Borderlines The Shiftings Of Gender In British Romanticism:

Borderlines Susan J. Wolfson, 2022 Opening with the revolution era debates of the 1790s *Borderlines* reads Romantic genders across a mobile syntax tuned to such figures as the stylized feminine poetess the aberrant masculine woman male poets deemed feminine or unmanly the campy male effeminate and hapless or strategic cross dressers of both sexes With fresh readings of the works careers and volatile receptions of Mary Wollstonecraft Felicia Hemans M J Jewsbury Lord Byron and John Keats Susan Wolfson shows how senses and sensations of gender shape and get shaped by sign systems that prove arbitrary fluid and susceptible of lively transformation *The Oxford Handbook of British Romanticism* David Duff, 2018-09-26 The Oxford Handbook of British Romanticism offers a comprehensive guide to the literature and thought of the Romantic period and an overview of the latest research on this topic Written by a team of international experts the Handbook analyses all aspects of the Romantic movement pinpointing its different historical phases and analysing the intellectual and political currents which shaped them It gives particular attention to devolutionary trends exploring the English Scottish Welsh and Irish strands in British Romanticism and assessing the impact of the constitutional changes that brought into being the United Kingdom at a time of revolutionary turbulence and international conflict It also gives extensive coverage to the publishing and reception history of Romantic writing highlighting the role of readers reviewers publishers and institutions in shaping Romantic literary culture and transmitting its ideas and values Divided into ten sections each containing four or five chapters the Handbook covers key themes and concepts in Romantic studies as well as less chartered topics such as freedom of speech literature and drugs Romantic oratory and literary uses of dialect All the major male and female Romantic authors are included along with numerous lesser known writers the emphasis throughout being on the diversity of Romantic writing and the complexities and internal divisions of the culture that sustained it The volume strikes a balance between familiarity and novelty to provide an accessible guide to current thinking and a conceptual reorganization of this fast moving field **Real and Imagined Women in British Romanticism** Gaura Shankar Narayan, 2010 Real and Imagined Women in British Romanticism uses feminist ideology and deconstructive criticism to reconstruct the cultural context embedded in Romantic canonical texts To achieve this end the book undertakes a close textual study of these texts and places them in the intellectual context of Mary Wollstonecraft's critique of culture As a result of intellectual contextualizing as well as theoretical applications the Romantic imagination as represented by William Wordsworth and John Keats emerges as the place where gender division and gender certitude break down This book intervenes in the traditional critical debates about the Romantic imagination to show that the Romantic imagination as set forth in these texts registers the vigorous cultural politics of gender and aesthetics that defined the 1790s and continued to exert influence for decades Book Jacket *Women, Epic, and Transition in British Romanticism* Elisa Beshero-Bondar, 2011-05-31 *Women Epic and Transition in British Romanticism* argues that early nineteenth century women poets contributed some of the most daring

work in modernizing the epic genre The book examines several long poems to provide perspective on women poets working with and against men in related efforts contributing together to a Romantic movement of large scale genre revision Women poets challenged longstanding categorical approaches to gender and nation in the epic tradition and they raised politically charged questions about women's importance in moments of historical crisis While Romantic epics did not all engage in radical questioning or undermining of authority this study calls attention to some of the more provocative poems in their approach to gender culture and history This study prioritizes long poems written by and about women during the Romantic era and does so in context with influential epics by male contemporaries The book takes its cue from a dramatic increase in the publication of epics in the early nineteenth century At their most innovative Romantic epics provoked questions about the construction of ideological meaning and historical memory and they centralized women's experiences in entirely new ways to reflect on defeat loss and inevitable transition For the first time the epic became an attractive genre for ambitious women poets The book offers a timely response to recent groundbreaking scholarship on nineteenth century epic by Herbert Tucker and Simon Dentith and should be of interest to Romanticists and scholars of 18th and 19th century literature and history gender and genre and women's studies Published by University of Delaware Press Distributed worldwide by Rutgers

University Press **Handbook of British Romanticism** Ralf Haekel, 2017-09-11 The Handbook of British Romanticism is a state of the art investigation of Romantic literature and theory a field that probably changed more quickly and more fundamentally than any other traditional era in literary studies Since the early 1980s Romantic studies has widened its scope significantly The canon has been expanded hitherto ignored genres have been investigated and new topics of research explored After these profound changes intensified by the general crisis of literary theory since the turn of the millennium traditional concepts such as subjectivity imagination and the creative genius have lost their status as paradigms defining Romanticism The handbook will feature discussions of key concepts such as history class gender science and the use of media as well as a thorough account of the most central literary genres around the turn of the 19th century The focus of the book however will lie on a discussion of key literary texts in the light of the most recent theoretical developments Thus the Handbook of British Romanticism will provide students with an introduction to Romantic literature in general and literary scholars with a discussion of innovative and groundbreaking theoretical developments **British Romanticism and the**

Literature of Human Interest Mai-Lin Cheng, 2017-12-22 British Romanticism and the Literature of Human Interest explores the importance to Romantic literature of a concept of human interest It examines a range of literary experiments to engage readers through subjects and styles that were at once interesting and that in principle were in their interest These experiments put in question relationships between poetry and prose lyric and narrative and literature and popular media The book places literary works by a range of nineteenth century writers including William and Dorothy Wordsworth Thomas De Quincey Samuel Taylor Coleridge Mary and Percy Shelley Lord Byron and Matthew Arnold into dialogue with a variety of non

literary and paraliterary forms ranging from newspapers to footnotes The book investigates the generic structures of Romantic literature and the negotiation of the status of literature in the period in relation to a new media landscape It explores the self theorization of Romantic literature and argues for its value to contemporary literary criticism

Romanticism, Gender, and Violence Nowell Marshall, 2013-07-22 Combining queer theory with theories of affect psychoanalysis and Foucauldian genealogy *Romanticism Gender and Violence* Blake to George Sodini theorizes performative melancholia a condition where regardless of sexual orientation overinvestment in gender norms causes subjects who are unable to embody those norms to experience socially expected normal gender as something unattainable or lost This perceived loss causes an ambivalence within the subject that can lead to self inflicted violence masochism suicide or violence toward others sadism murder Reading a range of Romantic poetry and novels between 1790 1820 but ultimately moving beyond the period to show its contemporary cultural relevance through readings of Eliot's *The Mill on the Floss* Virginia Woolf's *Mrs Dalloway* Andrew Holleran's *Dancer from the Dance* and George Sodini's 2009 murder suicide case this study argues that we need to move beyond focusing on bullying teens and LGBT students and look at our cultural investment in gender normativity itself Doing so allows us to recognize that the relationship between non normative gender performance and violence is not simply a gay problem it is a human problem that can affect people of any sex sexuality age race or ethnicity and one that we can trace back to the Romantic period Bringing late 18th century novels into conversation with both canonical and lesser known Romantic poetry allows us to see that as people whose performance of gender occasionally exceeds the normal we too often internalize these norms and punish ourselves or others for our inability to adhere to them Contrasting paired chapters by male and female authors and including sections on failed romantic coupling melancholic femininities melancholic masculinities failed gender performance and madness and ending with a section titled *After Romanticism* this study works on multiple levels to complicate previous understandings of gender and violence in Romanticism while also offering a model for contemporary issues relating to gender and violence among people who fail to perform gender according to social norms

The Oxford Handbook of William Wordsworth Richard Gravil, Daniel Robinson, 2015-01-22 The Oxford Handbook of William Wordsworth deploys its forty seven original essays to present a stimulating account of Wordsworth's life and achievement and to map new directions in criticism In addition to twenty two essays wholly on Wordsworth's poetry other essays return to the poetry while exploring other dimensions of the life and work of the major Romantic poet The result is a dialogic exploration of many major texts and problems in Wordsworth scholarship This uniquely comprehensive handbook is structured so as to present in turn Wordsworth's life career and networks aspects of the major lyrical and narrative poetry components of *The Recluse* his poetical inheritance and his transformation of poetics the variety of intellectual influences upon his work from classical republican thought to modern science his shaping of modern culture in such fields as gender landscape psychology ethics politics religion and ecology and his 19th and 20th

century reception most importantly by poets but also in modern criticism and scholarship

The Princeton Encyclopedia of Poetry and Poetics Stephen Cushman, Clare Cavanagh, Jahan Ramazani, Paul Rouzer, 2012-08-26 The most important poetry reference for more than four decades now fully updated for the twenty first century Through three editions over more than four decades The Princeton Encyclopedia of Poetry and Poetics has built an unrivaled reputation as the most comprehensive and authoritative reference for students scholars and poets on all aspects of its subject history movements genres prosody rhetorical devices critical terms and more Now this landmark work has been thoroughly revised and updated for the twenty first century Compiled by an entirely new team of editors the fourth edition the first new edition in almost twenty years reflects recent changes in literary and cultural studies providing up to date coverage and giving greater attention to the international aspects of poetry all while preserving the best of the previous volumes At well over a million words and more than 1 000 entries the Encyclopedia has unparalleled breadth and depth Entries range in length from brief paragraphs to major essays of 15 000 words offering a more thorough treatment including expert synthesis and indispensable bibliographies than conventional handbooks or dictionaries This is a book that no reader or writer of poetry will want to be without Thoroughly revised and updated by a new editorial team for twenty first century students scholars and poets More than 250 new entries cover recent terms movements and related topics Broader international coverage includes articles on the poetries of more than 110 nations regions and languages Expanded coverage of poetries of the non Western and developing worlds Updated bibliographies and cross references New easier to use page design Fully indexed for the first time

The Oxford Handbook of British Romantic Prose Robert Morrison, 2024 The Oxford Handbook of British Romantic Prose is a full length essay collection devoted entirely to British Romantic nonfiction prose Organized into eight parts each containing between five and nine chapters arranged alphabetically the Handbook weaves together familiar and unfamiliar texts events and authors and invites readers to draw comparisons reimagine connections and disconnections and confront frequently stark contradictions within British Romantic nonfiction prose but also in its relationship to British Romanticism more generally and to the literary practices and cultural contexts of other periods and countries The Handbook builds on previous scholarship in the field considers emerging trends and evolving methodologies and suggests future areas of study Throughout the emphasis is on lucid expression rather than gnomic declaration and on chapters that offer not a dutiful survey but evaluative assessments that keep an eye on the bigger picture yet also dwell meaningfully on specific paradoxes and the most telling examples Taken as a whole the volume demonstrates the energy originality and diversity at the crux of British Romantic nonfiction prose It vigorously challenges the traditional construction of the British Romantic movement as focused too exclusively on the accomplishments of its poets and it reveals the many ways in which scholars of the period are steadily broadening out and opening up delineations of British Romanticism in order to encompass and thoroughly evaluate the achievements of its nonfiction prose writers

Getting the books **Borderlines The Shiftings Of Gender In British Romanticism** now is not type of challenging means. You could not abandoned going next ebook buildup or library or borrowing from your friends to log on them. This is an enormously simple means to specifically acquire guide by on-line.
