Before Forgiveness The Origins Of A Moral Idea:

Before Forgiveness Professor of Classics at New York University and Emeritus Professor of Classics at Brown University David Konstan, 2014-05-14 In this book David Konstan argues that the modern concept of interpersonal forgiveness in the full sense of the term did not exist in ancient Greece and Rome Even more startlingly it is not fully present in the Hebrew Bible nor again in the New Testament or in the early Jewish and Christian commentaries on the Holy Scriptures It would still be centuries many centuries before the idea of interpersonal forgiveness with its accompanying ideas of apology remorse and a change of heart on the part of the wrongdoer would emerge For all its vast importance today in religion law politics and psychotherapy interpersonal forgiveness is creation of the 18th and 19th centuries when the Christian concept of divine forgiveness was finally secularized Forgiveness was God's province and it took a revolution in thought to bring it to earth and make it a human trait

After Injury Ashraf H. A. Rushdy, 2018 After Injury explores the practices of forgiveness resentment and apology in three key moments when they were undergoing a dramatic change The three moments are early Christian history for forgiveness the shift from British eighteenth century to Continental nineteenth century philosophers for resentment and the moment in the 1950s postwar world in which British ordinary language philosophers and American sociologists of everyday life theorized what it means to express or perform an apology The debates that arose in those key moments have largely defined our contemporary study of these practices

Remorse Anthony Bash, 2020-10-02 Though the Christian church has a well developed theology of Godward facing remorse about sin it has paid little attention to the interpersonal implications of the remorse that people feel when they wrong one another Since the nineteenth century important work has been done by psychologists anthropologists philosophers ethicists scientists and lawyers that has implications for the way theologians might think about remorse This book draws on the biblical record in its ancient settings as well as on insights from contemporary scholarship to offer a new and distinctively Christian contribution to an understanding of remorse

Critical Practice from Voltaire to Foucault, Eagleton and Beyond John E. O'Brien, 2013-11-15 Using the historical materialist method to unravel the promise and limits of critical practice since the Revolutionary Age John E. O'Brien investigates the problems and prospects of cultural criticism for the 21st century through absorbing studies of the contested perspectives of Voltaire Friedrich Schiller Jean Baudrillard Michel Foucault Terry Eagleton and Hayden White In spite of recurrent crises due to a flawed Western political economy why is there so much critical intellectual activity with so little effect Framing his study with the early work by Max Horkheimer Luc Boltanski and Teresa Ebert O'Brien's investigation of resistance in America and Europe challenges the bourgeois philosophy of history pointing to the urgency of critique as mode of analysis and intervention

Mark Warren Carter, 2020-04-03 The Academy of Parish Clergy 2020 Reference Book of the Year 2020 Association of Catholic Publishers first place award in Scripture 2020 Catholic Press Association third place award for best new religious book series This reading of Mark's Gospel engages this

ancient text from the perspective of contemporary feminist concerns to expose and resist all forms of domination that prevent the full flourishing of all humans and all creation Accordingly it foregrounds the Gospel s constructions of gender in intersectionality with the visions structures practices and personnel of Roman imperial power This reading embraces a rich tradition of feminist scholarship on the Gospel as well as masculinity studies particularly pervasive hegemonic masculinity Its politically engaged discussion of Mark s Gospel provides a resource for clergy students and laity concerned with contemporary constructions of gender power and a world in which all might experience fullness of life

A Larger Hope?, Volume 1 Ilaria L. E. Ramelli, 2019-07-15 In the minds of some universal salvation is a heretical idea that was imported into Christianity from pagan philosophies by Origen c 185 253 4 Ilaria Ramelli argues that this picture is completely mistaken She maintains that Christian theologians were the first people to proclaim that all will be saved and that their reasons for doing so were rooted in their faith in Christ She demonstrates that in fact the idea of the final restoration of all

creation apokatastasis was grounded upon the teachings of the Bible and the church's beliefs about Jesus' total triumph over sin, death and evil through his incarnation, crucifixion, resurrection and ascension. Ramelli traces the Christian roots of Origen's teaching on apokatastasis. She argues that he was drawing on texts from Scripture and from various Christians who preceded him, theologians such as Bardaisan, Irenaeus and Clement. She outlines Origen's often misunderstood theology in some detail and then follows the legacy of his Christian universalism through the centuries that followed. We are treated to explorations of Origenian universal salvation in a host of Christian disciples including Athanasius, Didymus the Blind, the Cappadocian fathers, Evagrius, Maximus the Confessor, John Scotus Eriugena and Julian of Norwich.

The Limits of Forgiveness Maria Mayo, 2021-05-06. Demystifying an unrealistic ideal. Maria Mayo questions the contemporary idealization of unconditional forgiveness in three areas of contemporary life: so-called Victim-Offender Mediation involving cases of criminal injury; the work of the Truth and Reconciliation Commission in post-apartheid South Africa; and the pastoral care of victims of domestic violence. She shows that an emphasis on unilateral and unconditional forgiveness puts disproportionate pressure on the victims of injustice or violence and misconstrues the very biblical passages, especially in Jesus' teaching and actions, on which advocates of unconditional forgiveness rely.

A Cultural History of the Emotions in Antiquity Douglas Cairns, 2020-08-20. This volume provides an overview of some of the salient aspects of emotions and their role in life and thought of the Greco-Roman world from the beginnings of Greek literature and history to the height of the Roman Empire. This is a wide remit dealing with a wide range of sources in two ancient languages and in the full range of contexts that are covered by the format of this series. The volume's chapters survey the emotional worlds of the ancient Greeks and Romans from multiple perspectives: philosophical, scientific, medical, literary, musical, theatrical, religious, domestic, political, art, historical and historical. All chapters consider both Greek and Roman evidence ranging from the Homeric poems to the Roman Imperial period and making extensive use of both elite and non-elite texts and documents including those preserved on stone, papyrus and similar media and in other forms of material culture. The volume is thus fully reflective of the latest research in the emerging discipline of ancient emotion history.
