Australia S Fossil Heritage Australia S Fossil Heritage:

Australia's Fossil Heritage Australian Heritage Council, 2012 The National Heritage List was created in January 2004 to recognize celebrate and protect places of outstanding heritage value to the nation One aspect of natural heritage that has been little explored is Australia __s wealth of exceptional fossil sites While a small number of fossil sites have risen to public prominence there are many lesser known sites that have important heritage values The Australian Heritage Council engaged palaeontologists from state museums and the Northern Territory Museum and Art Gallery to compile lists of outstanding fossil sites and to document their characteristics and relative importance against a range of categories with a view to further understanding about Australia __s important fossil heritage Sites that were listed for National or World Heritage values were not included in the places for consideration with the focus being on lesser known but still important sites This book is an account of the palaeontologists __ findings Australia __s Fossil Heritage provides a useful reference to the outstanding fossil sites it catalogs and gives a clearer understanding of the heritage values of such sites More generally it contributes to a greater appreciation of Australia __s geological and fossil diversity and enables readers to learn more about Australia __s prehistory *DK Eyewitness Travel Guide: Australia* DK Publishing, 2012-04-02 New expanded edition the world s best full color travel guides just got better This volume in the award winning Eyewitness Travel Guides series show Australia as it has never been shown before With the help of this guide you can explore the sites with 3 D cutaways and get the inside scoop on the best restaurants museums shops markets festivals art and more Great maps and plenty of hotel and restaurant recommendations make sure your visit is fun and hassle free *Australia an Ancient Past* Marcus Knight, 2015-12-04 My Story of Australian history is broken up into to two parts that really overlap with the arrival of man probably at an earlier time than others have The Second part of the book I explain from my research of Old books that I have inherited some the Prehistory of the Aboriginal Tribes their rituals lifestyle and how it was dispossessed away from them by the new Settler along the East Coast of Australia *Intangible Natural Heritage* Eric Dorfman, 2011-08-25 The topic of intangible natural heritage is new recently emerging as an important subject of inquiry It describes the untouchable elements of the environment that combine to create natural objects and help define our relationship to them These elements can be sensory like auditory landscapes or processes like natural selection As a concept intangible natural heritage is growing in prominence as museums are increasingly charged safeguarding and interpreting the milieux from which their objects originate This book is a significant advance on the subject of intangible natural heritage no book on the topic has yet been written and current scholarship is confined to a few isolated papers As such there exists a wide variety of perspectives on the topic Intangible Natural Heritage presents a spectrum of opinion making the first attempt at a unifying concept on which future work can be based Authors from Europe Asia Australasia Britain and North America address topics on scales from minute insects to sweeping landscapes The common thread in these explorations is the importance of human relationships with nature that is

passed down from generation to generation In a world that is becoming increasingly fragile recognizing and fostering these relationships has never been more vital

Desert Channels CSIRO Publishing, 2011-05-05 *Desert Channels* is a book that combines art science and history to explore the impulse to conserve in the distinctive Desert Channels country of south western Queensland The region is the source of Australia's major inland flowing desert rivers Some of Australia's most interesting new conservation initiatives are in this region including partnerships between private landholders non government conservation organisations that buy and manage land including Bush Heritage Australia and the Australian Wildlife Conservancy and community based natural resource management groups such as Desert Channels Queensland Conservation biology in this place has a distinguished scientific history and includes two decades of ecological work by scientific editor Chris Dickman Chris is one of Australia's leading terrestrial ecologists and mammalogists He is an outstanding writer and is passionate about communicating the scientific basis for concern about biodiversity in this region to the broadest possible audience Libby Robin historian and award winning writer has co-ordinated the writings of the 46 contributors whose voices collectively portray the Desert Channels in all its facets The emphasis of the book is on partnerships that conserve landscapes and communities together Short textboxes add local and technical commentary where relevant Art and science combine with history and local knowledge to richly inform the writing and visual understanding of the country Conservation here is portrayed in four dimensions place landscape biodiversity and livelihood These four parts each carry four chapters The 4x4 structure was conceived by acclaimed artist Mandy Martin who has produced suites of artworks over three seasons in this format with commentaries which make the interludes between parts Martin's work offers an aesthetic framework of place which shapes how we see the region *Desert Channels* explores the impulse to protect the varied biodiversity of the region and its Aboriginal pastoral and prehistoric heritage including some of Australia's most important dinosaur sites The work of Alice Duncan Kemp the region's most significant literary figure is highlighted Even the sounds of the landscape are not forgotten the book's webpage has an audio interview by Alaskan radio journalist Richard Nelson talking to ecologist Steve Morton at Ocean Bore in the Simpson Desert country The twitter of zebra finches accompanies the interview Conservation can be accomplished in various ways and *Desert Channels* combines many distinguished voices The impulse to conserve is shared by local landholders conservation enthusiasts from the community and from national and international organisations Indigenous owners professional biologists artists and historians

Global Geotourism Perspectives Ross. K Dowling, David Newsome, 2010-05-09 An outstanding collection of international case studies that provide insight into and suggest best practice for issues such as conservation risk management education marketing interpretation and technology of actual and developing geotourism sites

IUCN World Heritage Outlook 2014 International Union for the Conservation of Nature and Natural Resources (IUCN), World Heritage Programme, 2014-11-30 Natural World Heritage sites are internationally recognized as having the highest global conservation significance and

include iconic places such as the Serengeti Great Barrier Reef and the Galapagos Islands These renowned sites offer crucial insight into the successes and challenges on the frontlines of conservation but only about half of the natural sites have been regularly monitored through the main monitoring mechanisms of the World Heritage Convention The IUCN World Heritage Outlook monitoring system which consists of Conservation Outlook Assessments complements the Conventions monitoring mechanisms and assesses all World Heritage sites in recognition of their natural Outstanding Universal Value This report describes the methodology for the IUCN World Heritage Outlook reviews the rating system applied and then summarizes the first set of global results We hope the IUCN World Heritage Outlook will serve as a dynamic new tool to assist in celebrating best practice in World Heritage sites and in helping to address the management challenges in some of the most iconic places on Earth

Geotourism David Newsome, 2006-08-11 Geotourism is tourism surrounding geological attractions and destinations This unique text uses a wealth of case studies to discuss the issues involved in the management and care of such attractions covering topics such as sustainability impacts and environmental issues Geotourism Sustainability impacts and management leads the reader logically through the process covering both the theories involved and the practicalities of managing such environmentally precious attractions

Uses of Heritage Laurajane Smith, 2006-11-22 Examining international case studies including USA Asia Australia and New Zealand Laurajane Smith identifies and explores the use of heritage throughout the world Challenging the idea that heritage value is self evident and that things must be preserved because they have an inherent importance Smith forcefully demonstrates that heritage value is not inherent in physical objects or places but rather that these objects and places are used to give tangibility to the values that underpin different communities and to assert and affirm these values A practically grounded accessible examination of heritage as a cultural practice The Uses of Heritage is global in its benefit to students and field professionals alike

Art and Cultural Heritage Barbara T. Hoffman, 2006 Art and Cultural Heritage is appropriately but not solely about national and international law respecting cultural heritage It is a bubbling cauldron of law mixed with ethics philosophy politics and working principles looking at how cultural heritage law policy and practice should be sculpted from the past as the present becomes the future Art and cultural heritage are two pillars on which a society builds its identity its values its sense of community and the individual The authors explore these demanding concerns untangle basic values and look critically at the conflicts and contradictions in existing art and cultural heritage law and policy in its diverse sectors The rich and provocative contributions collectively provide a reasoned discussion of the issues from a multiplicity of views to permit the reader to understand the theoretical and philosophical underpinnings of the cultural heritage debate
