Australian Women Advertising Twentieth Century Ebook:

Australian Women in Advertising in the Twentieth Century J. Dickenson, 2016-04-29 When did Australian women first enter the advertising industry The stereotypical advertising executive might be a pony tailed Ferrari driving young ish man but women have worked in Australian advertising agencies from the first years of the modern industry and today they comprise half of the industry s workforce Australian Women in Advertising in the Twentieth Century rescues these women from their obscurity By employing a broader definition of advertising than usual this study reveals the important role women have played in the development of the Australian advertising industry sheds light on women s struggle to reach the higher echelons of the industry and considers why the popular image of the advertising executive is at such variance from the reality The experiences of these remarkable women across a century of Australian advertising provide valuable information on the role of gender in the development of this ubiquitous industry as well as the encroachment of consumer culture **EBOOK:**

Gender and the Changing Face of Higher Education: A Feminized Future? Carole Leathwood, Barbara Read, 2008-12-16 A notable feature of higher education in many countries over the last few decades has been the dramatic rise in the proportion of female students Women now outnumber men as undergraduate students in the majority of OECD countries fuelling concerns that men are deserting degree level study as women overtake them both numerically and in terms of levels of achievement The assertion is that higher education is becoming increasingly feminized reflecting similar claims in relation to schooling and the labour market At the same time there are persistent concerns about degree standards with allegations of dumbing down This raises questions about whether the higher education system to which more women have gained access is now of less value both intrinsically and in terms of labour market outcomes than previously This ground breaking book examines these issues in relation to higher education in the UK and globally It provides a thorough analysis of debates about feminization asking To what extent do patterns of participation continue to reflect and re construct wider social inequalities of gender social class and ethnicity How far has a numerical increase in women students challenged the cultures curriculum and practices of the university What are the implications for women men and the future of higher education Drawing on international and national data theory and research Gender and the Changing Face of Higher Education provides an accessible but nuanced discussion of the feminization of higher education for postgraduates policy makers and academics working in the field **EBOOK: Understanding Youth in Late Modernity** Alan France, 2007-04-16

Understanding Youth in Late Modernity is a highly readable book which lends itself both as a solid introduction and a reference point to the historical developments and theoretical debates taking place within the discipline of youth studies This book provides a highly accessible text for anybody interested in the subject of youth and its changing role in late modernity I thoroughly recommend it Journal of Contemporary European Studies This illuminating new book embeds our understanding of the youth question within a historical context It shows how the ideas of past political action in conjunction with the diverse

paradigms of social science disciplines have shaped modern conceptions of the youth question This relationship between the political and the academic is then explored through a detailed examination of contemporary debates about youth in areas such as transitions education crime policy and criminology consumption and youth culture From this analysis the book is able to show how the youth question in late modernity is being shaped This important text includes A historical overview of the making of modern youth identifying major changes that took place over three centuries Examples of how political and academic responses construct youth as a social problem An evaluation of the impact of social change in late modernity on our understanding of the youth question and the everyday lives of the young The book concludes by suggesting that in contemporary understandings of the youth question significant differences exist between the political and the academic Major challenges exist if this gap is to be addressed and a new public social science needs to emerge that reconstitutes debates about youth within a form of communicative democracy Understanding Youth in Late Modernity is key reading for students and academics interested in the historical conception of the youth problem its evolution throughout modernity and endeavours to find a solution

Shirley Hazzard: A Writing Life Brigitta Olubas, 2022-11-15 The first biography of Shirley Hazzard the author of *The Transit of Venus* and a writer of shocking wisdom and intellectual thrill *The New Yorker* Shirley Hazzard *A Writing Life* tells the extraordinary story of a great modern novelist Brigitta Olubas Hazzard's authorized biographer has drawn with great subtlety and understanding on her fiction on an extensive archive of letters diaries and notebooks and on the memories of surviving friends and colleagues to create this resonant portrait of an exceptional woman This biography explores the distinctive times of Hazzard's life from her youth and middle age to her widowhood and years of decline and traces the complex and intricate processes of self fashioning that lay beneath Hazzard's formidable beguiling presence Olubas shows us the places of Hazzard's life of which she wrote with characteristic lyricism accompanied by rare photographs from Hazzard's collection and elsewhere Hazzard was the last of a generation of self taught writers devotees of a great literary tradition and her depth of perception and expressive gifts have earned her iconic status Olubas has brought her brilliantly alive enhancing and deepening our understanding of the singular woman who created some of the most enduring fiction of the past sixty years As Dwight Garner wrote in *The New York Times* Hazzard's stories feel timeless because she understands as she writes in one of them We are human beings not rational ones Here in Shirley Hazzard is the story of a remarkable human being

Continuity and Change Patricia M. O'Connor, Fidelma McCorry, 2025-04-15 Bringing together a multidisciplinary team of authors this book relays the untold story of postwar migration between Ireland and Australia Spanning the period 1945-2024 it explores the experiences of migrants from the Republic of Ireland and Northern Ireland and provides insights into the multiple reasons these migrants came to Australia factors which prompted permanency or return and the extent of continuity and change between recent arrivals and their historical predecessors Contemporary flows are examined through the lens of social economic policy and technological changes occurring at the time in Ireland Australia and globally Decades of economic boom and bust in Ireland including the growth and demise of the Celtic Tiger the impact of government investment in education in the Republic and the Troubles in Northern Ireland occurred alongside marked changes in Australia's immigration policy During this time an increased affordability of international travel and communication brought new dynamics to the tyranny of distance that characterised historical flows How contemporary migrants from Ireland navigated these changes in terms of identity and belonging homesickness and transnationalism are the key themes which are explored The role of Ireland's Government in relation to its migrant community in Australia and the impact of COVID 19 are also considered This book not only fills a gap in Ireland's diaspora research but also contributes to migration studies more broadly particularly the experiences of invisible immigrants
