

A technical diagram of an engine control system is overlaid on the top half of the cover. It features a red rectangular box containing four blue circles, representing cylinders. Above this box, a series of curved lines with arrows indicate a flow or sequence. To the left, a small schematic shows a battery and a switch. Below the box, a horizontal line contains several small circles, possibly representing sensors or valves. A red arrow points downwards from the diagram towards the author's name.
