Journal of United Labor Knights of Labor,1893

Andrew Carnegie Joseph Frazier Wall,1970 This masterful biography of a giant of American industry the first full life of Andrew Carnegie in more than a generation triumphantly reveals every aspect of the man s complex personality and fabulous career So varied were Carnegie s activities in industry politics education philanthropy and pacificism that his life encompasses much of the general history of the United States and of Great Britain down to the outbreak of World War I Wall is particularly successful in capturing the excitement of America s dynamic period of business expansion in the generation after the Civil War Carnegie the man remains at the center of the book impulsive haughty

idealistic warm loyal and shrewd and the drama of his life from telegraph boy to millionaire philanthropist is emphasized His Scottish background is thoroughly investigated Wall is concerned throughout with Carnegie s attempts to reconcile his spectacular business success and position in the American plutocracy with the egalitarian and Radical Chartist ideas of his family and youth Carnegie s letterbooks and early business files in the possession of the United States Steel Corporation and until now inaccessible to historians were made available to the author This vital and valuable collection of records is unsurpassed in its revelation of how Carnegie s own corporations operated and also as an actual example of the development of a great American industry Wall also consulted the huge collection of Carnegie material in the Library of Congress and the papers of Carnegie s business secretary Robert Franks Carnegie s daughter Mrs Roswell Miller was kind enough to allow Wall to read the private correspondence between Andrew Carnegie and his wife Louise also not previously available to scholars The epic highly charged relationship between Carnegie and Henry Clay Frick emerges brilliantly and the story of Carnegie s ventures in oil railroad building and financing bridge building telegraphy and iron and steel is clearly and fully presented The book gives place also to a myriad of fascinating figures in America and Europe including William Gladstone Matthew Arnold and Herbert Spencer in England and J P Morgan George Pullman Mark Twain William Jennings Bryan Booker T Washington and Presidents Lincoln McKinley Theodore Roosevelt and Wilson in America It has much to say also about the impact of the Civil War on American industrialism industrial statesmen and robber barons and the influence of Social Darwinism on the business community This rounded honest biography while compassionate does not hesitate to call Carnegie to task for some of his financial dealings his often arbitrary personal relationships and his occasional hypocrisy or to show him at his worst when dealing with the tragic Homestead strike of 1892 But the reader takes from the book a full understanding of why to many Americans Carnegie s death meant the end of an era in American history

Carnegie Peter Krass,2011-09-23 One of the major figures in American history Andrew Carnegie was a ruthless businessman who made his fortune in the steel industry and ultimately gave most of it away He used his wealth to ascend the world s political stage influencing the presidencies of Grover Cleveland William McKinley and Theodore Roosevelt In retirement Carnegie became an avid promoter of world peace only to be crushed emotionally by World War I In this compelling biography Peter Krass reconstructs the complicated life of this titan who came to power in America s Gilded Age He transports the reader to Carnegie s Pittsburgh where hundreds of smoking furnaces belched smoke into the sky and the air was filled with acrid fumes and mill workers worked seven day weeks while Carnegie spent months traveling across Europe Carnegie explores the contradictions in the life of the man who rose from lowly bobbin boy to build the largest and most profitable steel company in the world Krass examines how Carnegie became one of the greatest philanthropists ever known and earned a notorious reputation that history has yet to fully reconcile with his remarkable accomplishments

Autobiography of Andrew Carnegie Andrew Carnegie,2021-09-26 Autobiography of Andrew Carnegie Andrew Carnegie This posthumously published

autobiography of Andrew Carnegie is a very well written and interesting accounts of the life of one of the wealthiest self made men in American history The industrialist and philanthropist lived his life according the following dictum spend the first third of your life getting all the education you can spend the next third making all the money you can and spend the last third giving it all away for worthwhile causes Andrew Carnegie 1835 1919 was a Scottish American philanthropist and industrialist who made his fortune expanding the American steel industry Born in Fife Scotland his family was poor and they emigrated to Pennsylvania in 1848 in hope of finding better fortune there He started working for the railroads at an early age earning his way up before leaving that industry to focus on the steel industry after the Civil War Carnegie was also an author and while he is mostly remembered for his posthumously published autobiography he contributed to many periodicals discussing labour issues and published works such The Gospel of Wealth 1889 and The Empire of Business 1902 Great Minds of Business and Economics Henry Ford,Andrew Carnegie,Walter Bagehot,2020-09-15 Three classic works on the art of succeeding in business life and high finance from three of modern history s most influential thought leaders My Life and Work A legendary inventor and industrialist Henry Ford pioneered the American automotive industry In this combination of memoir and business treatise he describes his early life as a mechanically inclined farmer s son the inner workings of his eponymous motor company and the development of the Model T He also discusses key workplace principles such as compensating workers beyond the prevailing wage and building a diverse workforce The Autobiography of Andrew Carnegie Scottish immigrant Andrew Carnegie worked his way up from bobbin boy to telegraph operator to railroad man learning lessons along the way that would lead to his unparalleled success in the steel industry In this acclaimed memoir he shares his story of living the American dream as well as insights on education business and the need to give back for the common good Lombard Street Written in response to a nineteenth century banking crisis in England Walter Bagehot s influential treatise was one of the first to clearly explain complex financial systems in accessible language As editor in chief of the Economist Bagehot also makes proposals for strengthening the economy such as allowing irresponsible banks to collapse and creating strong central banks to combat inflation His insights are as relevant today as they were when the book was first published in 1873
