century history Together they connect a host of disparate concerns from issues of gender and technology to contests over

intellectual property and government regulation Topics covered range from debates over listening practices and good citizenship in the 1930s to Tokyo Rose and Axis radio propaganda during World War II to CB radio culture on the freeways of Los Angeles in the 1970s These and other studies reveal the contingent nature of aural experience and demonstrate how a better grasp of the culture of sound can enhance our understanding of the past *The country* ,1877 *Light & Shadow Books 1-4* Moira Katson, Friendship and loyalty secrets and intrigue prophecy and illusion I was four hours old when I was cast out by my mother I was cursed she said Kinder to let me die in the snow and the wind than let me live only to be betrayed I was twelve when the Duke found me and turned me into a Shadow bodyguard spy and assassin I was fourteen when he brought me to court He wanted his niece on the throne by any means possible I was to be her weapon wielded as she and the Duke saw fit But she wants more She s playing her own game And the court holds its own secrets A war centuries in the making is ready to erupt and we are in a race against time to keep it from consuming whole empires If we survive Based on the intrigue and shifting loyalties of the War of the Roses and the Tudor dynasty that followed Light Shadow exists in a world that never was a world of magic and prophecy **The Best of Star Wars Insider Volume 1** Jonathan Wilkins,2016-03-02 The making of the Star Wars saga as told by the cast and crew Features content previously published in the official Star Wars Insider Each volume brings together a collection of the best of the official Star Wars Insider magazine content celebrating the complete Star Wars experience from movies to books videogames to comic books and more Featuring rare cast and crew interviews and exclusive behind the scenes pictures this is an essential read for Star Wars fans of all ages

Crimes of Hate Phyllis B. Gerstenfeld,Diana R. Grant,2004 Crimes of Hate Selected Readings is the first comprehensive reader to offer an up to date multidisciplinary examination of hate crimes Editors Phyllis B Gerstenfeld and Diana R Grant include articles from a variety of disciplines including criminal justice criminology sociology psychology and political science With introductions discussion questions and resource lists this unique anthology combines the most current research on hate crimes with accessible articles from scholarly and legal journals in a single easily understood format Developed as a companion to Gerstenfeld s Hate Crimes Causes Controls and Controversies this innovative reader will provoke thought and discussion in undergraduate and graduate students in criminology criminal justice and sociology courses *The Rural New-Yorker* ,1926 *Big Four Successful Poultry Journal* ,1910
