Ralph Adams Cram: Boston bohemia, 1881-1900 Douglass Shand-Tucci, 1995 This biography of Ralph Adams Cram offers a portrait of America's avant garde Boston's little known fin de siècle bohemia in which Cram figured as leader editor art critic poet and designer It discloses the contribution of Boston's gay subculture to its intellectual and cultural history

Ralph Adams Cram - Life and Architecture Douglass Shand-Tucci, 1995 **Impressions of Japanese Architecture** Ralph Adams Cram, 2011-07-05 The best book on Japanese architecture ever produced by a Westerner The American Architect Japanese architecture is undoubtedly less well known and less appreciated than the architecture of any other civilized nation Not only this but it is almost universally misjudged and while the world has by degrees come to know and admire the pictorial and industrial arts of Japan her architecture which is the root and vehicle of all other modes of art is passed over with a casual reference to its fantastic quality or a patronizing tribute to the excellence of some of its carved decoration Written at a time when Japanese art was only beginning to be appreciated in the West Impressions of Japanese Architecture conveys a sense of discovery and enthusiasm that modern readers will find as interesting and infectious as the book's first readers did Long considered a classic this new edition contains a foreword by acclaimed contemporary architect and author Mira Locher Originally published about one hundred years ago Impressions of Japanese Architecture is still of immense value to anyone wishing for a better understanding of Japanese architecture art and culture *Morningside Heights* Andrew Dolcart, 1998 The highly publicized obscenity trial of Radclyffe Hall's *The Well of Loneliness* 1928 is generally recognized as the crystallizing moment in the construction of a visible modern English lesbian culture marking a great divide between innocence and deviance private and public New Woman and Modern Lesbian Yet despite unreserved agreement on the importance of this cultural moment previous studies often reductively distort our reading of the formation of early twentieth century lesbian identity either by neglecting to examine in detail the developments leading up to the ban or by framing events in too broad a context against other cultural phenomena Fashioning Sapphism locates the novelist Radclyffe Hall and other prominent lesbians including the pioneer in women's policing Mary Allen the artist Gluck and the writer Bryher within English modernity through the multiple sites of law sexology fashion and literary and visual representation thus tracing the emergence of a modern English lesbian subculture in the first two decades of the twentieth century Drawing on extensive new archival research the book interrogates anew a range of myths long accepted without question and still in circulation concerning to cite only a few the extent of homophobia in the 1920s the strategic deployment of sexology against sexual minorities and the rigidity of certain cultural codes to denote lesbianism in public culture

Garrison Tales from Tonquin James O'Neill, 2006-10-01 The thought of enlisting in the French Foreign Legion held a tantalizing allure for young nineteenth century American boys in search of adventure Apart from youthful fantasies few Americans seriously pursued joining the legion These surprising and extraordinary short stories written by one young man

who did take us to that time and place Born in Bridgeport Connecticut James O Neill enlisted in the legion in 1887 at the age of twenty seven In 1890 deployed to Tonquin in French Indochina more familiar today as Tonkin Vietnam O Neill faced tropical heat infectious disease and sudden death Like his contemporary Stephen Crane O Neill s ability to tell an engaging story and his keen sense for telling details provide a unique record of his time in this exotic world In these thirteen tales O Neill shows with surprising subtlety that France s efforts to conquer and govern Indochina were foolhardy Although the only American in his stories is the narrator it is clear that the tales are aimed at readers in the United States and are intended to caution against the construction of empires abroad Far from polemical tirades these are absorbing unadorned stories remarkably contemporary in both style and substance Charles Royster provides a short biography of O Neill who seems to have vanished into obscurity a few years after these stories were first published in 1895 Royster has also unearthed and included two essays O Neill published in magazines of the time one a description of a Buddhist temple in Hanoi and the other an appreciation of the Hungarian novelist Maurus J kai Whether read for historical value literary merit or political insights Garrison Tales from Tonquin is a true discovery **New England's Hidden Past** Dan Landrigan, Leslie
