Vinyl Records and Analog Culture in the Digital Age Paul E. Winters, 2016-07-18 Vinyl Records and Analog Culture in the Digital Age Pressing Matters examines the resurgence of vinyl record technologies in the twenty first century and their place in the history of analog sound and the recording industry It seeks to answer the questions why has this supposedly outmoded format made a comeback in a digital culture into which it might appear to be unwelcome Why in an era of disembodied pleasures afforded to us in this age of cloud computing would listeners seek out this remnant of the late nineteenth century and bring it seemingly back from the grave Why do many listeners believe vinyl with its obvious drawbacks to be a superior format for conveying music to the relatively noiseless CD or digital file This book looks at the ways in which music technologies are both inflected by and inflect human interactions creating discourses practices disciplines and communities

How to Fix a Broken Record Amena Brown, 2017-11-07 Allow God to heal the broken record of your soul so you can step into your calling speak up for what s right and dance your own story of God s grace What does the soundtrack in your head sound like The hurtful words of others and the failures of your past often determine what record you play the most in your mind Those painful repetitions often keep us from speaking up standing up for what s right being loved pursuing our dreams and growing closer to God Spoken word poet Amena Brown s broken records played messages about how she wasn t worthy to be loved But after years of playing those destructive rhythms over and over How to Fix a Broken Record chronicles her journey of healing as she s allowed the music of God s love to play on repeat instead From bad dates to marriage lessons at Waffle House from learning to love her hair to learning to love an unexpected season of life from discovering the power of saying no and the freedom to say yes Amena offers keep it real stories your soul can relate to Along the way you ll discover how to Recognize the negative messages that play on repeat in your mind Replace them with the truth that you are a beloved child of God And find new joy in the beautiful music of your life *Provenance* Sue

Mell, 2022-07-19 A story of hope in ruin With subtle poignancy and humor it offers fresh takes on contemporary conflicts exploring pivotal moments of sorrow longing and renewal in the lives of three deeply textured and indelible characters

Topsail Island Paul Boardman, 2016-02-04 A novel based on the history of Topsail Island NC beginning with the final days of piracy in the era dominated by the infamous Blackbeard The story winds its way through a suspicious search for Blackbeard s treasure in The Dirty Thirties the subsequent use of the island as a US Military Rocket Testing Facility after World War 2 through the tourism boom in the 1990 s the real estate crash of 2008 and culminating in the island s subsequent recovery Wendell Forbes a young real estate developer dreamed only of success when he purchased development property on Topsail Island When the bottom fell out of the market facing bankruptcy he devised an audacious plan to save his subdivision Unfortunately his adversary was desperately awaiting Forbes failure His plan was to acquire both the land and Blackbeard s elusive treasure *Who Owns the Media?* Benjamin M. Compaine, Douglas Gomery, 2000-07-13 This thorough

update to Benjamin Compaine's original 1979 benchmark and 1982 revisit of media ownership tackles the question of media ownership providing a detailed examination of the current state of the media industry. Retaining the wealth of data of the earlier volumes, Compaine and his co-author Douglas Gomery chronicle the myriad changes in the media industry and the factors contributing to these changes. They also examine how the media industry is being reshaped by technological forces in all segments as well as by social and cultural reactions to these forces. This third edition of *Who Owns the Media* has been reorganized and expanded reflecting the evolution of the media industry structure. Looking beyond conventional wisdom and expectations, Compaine and Gomery examine the characteristics of competition in the media marketplace, present alternative positions on the meanings of concentration, and ultimately urge readers to draw their own conclusions on an issue that is neither black nor white. Appropriate for media practitioners and sociologists, historians, and economists studying mass media, this volume can also be used for advanced courses in broadcasting, journalism, mass communication, telecommunications, and media education. As a new benchmark for the current state of media ownership, it is invaluable to anyone needing to understand who controls the media and thus the information and entertainment messages received by media consumers.
