

Authority: Become an Expert, Build a Following, and Gain Financial Independence

Book Synopsis

The idea that authors can't make money is bull****. And no, you don't have to be famous or have a huge online following. In less than a year I've made over \$150,000 from self-published books. Plenty of my friends have made far more, all writing on topics so small and targeted a traditional publisher wouldn't consider it. Many of them started—just like me—without an audience. After hearing enough of these stories I can tell you they aren't a fluke. With a good topic and the right marketing tactics you can make a living from teaching as well.
