Global Dexterity Andy Molinsky, 2013-03-12 Helps people get ahead in business by teaching them to adapt from one cultural context to the next 15 000 first printing

Global Dexterity Andy Molinsky, 2013-02-19 I wrote this book because I believe that there is a serious gap in what has been written and communicated about cross cultural management and what people actually struggle with on the ground From the Introduction What does it mean to be a global worker and a true citizen of the world today It goes beyond merely acknowledging cultural differences In reality it means you are able to adapt your behavior to conform to new cultural contexts without losing your authentic self in the process Not only is this difficult it s a frightening prospect for most people and something completely outside their comfort zone But managing and communicating with people from other cultures is an essential skill today Most of us collaborate with teams across borders and cultures on a regular basis whether we spend our time in the office or out on the road What s needed now is a critical new skill something author Andy Molinsky calls global dexterity In this book Molinsky offers the tools needed to simultaneously adapt behavior to new cultural contexts while staying authentic and grounded in your own natural style Based on more than a decade of research teaching and consulting with managers and executives around the world this book reveals an approach to adapting while feeling comfortable an essential skill that enables you to switch behaviors and overcome the emotional and psychological challenges of doing so From identifying and overcoming challenges to integrating what you learn into your everyday environment Molinsky provides a guidebook and mentoring to raise your confidence and your profile Practical engaging and refreshing Global Dexterity will help you reach across cultures and succeed in today s global business environment

Reach Andy Molinsky, 2017-01-24 Do you feel comfortable delivering bad news Do you look forward to speaking in public Do you enjoy networking Is it easy for you to speak your mind and be assertive with friends and colleagues If you answered no to any of these questions this book can help What often sets successful people apart is their willingness to do things most of us fear What s more we have the false notion that successful people like to do these things when the truth is that successful people have simply found their own way to do them According to Andy Molinsky an expert on behavior in the business world there are five key challenges underlying our avoidance tendencies authenticity competence resentment likability and morality Does the new behavior you re attempting feel authentic to you Is it the right thing to do Answering these questions will help identify the gap in our behavioral style that we can then bridge by using the three C s Clarity Conviction and Customization Perhaps most interesting Molinsky has discovered that many people who confront what they were avoiding come to realize that they actually enjoy it and can even be good at it Short prescriptive and based not only on the author s groundbreaking research but on his own quest to get out of his comfort zone Reach will help you take the thing you are most afraid of doing and make it a proud part of your personal repertoire

Black Theology--Essays on Global Perspectives Dwight N. Hopkins, 2017-06-15 Since its start in 1966 black liberation theology in the United States has continually engaged international developments with Africa and the entire world But after Nelson Mandela was released from prison in February 1990 there has been an almost twenty year break in books on black theology and international affairs Black Theology Essays on Global Perspectives bridges that post 1990 gap and makes a vital contact with Africa again This book conceptualizes black theology to take on the global reconfigurations and opportunities brought about by the rapidly shrinking earth of fast paced worldwide contacts In other words in the specificity of the genealogy of black theology we need to reforge ties with Africa This claim is based on tradition And in the generality of the larger worldwide intertwining of technologies and economics we need a new type of black theological leadership for the twenty first century This claim is based on today s international challenges The essays in this book draw on tradition and point forward in the midst of today s worldwide challenges and favorable possibilities given the closeness of all nations and the varieties of cultures
