Greever,D. A. Horton,Justin McLendon,2025-06-01 Edited by Joshua M Greever D A Horton and Justin McLendon Let Justice Flow Like Water addresses the strained relationship between social justice the gospel and the mission of the church In response to the misuse of Scripture to promote personal ends the volume reorients the conversation around justice and centers it in the biblical text and its theological implications The authors provide practical wisdom and points of application to pastors ministry leaders and students The authors examine the most frequently cited texts on biblical justice through a coherent biblical and systematic theological method The result is a glimpse into God s heart for justice and his desire for humanity especially the church to share this heart The volume s theology is supplemented by practical guidance to pastors so that they can lead their churches to embrace the gospel and social justice properly understood Let Justice Flow Like Water serves as an irenic reminder to

pastors students and educated lay people to return to the biblical text to understand it more accurately and to reengage and understand one another in a winsome fashion for the sake of the gospel the mission of the church and the glory of God

**Encyclopedia of Christian Education** George Thomas Kurian, Mark A. Lamport, 2015-05-07 Christianity regards teaching as one of the most foundational and critically sustaining ministries of the Church. As a result, Christian education remains one of the largest and oldest continuously functioning educational systems in the world, comprising both formal day schools and higher education institutions as well as informal church study groups and parachurch ministries in more than 140 countries. In *The Encyclopedia of Christian Education*, contributors explore the many facets of Christian education in terms of its impact on curriculum, literacy, teacher training, outcomes, and professional standards. This encyclopedia is the first reference work devoted exclusively to chronicling the unique history of Christian education across the globe, illustrating how Christian educators pioneered such educational institutions and reforms as universal literacy, home schooling, Sunday schools, women's education, graded schools, compulsory education of the deaf and blind, and kindergarten. With an editorial advisory board of more than 30 distinguished scholars and five consulting editors, *The Encyclopedia of Christian Education* contains more than 1,200 entries by 400 contributors from 75 countries. These volumes cover a vast range of topics from Christian education history, spanning from the church's founding through the Middle Ages to the modern day, to denominational and institutional profiles, intellectual traditions in Christian education, biblical and theological frameworks, curricula, missions, adolescent and higher education, theological training, and Christian pedagogy. Biographies of distinguished Christian educators. This work is ideal for scholars of both the history of Christianity and education as well as researchers and students of contemporary Christianity and modern religious education.

**Let There Be Light!** Robert S. Dutch, 2017-06-16 Have you ever wondered what it is like to work on a nuclear power plant? Robert Dutch worked in the UK's nuclear industry for many years as a scientist and then as a tutor at a nuclear training center. He also holds degrees in theology. Drawing upon his qualifications and experience, Robert addresses the controversial issue of nuclear power from a Christian perspective. In contrast to a negative nuclear narrative often portrayed, he presents a positive nuclear narrative alongside other ways of generating electricity. Be prepared to be challenged to think seriously about nuclear's merits in providing clean, low-carbon electricity.

**Christianity Contested** Paul Copan, Stewart Kelly, 2024-12-30 Although Christianity has significantly influenced many of Western civilization's cherished ideals and values, it faces ongoing criticism regarding its truth, goodness, and beauty. Critics argue that Christianity is at odds with science, human flourishing, and the dignity of women; that it is disconnected from modern views on sexuality; and that its Scriptures support slavery and genocide. They also claim that the historical evidence for Jesus' bodily resurrection is weak and his claims of exclusivity are narrow-minded. Additionally, the problem of evil and the hiddenness of God are major points of contention. In response, a group of scholars has provided a comprehensive, well-reasoned yet accessible resource to address these accusations for both the church and the broader public.
