Ancient Postmodern Christianity Ancient Postmodern Christianity:

Ancient & Postmodern Christianity Kenneth Tanner, Christopher A. Hall, 2002-05-22 Built on the writings of the early church fathers these essays created in honor of Thomas C Oden span theological perspectives that emphasize what various Christian traditions hold in common Edited by Kenneth Tanner and Christopher A Hall

Gregory of Nyssa, Ancient and (Post)modern Morwenna Ludlow, 2007-09-21 The fourth century Christian thinker Gregory of Nyssa has been the subject of a huge variety of interpretations over the past fifty years from historians theologians philosophers and others In this highly original study Morwenna Ludlow analyses these recent readings of Gregory of Nyssa and asks What do they reveal about modern and postmodern interpretations of the Christian past What do they say about the nature of Gregory's writing Working thematically through studies of recent Trinitarian theology Christology spirituality feminism and postmodern hermeneutics Ludlow develops an approach to reading the Church Fathers which combines the benefits of traditional scholarship on the early Church with reception history and theology

Ancient-Future Faith Robert E. Webber, 1999-11 In a world marked by relativism individualism pluralism and the transition from a modern to a postmodern worldview evangelical Christians must find ways to re-present the historic faith In his provocative new work *Ancient Future Faith* Robert E Webber contends that present day evangelicalism is a product of modernity Allegiance to modernity he argues must be relinquished to free evangelicals to become more consistently historic Empowerment to function in our changing culture will be found by adapting the classical tradition to our postmodern time Webber demonstrates the implications in the key areas of church worship spirituality evangelism nurture and mission Webber writes The fundamental concern of *Ancient Future Faith* is to find points of contact between classical Christianity and postmodern thought Classical Christianity was shaped in a pagan and relativistic society much like our own Classical Christianity was not an accommodation to paganism but an alternative practice of life Christians in a postmodern world will succeed not by watering down the faith but by being a counter cultural community that invites people to be shaped by the story of Israel and Jesus A substantial appendix explores the development of authority in the early church an important issue for evangelicals in a society that shares many features with the Roman world of early Christians Students professors pastors and laypeople concerned with the church's effective response to a postmodern world will benefit from this paradigmatic volume Informative tables and extensive bibliographies enhance the book's educational value Amazon

The Limits of Ancient Christianity Robert Austin Markus, 1999 Sixteen essays explore the end of ancient Christianity

Christian Belief in a Postmodern World Diogenes Allen, 1989-01-01 This book provides a philosophical argument for the reasonableness of Christian faith in today's world Diogenes Allen shows how Christian belief is now being supported by scientific and philosophical principles perhaps for the first time in 300 years

C.S. Lewis and Christian Postmodernism Kyoko Yuasa, 2017-05-25 Employing a postmodernist literary approach Kyoko Yuasa identifies C S Lewis both as an antimodernist and as a Christian postmodernist who tells the story of the Gospel to twentieth and twenty

first century readers Lewis is popularly known as an able Christian apologist talented at explaining Christian beliefs in simple logical terms His fictional works on the other hand feature expressions that erect ambiguous borders between non fiction and fiction an approach similar to those typical in postmodernist literature While postmodernist literature is full of micronarratives that deconstruct the Great Story Lewis s fictional world shows the reverse in his world micronarratives express the Story that transcends human understanding Lewis s approach reflects both his opposition to modernist philosophy which embraces solidified interpretation and his criticism of modernised Christianity Here Yuasa brings to the fore Lewis s focus on the history of interpretation and seeks a new model Youth Ministry in the 21st Century (Youth, Family, and Culture) Chap Clark,2015-08-11 There are many philosophies and strategies that drive today s youth ministry To most people they are variations on a single goal to make faithful disciples of young people However digging deeper into various programs books and concepts reveals substantive differences among approaches Bestselling author Chap Clark is one of the leading voices in youth ministry today In this multiview work he brings together a diverse group of leaders to present major views on youth ministry Chapters are written in essay response fashion by Fernando Arzola Greg Stier Ron Hunter Brian Cosby and Chap Clark As the contributors present their views and respond to each of the other views they discuss their task and calling giving readers the resources they need to develop their own approach to youth ministry Offering a model of critical thinking and respectful dialogue this volume provides a balanced irenic approach to a topic with which every church wrestles **Spiritual Exercises for the Postmodern Christian** Matthew C. Kruger,2018-04-30 This book offers a challenging spirituality for a world filled with uncertainty and emotional struggle Drawing from the work of ancient and contemporary thinkers the author constructs a path to understanding oneself and understanding God in new and profound ways This end is pursued by the use of spiritual exercises mental practices which make changing one s way of life a real possibility Further by engaging directly with nothingness meaninglessness and the sheer lack of certain knowledge possessed by humans an alternative form of spirituality is offered one that prepares the contemporary Christian for all that life will bring **Recruiting the Ancients for the Creation Debate** Andrew J. Brown,2023-10-05 A careful and unbiased analysis of how thinkers from church history interpreted the creation narrative in Genesis How literally are we meant to take the creation week of Genesis 1 In this polarizing debate contemporary interpreters invoke great theologians from history to support their own side whether that be a young Earth theistic evolution or any other view The problem lies in trying to force ancient authors into contemporary boxes as Andrew J Brown shows in this thought provoking volume Covering Philo Basil Augustine Thomas Aquinas Martin Luther John Calvin John Wesley and more Brown carefully interprets great thinkers readings of Genesis 1 in their intellectual contexts He then assesses how these authors have been subject to cherry picking and misappropriation in the trenches of the modern creation debate By studying the intellectual history of the church in this way to revisit rather than recruit the ancients we can enrich our own biblical interpretation Irenic and magisterial Brown s

guide will interest both scholars of historical theology and anyone invested in the creation debate **Towards Baptist Catholicity** Steven R. Harmon, 2006-08-01 Towards Baptist Catholicity Essays on Tradition and the Baptist Vision contends that the reconstruction of the Baptist vision in the wake of modernity's dissolution requires a retrieval of the ancient ecumenical tradition that forms Christian identity through liturgical rehearsal and ecclesial practice Themes explored include catholic identity as an emerging trend in Baptist theology tradition as a theological category in Baptist perspective the relationship between Baptist confessions of faith and the patristic tradition the importance of Trinitarian catholicity for Baptist faith and practice catholicity in biblical interpretation Karl Barth as a paradigm for a Baptist and evangelical retrieval of the patristic theological tradition worship as a principal bearer of tradition and the role of Baptist higher education in shaping the Christian vision This book submits that the proposed movement towards catholicity is neither a betrayal of cherished Baptist principles nor the introduction of alien elements into the Baptist tradition Rather the envisioned retrieval of catholicity in the liturgy theology and catechesis of Baptist churches is rooted in a recovery of the surprisingly catholic ecclesial outlook of the earliest Baptists an outlook that has become obscured by more recent modern reinterpretations of the Baptist vision and that provides Baptist precedent of a more intentional movement towards Baptist catholicity today
